- The migration process M7040 - M7099
- Awards M7100 - M7299
- Transitional protection M7300 - M7999
General M7001 - M7039

Subpages

• Introduction M7001 - M7039
This Chapter gives guidance on the next phase of the transition from existing benefits to UC, known as managed migration or “Move to UC”. Managed migration started in Harrogate as a pilot on 24 July 2019. The pilot is expected to last for up to 18 months.

Guidance is included on

1. the migration process and
2. termination of existing awards and
3. transitional protection.

Natural migration

Since 29.4.13, the introduction of UC has gradually been expanded in phases to enable people to claim UC. Initially claimants were required to satisfy the gateway conditions in what was known as the Live Service area.

From 26.11.14, further phases introduced UC without the need to satisfy the gateway conditions in the digital service area, formerly known as the Full Service. Starting from 27.1.16, a phased conversion of postcode districts or part-districts (“the designated postcodes”) in the Live Service area began, converting them to digital service areas. Since 12.12.18, all GB postcode districts and part-districts have been converted to digital service areas. In certain circumstances, claims for UC may not be made. Instead, claims for existing benefits may be made. See Chapter M5 (Claims for UC – digital service area) for further details.

Note: See M7064 - M7065 for where restrictions on claiming UC do not apply in managed migration.

Where a UC claimant was entitled to an existing benefit on the date the UC claim was made or treated as made, the move from the existing benefit to UC is known as natural migration. These are claimants who
1. have a change of circumstances which would otherwise have required a claim for another existing benefit to be made or

2. form a couple with an existing UC claimant.

**Effects of transition to UC**

M7013 The effects of transition from an existing benefit to UC through natural migration are set out in Chapter M6 (Effects of transition to UC - Digital service area). Many of the effects set out in Chapter M6 apply to awards of UC made under the managed migration process, for example the transfer of sanctions, and whether the claimant has LCW or LCWRA. Where the effects of transition to UC differ from those set out in Chapter M6, this will be set out in the guidance.

M7014 - M7019

**Managed migration**

M7020 In managed migration cases, claimants entitled to an existing benefit are sent a migration notice requiring them to claim UC by a specified date known as the deadline day (see M7503). The deadline day must be at least three months after the date the notice is issued, and can be extended or the notice cancelled in certain circumstances. See M7063 and M7075 - M7080 for detailed guidance.

M7021 Where a migration notice is issued, and no UC claim is made on or before the deadline day, all awards of existing benefits except HB will terminate on the day before deadline day. There are separate rules for

1. HB awards or

2. people who were a couple and separate or form a different couple when they claim UC or

3. members of a polygamous marriage.

**Note:** See M7100 et seq for detailed guidance on termination of awards of existing benefits.

M7022 Where a migration notice is issued, and a UC claim is made on or before the deadline day, the guidance in Chapter M6 (Effects of transition to UC – Digital service area) about when the existing award ends applies.

M7023 - M7024

**Transitional protection**

M7025 Where a claim under the managed migration process is a qualifying claim, the claimant may be eligible for transitional protection. Transitional protection is

1. a transitional capital disregard for TC claimants only and
2. a transitional element.

**Note:** See M7310 for the meaning of a qualifying claim.

M7026 The transitional capital disregard applies to TC claimants who have more than £16,000 capital at the point of migration. See M7330 et seq for further details.

M7027 The transitional element applies to a qualifying claim where the total entitlement to UC is less than the total entitlement to the existing benefit at the point of migration. See M7400 et seq for further details.

M7028 - M7039
The migration process M7040 - M7099

Subpages

- Introduction M7040 - M7059
- The migration notice M7060 - M7069
- The deadline day M7070 - M7099
Introduction M7040 - M7059

Definitions M7050 - M7059

M7040 The migration process is where claimants who are entitled to awards of an existing benefit are notified that those awards will end, and that they must claim UC on or before the deadline day.

M7041 Before a migration notice is issued, claimants are informed about the migration process to ensure that they are ready to claim UC.

M7042 The formal stage of the migration process begins with the issue of a migration notice. This tells the person that awards of existing benefits will terminate, and that they must claim UC. See M7060 for further details about the migration notice.

M7043 - M7049

Definitions

Meaning of existing benefit

M7050 Existing benefit means

1. JSA(IB)¹
2. ESA(IR)²
3. IS³
4. HB⁴
5. CTC⁵
6. WTC⁶.

¹ UC (TP) Regs, reg 2(1); 2 JS Act 95; 3 WR Act 07, Part 1; 4 SS CB Act 92, s 124; 5 s 130; 6 TC Act 02

Meaning of migration notice

M7051 The migration notice is a notice issued to a person who is entitled to an award of an existing benefit¹.

Note: See M7060 et seq for more detailed guidance about the migration notice.
Meaning of notified person

M7052 A notified person is a person who is entitled to an award of an existing benefit to whom a migration notice is issued\(^1\).

Meaning of deadline day

M7053 The deadline day is the day by which a claim for UC must be made by a person to whom a migration notice is issued\(^1\).

Note: See M7070 for more detailed guidance about the deadline day.

Meaning of final deadline

M7054 The final deadline is the day that would be the last day of the first assessment period for an award of UC which begins on the deadline day\(^1\).
The migration notice M7060 - M7069

Issuing the migration notice M7060 - M7062

Cancelling the migration notice M7063 - M7069

Issuing the migration notice

M7060 The formal managed migration process begins when the Secretary of State issues a migration notice to a person (the notified person) who is entitled to an award of an existing benefit. The notice\(^1\)

1. informs the person that all awards of existing benefit to which they are entitled will terminate \textbf{and}

2. informs the person that they must make a claim for UC \textbf{and}

3. specifies the day by which the UC claim must be made (the deadline day) \textbf{and}

4. may contain such other information as the Secretary of State considers appropriate.

\(^1\) UC (TP) Regs, reg 44(1) & (2)

M7061 The notice may be issued at any time\(^1\). However, no further migration notices can be issued once the number of UC awards made to notified persons reaches 10,000\(^2\).

