

Notice to Traders 44/20

Imports of Rice under Statutory Instrument No. 2020/1432

Introduction

This notice explains how the rules are applied to this quota and how to apply for a licence. It also advises you of the quota amounts available in the January 2021 quota period for semi milled, wholly milled, husked and broken rice. Details of the quantities available are given in Annex 1 of this notice.

Proof of Trade

You must provide the following documents to prove that you are eligible for a rice quota licence. If you do not have the proof of trade as detailed below, you are not eligible, and you cannot apply for a quota licence.

You must be established and registered for VAT in the UK. You must tell us your current VAT registration number. You can provide your VAT number on your quota licence application or send us a copy of your current VAT certificate. However, if your company is part of a group VAT registration number, we will need to see a copy of your current VAT certificate before the quota deadline.

If this is your first application in the quota year you must provide evidence to prove that you have imported at least 25 tonnes of rice during:

- The 12-month period ending two months before the first application can be submitted for the quota year (1 November 2019 to 31 October 2020); and
- The 12-month period immediately before that (1 November 2018 to 31 October 2019).

Your proofs must accompany your first application in January 2021.

If you use electronic licences, we will need to see a schedule giving details of:

- The licence number(s);
- The date(s) of import;
- The weight of each electronic attribution; and

- The import entry number for each electronic attribution

If you use paper licences, or have imported quantities of rice below one tonne in weight per consignment, you must supply the original import document (C88) form, or a copy certified as a 'true copy' of the original, endorsed by H M Revenue & Customs. We will only accept photocopies of the Customs stamp or scanned versions of these documents on condition that you supply the originals at your earliest opportunity.

To request endorsement of a declaration at the time of entry, you should enter the code 'CAP11' in box 44 of your declaration. You do not need to enter any additional text with this code.

You must fax a copy of the entry and any supporting documents (clearly marked as 'request for endorsement') to the H M Revenue & Customs (HMRC) National Clearance Hub (NCH) on 03000 588 462.

You can also e-mail the HMRC National Clearance Hub at nch@hmrc.gsi.gov.uk.

C88s which were not endorsed at the time of import must be sent for endorsement to:

H M Revenue & Customs
National Clearance Hub
1st Floor West, Ralli Quays
3 Stanley Street
Salford
M60 9LA

Telephone number: 03000 588 454

Fax number: 03000 588 462

Please advise HMRC that the endorsements are required for GATT purposes.

You should only ask HMRC to endorse the number of copy entries necessary for the relevant regulation. If you send more copies than is necessary, it may delay the return of your endorsed copy entries.

HMRC agents or representatives cannot apply for import licences under these quota arrangements.

Applications

Before you submit a licence application you must make sure that you are registered with the RPA. If your company is not registered, a company director or an individual legally responsible for the business must apply for a six-digit Trader Registration Number.

You will need to telephone our Rural Payments Helpline on 03000 200 301 and select options 2, 1, 2 and 3 and ask to be registered as a trader. (These options are correct at the time of publication, but they are liable to change without notice).

Our website address is www.gov.uk/government/organisations/rural-payments-agency. However, not all the information is available on the website. If you need assistance with any of the forms detailed below, please contact the Import Licensing Team.

You must submit your licence applications using an AGRIM import licence application form. We advise you to use the latest version of the [application form](#).

The person signing the import licence application must be authorised. To become an authorised signatory, please complete an [il3 form](#). To avoid any delay in issuing licences, we recommend that the signatory is authorised before sending us your licence application.

You can submit your licence application by either post or email. If you intend to submit your application by e-mail, please ensure that your email address is approved by the RPA. Please complete an [il3 form](#) to register e-mail addresses for approval. We recommend that your email address is approved before you send your application to trader@rpa.gov.uk as this will also avoid unnecessary delays.

Your quota application must be received during the first 7 days of January 2021. It is your responsibility to ensure that your application, all additional documentation and the security are correct at the time of submission and they are received by the RPA before 17:00 on the 7 January 2021.

Note: We will reject any applications where the security and/or proof of trade is received after 17:00 (UK time) on Thursday 7 January 2021.

Any unused quota will be carried forward to the next application period in February.

Your application must not exceed the quantity available in each sub-period for the country of origin of product in which you are applying.

You must not lodge more than one import quota licence application for the same order number in a sub-period, unless it is accompanied by an export licence or certificate.

Note: If you lodge more than one application for the same order number, all your applications will be rejected.

Security

You must lodge security with each licence application. The following amounts must be provided:

- £40 per tonne for applications under CN codes 1006 30;

- £30 per tonne for applications under CN codes 1006 20;
- £5 per tonne for applications under CN codes 1006 4000.

You can find further information on how to lodge your security by searching for [Licence securities for the import/export of agricultural products' on GOV.UK](#)

Completing a licence application

As part of the rice import tariff quota, licence applications must include at least the following entries:

- Box 20 of your application must contain the correct import tariff quota order number.
- Depending on the quota you are applying for, box 24 must contain an entry. You can find details of the required entry in the relevant quota section at Annex 1 of this notice.

Applications for rice and broken rice originating in Thailand and for rice originating in Australia or the United States (Annex 1.1 and 1.3 of this notice) must be accompanied by the original export licence or certificate. The licence or certificate must have been completed and issued by the competent body in each of these countries.

Completion of sections 7, 8 and 9 of the Thai export licence is optional.

If you are not sure of the Combined Nomenclature (CN) code for your product (box 16) you should contact HMRC by sending an email containing as much information about the product as possible to classification.enquiries@hmrc.gsi.gov.uk. They will be able to provide you with the correct code and description.

Issuing Licences

As soon as the application period has closed, we will collate details of all valid quota applications we received and calculate the reduction coefficient applicable to each order number. Details of these reduction coefficients will be published on the gov.uk website

Your licence will have a 5% upward tolerance. However, the reduction in duty will only be valid for the quantities shown in sections 17 and 18 of your licence.

Import licences will be valid from 1 February until the end of the 2021 quota period (31 December 2021). Where an electronic licence is issued an email can be sent to inform you of its issue. To receive this email notification, you must have already completed the appropriate sections of the [il3 form](#). All licences will be issued electronically.

Using Licences

When making your import entry to HMRC, you must state whether your rice is in packages of:

- 5 kg or less; or
- Over 5 kg.

Authority

You can find details of the arrangements in Statutory Instrument 2020 No 1432. You can obtain copies from Stationery Office bookshops and accredited agents, or order from the [Stationery Office](#) website.

You can also access Statutory Instruments electronically by visiting the UK's [Legislation website](#). We are not responsible for the accuracy or completeness of the Europa website. Whilst every care has been taken in producing this guidance, the Statutory Instrument as published is definitive.
