Open General Export Licence

Export for Exhibition: Military Goods

This licence is no longer available for registration but remains available for users who registered before 05 December 2019

December 2020

EXPORTLICENCE

Open General Export Licence (Export for Exhibition: Military Goods) dated 31 December 2020 granted by the Secretary of State.

The Secretary of State, in exercise of powers conferred by Articles 26 of the Export Control Order 2008¹ ("the Order"), hereby grants the following Open General Export Licence:

Licence

1. Subject to the following provisions of this Licence, goods specified in Part A of Schedule 1 hereto other than any goods specified in Part B thereof may be exported from the United Kingdom to a destination in any country except a destination in a country specified in Schedule 2 to this Licence providing they are being exported for the purpose of exhibition, and are to be returned to the United Kingdom.

Exclusions

2. This Licence does not authorise the export of goods:
- (1) if the exporter has been informed by the Secretary of State that they are or may be intended, in their entirety or in part, to be used in connection with the development, production, handling, operation, maintenance, storage, detection, identification or dissemination of chemical, biological or nuclear weapons, or other nuclear explosive devices or the development, production, maintenance or storage of missiles capable of delivering such weapons;
 - (2) if the exporter is aware that the goods are intended, in their entirety or in part, to be used in connection with one of the activities referred to in sub-paragraph (1);
 - (3) if the exporter has grounds for suspecting that the goods are or may be intended, in their entirety or in part, for any uses referred to in sub-paragraph (1), unless the exporter has made all reasonable enquiries as to their proposed use and is satisfied that

¹ S.I. 2008/3231, as amended

the goods will not be so used;

- (4) Which in relation to export from
 - (a) England, Wales and Scotland, fall within Council Regulation (EC) No 258/2012 of 14 March 2012 implementing Article 10 of the UN Firearms Protocol (EUR 2012/258, as amended).
 - (b) Northern Ireland, fall within the scope of Council Regulation (EC) No 258/2012 of 14 March 2012 implementing Article 10 of the UN Firearms Protocol (EUR 2012/258, as amended) and Council Directive 91/477/EEC on the control of the acquisition and possession of weapons (OJ No. L 256, 13.9.1991, p. 51-58, as amended) as those instruments have effect by virtue of the Protocol on Ireland/Northern Ireland in the EU withdrawal agreement.
- (5) to a destination within a Customs Free Zone;
- (6) where the exporter has, at the time of export, been served with a notice which suspends or revokes their ability to use this Licence pursuant to article 32(1) of the Order, unless the period of suspension or revocation has expired.

Conditions and Requirements

3. The authorisation in paragraph 1 above is subject to the following conditions:
 - (1) the exporter must obtain, prior to exporting goods pursuant to this licence, written approval to exhibit the goods, including where appropriate details of “en route support”, at an exhibition in the country of destination for which the export is intended, as follows:
 - (a) for goods relating to MOD equipment and programmes, from either the MOD Contracting Authority, or MOD Sponsor, **or**
 - (b) for defence related Private Venture (PV) goods, from MOD Defence Security (Scientific & Technical/Industrial) (Def Sy (S&T/Ind));
 - (2) on exportation of any goods pursuant to this Licence, the exporter shall produce to an officer of UK Border Force, if so requested, documentary evidence of the written approval to exhibit, and where appropriate details of “en route support”;
 - (3) any such records shall be maintained for at least **four years** after the date of the relevant export or transfer or provision and

the exporter, transferor or provider shall permit the records to be inspected and copied by any person authorised by the Secretary of State;

- (4) except in the case of an export of technology by telephone, fax or other electronic media, official and commercial export documentation accompanying the goods shall include a note stating either:

- (a) “the goods are being exported under the OGEL (Export for Exhibition: Military Goods)”; or
- (b) the SPIRE reference (in the form ‘SPIRE reference GBOGE 20??/?????’) of the exporter’s registration in respect of this Licence

which shall be presented to an officer of UK Border Force if so requested; and

- (5) prior to audit, the Department for International Trade (DIT) will issue a pre-visit questionnaire (PVQ). This must be completed in, full, and returned by the date given.
- (6) An exporter who exports items under the authority of this Licence must, before the first occasion he/she makes use of the licence, provide details to the Secretary of State of his/her name and the address where copies of the records referred to in article 29 of the Order may be inspected.
- (7) where the exporter has received a warning letter sent on behalf of the Secretary of State which identifies failure to comply with this Licence or a provision of applicable export control legislation, the exporter shall take such steps as are identified in that warning letter (within the timescale stated) in order to restore compliance with the Licence. Without prejudice to article 34 of the Order, failure to comply with this condition may result in this Licence being revoked or suspended until the exporter can show compliance to the satisfaction of the DIT. The exporter will be notified in writing of any such suspension or revocation and the initial period of such suspension or revocation. Where at the end of this initial period, the exporter has not shown compliance to DIT’s satisfaction, the period of suspension or revocation may be extended. The exporter will be notified of such an extension in writing.

- (8) the Secretary of State has the power to vary or withdraw export licences at any time. If you do not use this licence within any 24-month period for an export allowed by this licence, your entitlement to use it will **automatically run out** at the end of that 24-month period and your registration details will be removed from SPIRE. However, you can register for this licence again if you want to use it after your registration has ended.
- (9) you **must** update the '**Open licensing returns**' within SPIRE, for **all** exports or trade carried out within each calendar year. You **must** update the returns by the last day of the following January at the latest (for example, you would need to update the January to December returns by the end of the following January) and include all the information required. You do **not** have to report on technology transfers.
- (10) for goods, software and technology classified CONFIDENTIAL, for material classified by the UK prior to 2nd April 2014 or internationally security classified CONFIDENTIAL-equivalent material, or SECRET or above, you will need a current written approval for a **Security Transportation Plan**. A Security Transportation Plan approval can be obtained from MOD Defence Equipment and Support (DE&S) Principal Security Advisor.

Prohibitions not affected by this Licence

4. Nothing in this Licence shall affect any prohibition or restriction on the exportation or carrying out of any other act with respect of the exportation of any goods concerned under, or by virtue of, any enactment other than a prohibition or restriction in the legislation under which this licence was issued, as set out in the licence itself.

Interpretation

5. For the purpose of this Licence:

- (1) “cluster munitions” means conventional munitions designed to disperse or release “explosive submunitions”;
- (2) “explosive submunitions” means conventional munitions, weighing less than 20 kilograms each, which in order to perform their task are dispersed or released by another conventional munition and are designed to function by detonation of an explosive charge prior to, on or after impact;
- (3) “explosive bomblets” means conventional munitions, weighing less than 20 kilograms each, which are not self-propelled and which, in order to perform their task, are specially designed to be dispersed or released by a dispenser affixed to an aircraft, and are designed to function by detonating an explosive charge prior to, on or after impact;
- (4) sub paragraphs (1) and (2) above do not include the following conventional munitions:
 - (a) a munition or submunition designed to disperse flares, smoke, pyrotechnics or chaff; or a munition designed exclusively for an air defence role;
 - (b) a munition or submunition designed to produce electrical or electronic effects;
 - (c) a munition that has all of the following characteristics:
 - (i) each munition contains fewer than ten “explosive submunitions”;
 - (ii) each “explosive submunition” weighs more than four kilograms;
 - (iii) each “explosive submunition” is designed to detect and engage a single target object;
 - (iv) each “explosive submunition” is equipped with an electronic “self-destruction mechanism”;
 - (v) each “explosive submunition” is equipped with an electronic “self-deactivating feature”.