\(^1\) UC (TP) Regs, reg 44(1); \(^2\) UC (MM Pilot) Regs, reg 2

M7062 Where the person entitled to the existing benefit is, for the purposes of that benefit, a member of a

1. \textbf{couple or}

2. \textbf{polygamous marriage}

a migration notice must be issued to the other member or members with the same deadline day\(^1\). It is important to note that in some legacy benefits, such as IS or ESA(IR), only one member of a couple is the claimant. In polygamous marriages, amounts for partners are included in the claimant's award. However, for UC both members of a couple must claim UC. In polygamous marriages, only the earliest parties to the marriage claim as joint claimants, while later partners claim as single claimants.

\textbf{Note:} See also M7180 - M7183 for further guidance about couples claiming UC as single claimants.

\(^1\) UC (TP) Regs, reg 44(4)
Example

Bakare is in a polygamous marriage with Maryam (his first wife) and Ermina (his second wife). Bakare’s award of ESA(IR) includes a prescribed amount for a couple for himself and Maryam, and a further amount for a single claimant for Ermina. All three members of the marriage are issued with migration notices. Bakare and Maryam must both claim UC as joint claimants, while Ermina must claim as a single claimant.

Cancelling the migration notice

M7063 Where a migration notice has been issued, it may be cancelled¹

1. where it has been issued in error or

2. where the Secretary of State has determined that UC claims may not be made² (see Chapter M5 (Claims for UC – Digital service area) or

3. in any other circumstances where the Secretary of State considers it necessary to do so

   3.1 in the interests of the person or class of person or

   3.2 to safeguard the efficient administration of UC.

Note 1: See M7064 - M7065 where the award of existing benefit includes the SDP.

Note 2: The DM should always consider whether it would be appropriate to extend the deadline day before cancelling a migration notice – see M7075 – M7080.

Example 1

Lloyd is entitled to JSA(IB) and on 12.8.19 is sent a migration notice requiring him to claim UC by 12.11.19. On 18.9.19 the Secretary of State is notified that on 16.9.19 Lloyd was detained in custody and is serving a custodial sentence of three years. The migration notice is cancelled, as Lloyd would not be entitled to UC if he made a claim.

Example 2

Marika is entitled to JSA(IB) and HB. She is sent a migration notice which requires her to claim UC by 13.12.19. She notifies that she started F/T work on 4.11.19. Her earned income exceeds her entitlement to both JSA(IB) and HB, and the awards are terminated. The earned income also means she would not be entitled to UC. The Secretary of State cancels the migration notice, as Marika no longer has an existing award.

M7064 Normally claims for UC may not be made by a single claimant, or joint claimants either of whom¹
1. is, or within the past month has been, entitled to an award of an existing benefit which includes the SDP\textsuperscript{2} and

2. in a case where the award ended during that month, continues to satisfy the SDP\textsuperscript{2} conditions.

**Note:** See ADM Chapter M5 (Claims for UC – Digital service area) for detailed guidance.

\begin{align*}
1 \text{ UC (TP) Regs, reg 4A(1); 2 IS (Gen) Regs, reg 17(1)(d) & Sch 2 para 13; } \vspace{0.5em} \\
JSA \text{ Regs 96, reg 83(1)(e) & Sch 1 para 15 & 20; HB \text{ Regs, reg 22(d) & Sch 3 para 14; } } \vspace{0.5em} \\
ESA \text{ Regs 08, reg 67(1)(b) & Sch 4 para 6}
\end{align*}

M7065 M7064 does not apply when a claim for UC is made by

1. a single claimant who is a notified person or

2. joint claimants both of whom are notified persons\textsuperscript{1}.

\begin{align*}
1 \text{ UC (TP) Regs, reg 4A(2) & 44(6) }
\end{align*}

M7066 - M7069
The deadline day M7070 - M7099

Extension of the deadline day M7075 - M7099

M7070 The deadline day is the day by which a claim for UC must be made by the notified person. It must be more than three months from the day on which the migration notice is issued.

1 UC (TP) Regs, reg 44(1)(b); 2 reg 44(3)

M7071 – M7074

Extension of the deadline day
M7075 The deadline day can be changed to a later day

1. on the Secretary of State’s initiative or

2. if the notified person asks for a change before the deadline day

where there is a good reason to change the day.

1 UC (TP) Regs, reg 45(1)

M7076 There is no limit to the number of times the claimant can ask for the deadline day to be extended, provided that

1. the request is made before the deadline day (including where that day has been changed) and

2. there is good reason to change the deadline day.

Example 1

Graham is entitled to ESA(IR) and HB, and lives alone. He has severe learning difficulties, and has a support worker who helps with official correspondence. Graham is notified on 31.10.19 that his awards of ESA(IR) and HB will end, and that he needs to make a claim for UC by 31.1.20. Graham has no family to help him, and he usually sees his support worker once a fortnight. Graham doesn’t tell his support worker about the migration notice until 24.1.20. The support worker contacts the DWP on the same day to ask for an extension to the deadline day, because Graham will need help from Citizens Advice to make an online claim, and the earliest available appointment is on 14.2.20. The deadline day is changed to 24.2.20.

On 13.2.20 the support worker contacts the DWP to ask for a further extension. Graham’s boiler broke down over the weekend causing extensive damage to the property, and there is no heating or water. Graham has had to be temporarily re-housed while repairs are carried out. He is too upset to attend the
Citizens Advice appointment, which has been re-scheduled for 27.3.20. The deadline day is extended again to 24.5.20.

Example 2

Stuart is entitled to ESA(IR) and HB. He has moderate learning difficulties and anxiety, and is also visually impaired. His support worker has to help him with his post. A migration notice is sent to Stuart which tells him that he must claim UC by 22.11.19. Stuart’s support worker phones on 29.10.19 to say that he is due to move into supported housing within the next few days and he won’t be able to deal with changing benefit until he’s settled in. The deadline day is extended for a month to 22.12.19.

M7077 If there is good reason to change the deadline, the DM should also consider whether it would be more appropriate to cancel the migration notice instead – see M7063.

M7078 Where the deadline is changed as in M7075, the notified person must be informed of the new deadline day.

1 UC (TP) Regs, reg 45(2)

M7079 There is no right to a mandatory reconsideration or an appeal about

1. being issued with a migration notice or

2. the deadline day (as long as it is at least 3 months after the date of issue) or

3. the refusal to

   3.1 extend a deadline or

   3.2 cancel the migration notice.

Good reason

M7080 Examples of where there might be good reason for extending the deadline day are where the notified person has difficulty completing the UC claim because they

1. have a physical or mental health condition

2. have learning difficulties

3. are in or about to go in to hospital as an in-patient

4. have significant caring responsibilities

5. are homeless
6. have a domestic emergency.

M7081 The list is not exhaustive and each case should be considered on its merits. For more examples of good reason, see Chapter K2 (Good reason).

M7082 - M7099
Awards M7100 - M7299

Subpages

- Termination of existing awards M7100 - M7199
- When does the UC award begin M7200 - M7249
- Minimum income floor M7250 - M7279
- Students M7280 - M7299
Termination of existing awards M7100 - M7199

Claim for UC is made on or before the deadline day M7120 - M7124

No claim for UC is made on or before the deadline day M7125 - M7179

Notified persons who claim as a different benefit unit M7180 - M7199

M7100 Where a person is notified that they must claim UC, all awards of existing benefits to which the notified person is entitled will terminate. The date from which they terminate depends on whether the person makes a claim for UC before the deadline day.

M7101 - M7019

Claim for UC is made on or before the deadline day

M7120 [See Memo ADM 15/20] Where the notified person makes a claim for UC, see M6100 – M6123 for detailed guidance about the date on which awards of existing benefit terminate. For all benefits except HB, this is normally the day before the first date of UC entitlement, or the date the claimant would be entitled if they satisfied the UC basic and financial conditions of entitlement. For HB, the award ends on the last day of the period of two weeks beginning on the first day of UC entitlement, unless the HB award is in respect of specified or temporary accommodation. These awards do not terminate solely because of the managed migration process.

1. WR Act 12 Commencement Orders: UC (TP) Regs, reg 8(2) & (4); 2 reg 8(2A)

M7121 See M7180 - M7183 for guidance on termination of existing awards where UC claims are made by notified persons who for existing awards were

1. a couple and claim UC as a single claimant or as members of a different couple or

2. members of a polygamous marriage and claim UC as a couple or single persons.

M7122 - M7124

No claim for UC is made on or before the deadline day

M7125 [See Memo ADM 15/20] If the notified person has not made a claim for UC on or before the deadline day, all awards of any existing benefits to which they are entitled terminate on

1. for HB, the last day of the period of two weeks beginning with the deadline day or

2. for all other benefits, the day before the deadline day1.
Note: But see M7126 where HB is paid for specified or temporary accommodation.

M7126 Where HB is paid for specified or temporary accommodation, the award of HB does not terminate solely because of the managed migration process\(^1\).

M7127 - M7140

M7141 See M7180 et seq for guidance on termination of awards of existing benefits where UC claims are made by notified persons who for the purposes of the existing benefits were

1. a couple and claim UC as a single claimant or as members of a different couple or
2. members of a polygamous marriage and claim UC as a couple or single persons.

M7142 - M7179

**Notified persons who claim as a different benefit unit**

M7180 The guidance about termination of awards of existing benefits at M7181 - M7183 applies to notified persons who were\(^1\)

1. a couple for the purposes of an award of an existing benefit when the migration notice was issued and are
   1.1 single claimants or
   1.2 members of a different couple
   for the purposes of UC or
2. members of a polygamous marriage for the purposes of an award of an existing benefit when the migration notice was issued and are
   2.1 a couple or
   2.2 a single person
   for the purposes of UC.

M7181 [See Memo ADM 15/20] Where a claim for UC is made on or before the deadline day (see M7070) by any of the notified persons in M7180, then all awards of any existing benefit to which any of those
persons is entitled end

1. in the case of HB, on the last day of the period of two weeks beginning with the earliest day on which any of the notified persons is entitled to UC following a claim, or would be entitled if they satisfied the basic and financial conditions of entitlement or

2. in the case of any other existing benefit, on the day before the earliest day of UC entitlement.

Note: But see M7183 where HB is paid for specified or temporary accommodation.

Example

Lesley and Robin are receiving tax credits as a couple who are temporarily separated. Lesley is resident at their normal address. However, Robin is working in another part of the country and will not return for 7 months.

Lesley and Robin each receive a migration notice on 12.8.19 asking them to make a claim for UC by 12.11.19. For the purposes of UC, Lesley and Robin are not a couple and must claim as single claimants. Lesley makes a claim on 14.8.19. Lesley tells Robin that she has done so but this is not until 20.8.19.

When Lesley makes the UC claim the joint award of tax credits ends from the day before the UC claim is made i.e. 13.8.19.

As a result, Robin makes a claim on 22.8.19. However, although this claim is made later the start date of the claim is taken from the day after the joint award of tax credits ended i.e. 14.8.19 because the claim is not made after the final deadline.

M7182 If none of the notified persons in M7180 makes a claim for UC on or before the deadline day, all awards of any existing benefits to which they are entitled end as in M7125

M7183 Where HB is paid for specified or temporary accommodation, the award of HB does not terminate solely because of the managed migration process.

M7184 – M7199
When does the UC award begin M7200 - M7249

Claim for UC made after the deadline day M7200 - M7209

Claims made by notified persons who claim as a different benefit unit M7210 M7229

Qualifying claims M7230 - M7249

Claim for UC made after the deadline day

M7200 Where

1. any awards of existing benefits are terminated as in M7125 and

2. the notified person makes a claim for UC after the deadline day, but on or before the final deadline (see M7054)

If the notified person is entitled to UC, the award begins on the deadline day. This applies whether or not the time for claiming UC is extended.

1 UC (TP) Regs, reg 46(3); 2 reg 15 & UC (C&P) Regs, reg 26

Example

Geena is entitled to JSA(IB) and HB. She is sent a migration notice requiring her to claim UC by 21.11.19. Despite reminders, Geena does not make a claim for UC by 21.11.19. Geena is notified on 26.11.19 that her award of JSA(IB) terminated on 20.11.19, and on 6.12.19 that her award of HB terminated on 4.12.19.