- (5) a "Customs Free Zone" is a part of the territory of a country where any goods introduced are generally regarded, in so far as import duties and taxes are concerned, as being outside the Customs territory of that country, and are not subject to the Customs controls that would otherwise apply;
- (6) "entry" includes part of an entry;
- (7) "exhibition" shall not include demonstration or evaluation;
- (8) "en route support" shall include details of countries where support may be provided and the nature of the support being proposed for example, refuelling;
- (9) unless the context otherwise requires, any other expression used in this Licence shall have the meaning it bears in the Export Control Act² or in the Order.

Entry into force

6. This Licence shall come into force at 23:00 on 31 December 2020.
7. The Open General Export Licence (Export For Exhibition: Military Goods) dated 04 August 2020 is hereby revoked.

An Official of the Department for International Trade, authorised to act on behalf of the Secretary of State

² 2002 c.28

EXPLANATORY NOTE

(This Note is not part of the Licence)

- 1 This Open General Export Licence has been revised to take into account changes in legislation following the end of the transition period.
- 2 This Open General Export Licence permits, without further authority but subject to certain conditions, exportation of goods specified in Schedule 1 Part A, excluding goods in Part B of this licence to any destination except a destination in any country specified in Schedule 2 to the Licence, if they are being exported for the purpose of exhibition and return to the United Kingdom.
3. It is a condition of this Licence that goods being exported under the terms of this Licence shall have been the subject of written approval by the MOD Contracting Authority, MOD Sponsor or Def Sy(S&T/Ind) to exhibit the goods in the country of destination. Enquiries should be addressed to:

Fax: 020 7218 9078

4. It is also a requirement of this licence that the exporter shall produce to an officer of UK Border Force, if so requested, documentary evidence of the written approval.
5. The Licence does not extend to the exportation of any goods which
 - i. in relation to export from England, Wales and Scotland, fall within Council Regulation (EC) No 258/2012 of 14 March 2012 implementing Article 10 of the UN Firearms Protocol (EUR 2012/258, as amended).
 - ii. in relation to export from Northern Ireland, fall within the scope of Council Regulation (EC) No 258/2012 of 14 March 2012 implementing Article 10 of the UN Firearms Protocol (EUR 2012/258, as amended) and Council Directive 91/477/EEC on the control of the acquisition and possession of weapons (OJ No. L 256, 13.9.1991, p. 51-58, as amended) as those instruments have effect by virtue of the Protocol on Ireland/Northern Ireland in the EU withdrawal agreement.
6. An exporter who exports goods under the authority of this Licence must before his first exportation under the Licence, inform the Secretary of State of their intention to export goods under this Licence and of the address where copies of the said records may be inspected.

This notification must be made via DIT's digital licensing system, SPIRE, at <https://www.spire.trade.gov.uk/>
7. Persons who registered to use previous versions of this licence do not need to re-register. Registrations are carried over to the current in force version of this licence.
8. The Secretary of State has the power to suspend or revoke licences at any time and in such circumstances and on such terms as they think fit. If an exporter receives written notice to this effect, they will be prevented from relying on this Licence. The power to suspend may be used in addition to

criminal prosecution or as an alternative. Suspension may occur for example where an exporter is being investigated or prosecuted in relation to a possible criminal offence, or has been found guilty of a criminal offence under the export control legislation. It may also be used in situations where an exporter has breached the conditions of the Licence and failed to take corrective action within a reasonable period (see condition 3(7)).

9. Where DIT identifies failures in compliance with licence conditions or the legislation during a compliance visit, DIT may send a warning letter to the exporter listing the improvements that need to be made to ensure compliance. The letter will set out the timeframe within which these improvements must be completed. Failure to complete these improvements may lead to the exporter's ability to use the licence being suspended for a period of time.
10. The exporter may apply for Standard Individual Export Licences during the period of suspension. Suspension will not automatically prevent them from using another OGEL so long as they meet all its terms and conditions and that they have not received a letter suspending or revoking their ability to use that licence.
11. This licence does not extend to any prohibition under legislation other than the Export Control Order 2008: in particular it does not extend to prohibitions in other legislation implementing United Nations Sanctions.