On 20.12.19 Geena claims UC. This is on the final deadline, as it is the last day of the first assessment period for an award beginning on 21.11.19. Geena’s award of UC begins on 21.11.19, even though she did not provide any reason for not claiming before.

M7201 - M7209

Claims made by notified persons who claim as a different benefit unit

M7210 Where

1. awards of existing benefits are terminated as in M7181 and

2. a notified person as in M7180 claims UC

2.1 on or before the deadline day or
2.2 after the deadline day but before the final deadline and

3. there would otherwise be a gap between the termination of the existing benefit and the beginning of the UC award

the UC award begins on the earliest day of UC entitlement\(^1\).

1 UC (TP) Regs, reg 47(2)(a) & (3) and 46(4)

M7211 - M7229

Qualifying claims

M7230 Where a qualifying claim results in a decision to award UC, the award normally begins on the date of claim unless

1. it is a qualifying claim made after the deadline day but before the final deadline\(^1\) (see M7200 and M7210) or

2. the time for claiming is extended\(^2\) (see Chapter A2 (Claims) for detailed guidance) or

3. the exception in M7231 applies.

Note: See M7310 for the meaning of qualifying claim.

1 UC (TP) Regs, reg 46(3) & 47(4); 2 UC, PIP, JSA & ESA (C&P) Regs, reg 26; UC (TP) Regs, reg 15

M7231 Where an award on a qualifying claim does not begin on a date before the date of claim as in M7230 1. or 2., the Secretary of State may determine that the UC award begins on a date that is no more than one month after the date of claim\(^1\).

1 UC (TP) Regs, reg 58

M7232 - M7249
Minimum income floor M7250 - M7279

M7250 [See Memo ADM 15/20] Where UC is awarded to a UC claimant who

1. is a notified person and

2. claims UC on or before the final deadline and

3. is gainfully self-employed\(^1\)

the 12 months start-up period begins on the first day of the assessment period in which it is determined that they are gainfully self-employed\(^2\). The guidance at H4100 1. does not apply. The minimum income floor does not apply during the start-up period\(^3\).

**Note 1:** This applies whether the gainful self-employment began before the UC claim is made, or begins at a later date.

**Note 2:** See Chapter H4 (Earned income – self-employed earnings) for detailed guidance on the minimum income floor and the start-up period.

1 UC Regs, reg 64; 2 UC (TP) Regs, reg 59; UC Regs, reg 63(1); 3 reg 62(5)
Students M7280 - M7299

M7280 Where a notified person is in a course of F/T education\(^1\) on the day on which the existing awards terminate as in M7100 et seq, the condition of entitlement that a UC claimant is not receiving education\(^2\) does not apply as long as they continue to undertake that course\(^3\).

**Note:** See Chapter H6 (Students and student income) for guidance on education including the meaning of a F/T course.

1 UC Regs, reg 12(2) & 13; 2 WR Act 12, s 4(1)(d); 3 UC (TP) Regs, reg 60

Example

Jess is entitled to ESA(IR), as well as the enhanced rate mobility component of PIP. She is studying F/T for a degree, and began her four year course on 17.9.18. For the purposes of ESA(IR), she is treated as having LCW, and the ESA education condition does not apply. On 3.9.19 Jess is sent a migration notice. She claims UC before the deadline day, and although she remains on the degree course, the UC education condition does not apply. Jess completes the course in June 2022. The education condition now applies in the normal way should she wish to undertake any further courses while entitled to UC.
Transitional protection M7300 - M7999

Subpages

- Introduction M7300 - M7309
- Definitions M7310 - M7319
- Deciding a qualifying claim M7320 - M7329
- The transitional capital disregard M7330 - M7399
- The transitional element M7400 - M7529
- When does transitional protection end M7530 - M7559
- Can transitional protection apply to a further award of UC M7560 - M7999
M7300 Transitional protection may apply to a qualifying claim\(^1\) (see M7310) and comprises

1. a transitional capital disregard\(^2\) (see M7330 et seq for detailed guidance) and

2. a transitional element\(^3\) (see M7400 et seq for detailed guidance).

M7301 The transitional capital disregard enables TC claimants with capital over £16,000 to be entitled to UC for up to 12 assessment periods, by disregarding capital over £16,000.

M7302 The transitional element compares entitlement of existing benefits with that of UC based on the circumstances on the day before any UC award begins, and provides for an amount to be included in the UC award where otherwise this would be less than the existing benefit awards.
Meaning of qualifying claim M7310

A qualifying claim is a claim for UC by

1. a single claimant who is a notified person or

2. joint claimants, both of whom are notified persons

where the claim for UC is made on or before the final deadline\(^1\).

**Note:** See M7054 for guidance on the final deadline.

1 UC (TP) Regs, reg 48 & 46(4)

Meaning of migration day

Migration day means the day before the first day of UC entitlement for an award made in respect of a qualifying claim\(^1\).

1 UC (TP) Regs, reg 49
Deciding a qualifying claim M7320 - M7329

M7320 Before making a decision on a qualifying claim, the DM must first determine whether either or both of a

1. transitional capital disregard is to apply or

2. transitional element is to be included

in the calculation of the UC award1.

Note: M7320 2. does not apply where M7180 applies2 (claimants who claim UC as a different benefit unit).

1 UC (TP) Regs, reg 50(1); 2 reg 50(2) & 47

M7321 It is important to establish whether any transitional protection applies before deciding the qualifying claim, because

1. the UC conditions of entitlement might otherwise not be satisfied or

2. the amount of UC to which the claimant might be entitled might be less than any income taken into account.

M7322 - M7329
Introduction M7330

A financial condition of entitlement to UC is that the claimant or joint claimants do not have capital in excess of £16,000. However, no capital limit applies for the purposes of entitlement to a TC. The transitional capital disregard allows capital over £16,000 to be disregarded for a limited period where the conditions in M7331 are satisfied.

Note: See Chapter H1 (Capital) and Chapter H2 (Capital disregards) for detailed guidance on how capital affects UC entitlement.

When does the transitional capital disregard apply M7331 - M7349

M7331 The transitional capital disregard applies to a UC claimant who on migration day is

1. entitled to an award of a TC and
2. has capital which exceeds £16,000.

Note: See M7311 for the meaning of migration day.

When does the transitional capital disregard end M7350 - M7399

M7332 Where a transitional capital disregard applies, any capital exceeding £16,000 is disregarded for the purposes of

1. determining whether the excess capital condition in M7330 is met (see M7333) and
2. calculating the amount of an award of UC (see M7334).

Note: The disregard also applies when calculating the indicative UC amount for the purposes of whether a transitional element is to be included (see M7400 et seq for detailed guidance on the transitional element).
M7333 Where M7332 1. applies, single or joint UC claimants who have more than £16,000 capital will still satisfy the capital limit of £16,000. But see M7350 - M7352 for when the transitional capital disregard ends.

Note: Where notified persons who are a couple for the purposes of entitlement to a TC claim UC as single claimants, the transitional capital disregard can be applied to each UC single claimant.

M7334 Where M7332 2. applies, the normal rules about assumed yield from capital\(^1\) do not apply to the disregarded capital.

1 UC Regs, reg 72(1)

Example

Jared is a lone parent entitled to CTC for his 3 year old daughter. He is not in employment, and has no housing costs. He is not entitled to IS, JSA(IB) or ESA(IR) as he has £20,000 capital. Jared claims UC after being issued with a migration notice. The DM determines that the transitional capital disregard applies so that £4,000 capital is disregarded, and Jared satisfies the capital condition of entitlement. The DM also determines that Jared has monthly income of £174 from the assumed yield of his capital over £6,000 up to and including £16,000.

M7335 - M7349

When does the transitional capital disregard end

M7350 Where

1. a transitional capital disregard has been applied in the calculation of a UC award and

2. the single claimant’s or joint claimants’ capital in any assessment period reduces to £16,000 or less

the transitional capital disregard does not apply to any subsequent assessment periods\(^1\). This remains the case even if the capital increased to more than £16,000 before the end of the period in M7351.

1 UC (TP) Regs, reg 51(3)

M7351 A transitional capital disregard applies for no more than 12 assessment periods\(^1\).

1 UC (TP) Reg 51(4)

M7352 The assessment periods do not need to be consecutive. See M7560 et seq for guidance on when transitional protection applies after a break in UC entitlement.

M7353 After the end of the 12 assessment periods, the normal capital rules apply, so that if capital continues to exceed £16,000, UC entitlement ends.
Note: See Chapter H1 (Capital) for detailed guidance on the calculation of capital including notional capital.

M7354 The transitional capital disregard also ceases to apply where

1. earned income is reduced below a specified level for more than three consecutive assessment periods or

2. joint claimants separate or form a new couple or

3. a single claimant becomes a member of a couple.

Note: See M7530 et seq for detailed guidance.

1 UC (TP) Regs, reg 56; 2 UC Regs, reg 99(6)(a)

M7355 - M7399
The transitional element M7400 - M7529

Introduction M7400 - M7409

Total legacy amount M7410 - M7469

Indicative UC amount M7470 - M7499

Amount of transitional element M7500 - M7519

Decision making and appeals M7520 - M7529

Introduction

[See Memo ADM 01/21]

M7400 The transitional element is calculated by comparing the total amount of all existing benefits to which the claimant or joint claimants are entitled (the total legacy amount) with the total amount of UC to which they would be entitled (the indicative UC amount) based on the same circumstances as the existing award on migration day. Where the total legacy amount is greater than the UC indicative amount, the difference is included in the calculation of the UC award as a transitional element. Where the indicative UC amount exceeds the total legacy amount, no transitional element is included.

Note: See M7410 et seq for detailed guidance on the total legacy amount, and M7470 et seq for detailed guidance on the UC indicative amount.

1 UC (TP) Regs, reg 52(1)

M7401 Where a transitional element is included in the calculation of the UC award, the amount is treated as an additional amount to be included in the maximum amount of UC before the deduction of income. See E2170 for other amounts included in the maximum amount of UC.

1 WR Act 12, s 8(1)(a) & (2); UC (TP) Regs, reg 52(2)

M7402 The transitional element is no longer included in the UC award when

1. earned income is reduced below a specified level for more than three consecutive assessment periods or

2. joint claimants separate or form a new couple or

3. a single claimant becomes a member of a couple.
Note: See M7530 et seq for detailed guidance.

M7403 When calculating amounts as part of the managed migration process, including the total legacy amount and the UC indicative amount, the UC rounding rules in M7404 - M7405 apply\(^1\).

Note: This does not apply to the calculation of sanction reductions\(^2\). See Chapter K9 (Amount of reduction) for guidance on sanction reductions.

M7404 Where the calculation of an amount results in a fraction of a penny, the fraction is

1. disregarded if it is less than half a penny or

2. treated as a penny if otherwise\(^1\).

M7405 Where the calculation of an amount results in a fraction of a pound, the fraction is rounded down to the nearest pound for the following purposes\(^1\):

1. the benefit cap earnings exception\(^2\) - see Chapter E5 (Benefit cap)

2. the earnings threshold for claimants in the no work-related requirements group\(^3\) – see Chapter J2 (Work related groups)

3. earnings where the work search requirement must not be imposed\(^4\) – see Chapter J3 (Work-related requirements).

M7406 - M7409

Total legacy amount

M7410 The total legacy amount is calculated by adding together the representative monthly rates of all awards of existing benefits the claimant is entitled to on the migration day\(^1\). Guidance on how to calculate the representative monthly rate for

1. TCs is at M7415 - M7416 and

2. IS, JSA(IB) and ESA(IR) is at M7430 - M7432 and

3. HB is at M7450 - M7452.
Note: See M7311 for the meaning of migration day.

1 UC (TP) Regs, reg 53(1)

M7411 - M7414

Tax credits

M7415 The representative monthly rate of an award of WTC or CTC is the daily rate (see M7416) of the award on migration day converted to a monthly rate by multiplying by 365 and dividing by 12\(^1\).

1 UC (TP) Regs, reg 53(2)

M7416 The daily rate amount is provided by HMRC, and is calculated under specified legislation on the basis of the information about the claimant's circumstances as held by HMRC on migration day\(^1\).

1 UC (TP) Regs, reg 53(2) & (3); TC Act 02, s 13(1);
TC (Income Thresholds and Determination of Rates) Regs 02

M7417 - M7429

IS, JSA(IB) and ESA(IR)

M7430 The representative monthly rate of an award of IS, JSA(IB) or ESA(IR) is the weekly rate on migration day, calculated on the basis of the information about the claimant’s circumstances as held by DWP on that day, and converted to a monthly figure by multiplying by 52 and dividing by 12\(^1\).

1 UC (TP) Regs, reg 53(4); SS C&B Act 92, Part VII; IS (Gen) Regs; JS Act 95, Part 1;
JSA Regs 96; WR Act 07, Part 1; ESA Regs 08; ESA (TP, HB & CTB)(EA)(No. 2) Regs

M7431 The amounts of JSA(IB) or ESA(IR) are calculated before any reduction for a sanction\(^1\).

1 UC (TP) Regs, reg 53(5)

M7432 Where a claimant is entitled to both JSA(IB) and JSA(Cont), or ESA(IR) and ESA(Cont), then the weekly rate is calculated on the basis of the JSA(IB) or ESA(IR) rules as appropriate\(^1\).

1 UC (TP) Regs, reg 53(6)

M7433 - M7449

HB

M7450 The representative monthly rate of an award of HB is the weekly rate on migration day, calculated on the basis of the information about the claimant’s circumstances as held by DWP on that
day, and converted to a monthly figure by multiplying by 52 and dividing by 12. But see M7451 - M7452 where the claimant has rent free periods.

**Note:** Where HB is in payment for specified or temporary accommodation, and does not terminate as part of the migration process, HB is not included in the total legacy amount.

1 UC (TP) Regs, reg 5(7)(a); SS C&B Act 92, Part VII; HB Regs; 2 UC (TP) Regs, reg 53(10)

M7451 Where the claimant has rent free periods, the representative monthly rate is the weekly rate as in M7450 multiplied by the number of weeks in the year for which the claimant is liable to pay rent divided by 12.

1 HB Regs, reg 81; 2 UC (TP) Regs, reg 53(7)(b)

M7452 Where M7451 applies, if migration day falls in a rent free period, the weekly rate is calculated by reference to the amount of rent for the last complete week which was not a rent free period.

1 UC (TP) Regs, reg 53(8)

M7453 – M7459

**Benefit cap**

M7460 Where

1. the notified person is

   1.1 not entitled to HB or

   1.2 entitled to an award of HB reduced to the minimum amount due to the benefit cap and

2. the benefit cap applies when calculating the indicative UC amount and

3. the claimant’s total entitlement to welfare benefits on migration day is greater than the relevant amount

the total legacy amount is reduced by the excess over the relevant amount, minus the amount of childcare costs included in the calculation of the indicative UC amount at M7470 where appropriate.

**Note:** See Chapter E5 (Benefit cap) for detailed guidance, including the meaning of welfare benefits and the relevant amount.

1 UC (TP) Regs, reg 53(11); HB Regs, Part 8A; 3 UC Regs, Part 7; 4 WR Act 12, s 96(10); 5 UC Regs, reg 80A; 6 UC (TP) Regs, reg 54(2)(b)
For the purposes of M7460 3., the amount of each welfare benefit is the monthly equivalent calculated under the rules which apply to unearned income\(^1\). See Chapter H5 (Uneared income) for guidance on calculating unearned income as a monthly amount.

\[1\text{ UC (TP) Regs, reg 53(12)(a); UC Regs, reg 73}\]

**Indicative UC amount**

M7470 [See ADM Memo 04/20] The indicative UC amount is the amount the claimant would be entitled to if an award of UC had been made

1. on the basis of the claimant's circumstances on migration day and

2. applying the assumptions in M7471 - M7474\(^1\).

**Note:** See also M7475 - M7483 for other factors to consider when calculating the indicative UC amount.

\[1\text{ UC (TP) Regs, reg 54(1) & (2); WR Act 12, s 8}\]

**Assumptions**

M7471 If the claimant is entitled to CTC, they are responsible for any child or qualifying young person for whom the individual element of CT is payable\(^1\).

\[1\text{ UC (TP) Regs, reg 54(2)(a)}\]

M7472 If the claimant is entitled to WTC including the childcare element, the indicative UC amount includes the childcare costs element\(^1\).

\[1\text{ UC (TP) Regs, reg 54(2)(b)}\]

M7473 For the purposes of calculating the amount of the childcare costs element in M7472, it is assumed that the amount of childcare costs is equal to the relevant weekly childcare charges included in the daily rate of TC in M7415, converted to a monthly amount by multiplying by 52 and dividing by 12\(^1\).

\[1\text{ UC (TP) Regs, reg 54(2)(b)}\]

M7474 The amount of the claimant’s earned income is\(^1\)

1. if they are entitled to a TC, the annual amount of any employment or trading income\(^2\) used to calculate the representative monthly rate of the TC in M7415, converted to a monthly amount by dividing by 12 and deducting amounts for income tax and NI contributions as considered appropriate or
2. if 1. does not apply and they are entitled to IS, JSA(IB) or ESA(IR), the amount of any earnings used to calculate the representative monthly rate of those benefits in M7430 - M7432, converted to a monthly amount by multiplying by 52 and dividing by 12 or

3. if 1. or 2. do not apply and they are entitled to HB, the amount of any earnings used to calculate the representative monthly rate of HB in M7450 - M7452, converted to a monthly amount by multiplying by 52 and dividing by 12.

Financial conditions

M7475 If the claimant or joint claimants would not satisfy the income financial condition of entitlement\(^1\) (see Chapter E1 (Introduction and entitlement)), they are treated for the purposes of calculating the indicative UC amount as if they were entitled to an award of a nil amount of UC\(^2\).

\(^1\) WR Act 12, s 5(1)(b) & (2)(b); \(^2\) UC (TP) Regs, reg 54(3)

M7476 Where the transitional capital disregard applies\(^1\) (see M7331) the claimant is treated as satisfying the capital financial condition of entitlement\(^2\) (see Chapter E1 (Introduction and entitlement)).

\(^1\) UC (TP) Regs, reg 51; \(^2\) reg 54(4); WR Act 12, s 5(1)(a) & (2)(a)

Other factors

M7480 The indicative UC amount is calculated after any reduction due to the benefit cap\(^1\). But see M7481 for an exception.

Note: See Chapter E5 (Benefit cap) for detailed guidance.

\(^1\) UC (TP) Regs, reg 54(5); UC Regs, Part 7

M7481 The reduction for the benefit cap does not apply where the claimant’s earned income on the migration day as calculated in M7474 is equal to or more than the benefit cap earnings exception\(^1\).

\(^1\) UC (TP) Regs, reg 54(2)(c) & (6); UC Regs, reg 82(1)(a)

M7482 The indicative UC amount is calculated before any reduction for a sanction\(^1\). But see Chapter M6 (Effect of transition to UC – Digital Service area) for guidance on reduction of UC where the existing benefit is subject to a reduction for a sanction\(^2\).

\(^1\) UC (TP) Regs, reg 54(5); \(^2\) reg 30 & 32
The calculation of the indicative UC amount is based on the information held on the migration day used to calculate the total legacy amount. However, further information and evidence can be requested where necessary\(^1\).

**Note 1:** See Chapter A2 (Claims) for guidance on gathering evidence and information in connection with a claim.

**Note 2:** See also M7520 et seq for guidance on revision or supersession of UC awards where the information held on migration day is found to be incorrect.

M7500 The amount of the transitional element included in the first assessment period of the UC award is the initial amount as in M7502\(^1\). In subsequent assessment periods, the transitional element is reduced by relevant increases\(^2\). See M7502 et seq for further details.

Example 1

Stacey is 19 and migrated from IS and CTC to UC which she receives for herself and her child. As part of her UC award Stacey receives a transitional element of £65 a month. Her UC award is therefore:

- £251.77 standard allowance
- £277.08 child element (1st child born before 6.4.17)
- £65 transitional element

**Total:** £593.85 a month

With the help of her work coach, Stacey finds work and therefore applies for help with childcare costs. Based on her application she is awarded £500 a month. Although she is awarded this new amount for her...
childcare costs this does not erode the £65 transitional element. Her total UC award is therefore:

- £251.77 standard allowance
- £277.08 child element (1st child born before 6.4.17)
- £500 childcare costs amount
- £65 transitional element

**Total:** £1,093.85 a month.

**Example 2**

Following migration from ESA(IR) and CTC, Aaron is entitled to UC including a transitional element for himself and his son. His UC award is therefore:

- £317.82 standard allowance
- £277.08 child element (1st child born before 6.4.17)
- £260.00 transitional element

**Total:** £854.90

Later, Aaron is awarded custody of his daughter and so is awarded the child element for the 2nd child. The transitional element is reduced by the increase in the amount of the child element:

- £317.82 Standard Allowance
- £508.75 child element (1st child born before 6.4.17 and 2nd child)
- £28.33 transitional protection

**Total:** £854.90

**Initial amount**

M7502 The initial amount of the transitional element is

1. if the indicative amount of UC is more than nil, the amount by which the total legacy amount exceeds the indicative UC amount or

2. if the indicative amount of UC is nil, the total legacy amount and any amount by which income exceeds the UC maximum amount.

**Note:** In paragraph 2, the excess income is calculated after applying the earnings taper and work
allowance rules: see Chapter E2 (Awards and maximum amount of UC) for detailed guidance.

1 UC (TP) Regs, reg 55(1); 2 WR Act 12, s 8(3)

M7503 As the transitional element is based on the claimant’s circumstances on migration day, the day before the UC award begins (see M7311), the initial amount is not changed during the first assessment period even if the claimant’s circumstances change during that period\(^1\).

1 UC (TP) Regs, reg 55(2)(a)

Example

Pete is entitled to PIP with the enhanced rate daily living component, ESA(IR) of £194.30 a week (£73.10 + SDP £65.85 + EDP £16.80 + support component £38.55) and HB of £225 a week. His total legacy amount is £841.97 (£194.30 x 52 ÷ 12) + £975 (£225 x 52 ÷ 12) = £1816.97. His indicative UC amount is £1629.02 (£317.82 + £975 HCE + £336.20 LCWRA element). The benefit cap does not apply as he is exempt. The DM determines that Pete is entitled to a transitional element of £187.95 (£1816.97 - £1629.02), and that amount is included in the first assessment period of his UC award.

During that period, Pete’s housing costs increase when he moves house to be nearer family. Pete’s UC award increases from the beginning of the first assessment period to include a higher rate of HCE, but he remains entitled to the initial amount of the transitional element for that period.

M7504 - M7509

Subsequent amounts

M7510 In the second assessment period, the initial amount is reduced by the total of any relevant increases in that period\(^1\).

Note: This does not include any relevant increases in the initial assessment period.

1 UC (TP) Regs, reg 55(2)(b)

M7511 For the third and subsequent assessment periods, the amount of the transitional element is the amount included in the previous assessment reduced by the total of any relevant increases\(^1\).

1 UC (TP) Regs, reg 55(2)(c)

M7512 If the amount of the transitional element is reduced to nil in any assessment period, the transitional element does not apply in the calculation of the UC award for any subsequent period\(^1\).

1 UC (TP) Regs, reg 55(3)

M7513 - M7519
Decision making and appeals

M7520 The calculation of the total legacy amount and UC indicative amount for the purposes of whether a transitional element is included in the UC award is based on the information held on migration day – see M7410 et seq and M7470 et seq.1

M7521 However, a decision made on a claim for or award of UC may be revised or superseded where1

1. in the opinion of the Secretary of State the information held on migration day was inaccurate or incomplete because of

   1.1 misrepresentation by the claimant or

   1.2 a failure by the claimant to report information they were required to report, where the failure to report the information was to the claimant’s advantage or

   1.3 an official error (see M7522) or

2. a decision has been made on or after migration day on

   2.1 an application made before migration day for revision or supersession of a decision on an award of an existing benefit or

   2.2 an appeal in relation to such an application.

1 UC (TP) Regs, reg 62(1)

M7522 In M7521 1.3, official error means1 an error that was

1. made by

   1.1 an officer of or

   1.2 an employee of a body acting on behalf of

   the DWP, HMRC or a local authority which administers HB or

2. not caused by or materially contributed to by any person outside the DWP, HMRC or a local authority, or any body acting on their behalf

but excludes any error of law shown to be such by a subsequent decision of the UT or a court2.

Note: See Chapter A3 (Revision) and A4 (Supersession) for detailed guidance on official error and error of law.

1 UC (TP) Regs, reg 62(2); 2 SS Act 98, s 27(7)
When does transitional protection end M7530 - M7559

Earnings reduce or end M7531 - M7539

Formation or separation of a couple M7540 - M7559

M7530 Any transitional protection, either the transitional capital disregard or the transitional element or both, does not apply in any assessment period where the circumstances relating to earnings or separation or formation of couples in M7531 et seq apply, or in any further assessment periods during that award\(^1\).

\[ 1 \text{ UC (TP) Regs, reg 56(1)} \]

Earnings reduce or end

Meaning of single administrative threshold

M7531 The single administrative threshold is the total of\(^1\)

1. £5 and

2. the applicable amount of the personal allowance of JSA(IB) for a single person aged 25 or over\(^2\)

multiplied by 52 and divided by 12.

\[ 1 \text{ UC (TP) Regs, reg 56(2)(a); UC Regs, reg 99(6)(a); 2 JSA Regs 96, Part 1 Sch 1} \]

Meaning of couple administrative threshold

M7532 The couple administrative threshold is the total of\(^1\)

1. £10 and

2. the applicable amount of the personal allowance of JSA(IB) for a couple both of whom are aged 18 or over\(^2\)

multiplied by 52 and divided by 12.

\[ 1 \text{ UC (TP) Regs, reg 56(2)(b); UC Regs, reg 99(6)(b); 2 JSA Regs 96, Part 1 Sch 1} \]

When transitional protection ends

M7533 Transitional protection ends where\(^1\)
1. in the first assessment period of the award

1.1 the claimant’s earned income was the same as or more than the single administrative threshold or

1.2 the joint claimants’ combined earned income was the same as or more than the couple administrative threshold and

2. it is the assessment period after the third consecutive assessment period in which

2.1 the claimant’s earned income is less than the single administrative threshold or

2.2 the joint claimants’ combined earned income is less than the couple administrative threshold.

**Note:** See M7534 for the calculation of self-employed earnings.

1 UC (TP) Regs, reg 56(2)

M7534 For the purposes of whether a claimant’s earned income or combined earned income is less than the single or couple administrative threshold, the claimant is treated as having earned income that is equal to or more than the appropriate threshold in any assessment period in which the minimum income floor applies, or would apply if the claimant were not in the start-up period.

**Note:** See Chapter H4 (Earned income – self-employed earnings) for detailed guidance on the minimum income floor and the start-up period.

1 UC (TP) Regs, reg 56(3); UC Regs, reg 62

M7535 - M7539

**Formation or separation of a couple**

M7540 Transitional protection ends in any assessment period in which

1. joint claimants separate and become single claimants, or form a different couple as joint claimants or

2. a single claimant becomes a member of a couple (but see M7541 for an exception).

1 UC (TP) Regs, reg 56 (4)

**Example**

Fran is a lone parent with one child. She works P/T, and is entitled to WTC and CTC for herself and her son Dom. She has capital of £28,000. Fran is sent a migration notice and claims UC. The capital disregard applies so that her UC award is calculated on the basis that she has £16,000 capital.
After seven assessment periods, Fran moves in with Tony, who is a UC single claimant. The transitional capital disregard ceases to apply from the first day of the assessment period in which Fran and Tony formed a couple, and they are no longer entitled to UC as their joint capital exceeds the £16,000 limit.

Three months later, Fran and Tony separate. They both claim UC as single claimants. Fran’s capital is still above £16,000, and as the transitional capital disregard no longer applies, she cannot be entitled to UC.

M7541 Transitional protection does not end where a single claimant becomes a member of a couple, but may claim as a single claimant because their partner\(^1\)

1. is aged under 18 and does not satisfy any of the conditions for claiming under that age\(^2\) or

2. does not meet the basic condition of being in GB\(^3\) or

3. is a prisoner or

4. is a member of and is fully maintained by a religious order\(^4\) or

5. is serving a sentence of imprisonment and detained in hospital\(^4\) or

6. is a person subject to immigration control\(^5\).

Note: See Chapter E2 (Benefit unit, awards and maximum amount) for guidance on where a claim as a single claimant may be made by a member of a couple.

1 UC (TP) Regs, reg 56(4); UC Regs, reg 3(3); 2 WR Act 12, s 4(1)(a); UC Regs, reg 8; 3 WR Act 12, s 4(1)(c); 4 UC Regs, reg 19; 5 I & A Act 99, s 115

M7542 - M7559
Can transitional protection apply to a further award of UC M7560 - M7999

M7560 Where

1. a transitional capital disregard applies to, or a transitional element is included in, an award of UC, and that award ends or

2. it is determined that a transitional capital disregard is to apply, or a transitional element is to be included in the calculation of the award of UC (see M7320), but the qualifying claim is disallowed

transitional protection cannot apply to any subsequent award of UC unless the exception in M7561 applies\(^1\).

1 UC (TP) Regs, reg 57(1)

M7561 The exception to M7560 is where\(^1\)

1. the UC award ended or the qualifying claim was disallowed because the claimant or joint claimants did not meet the income financial condition and

2. the claimant is awarded UC again within the period of three months beginning with

2.1 where an award of UC ended, the last day of the month that would have been the final assessment period if the award had not ended or

2.2 where the qualifying claim was disallowed, the day that would have been the last day of the first assessment period had the claimant been entitled to an award of UC.

1 UC (TP) Regs, reg 57(2)

Example

Leon is awarded UC including a transitional element on migration from WTC, and his assessment period ends on the 4th of every month. On 29.11.19 he receives earnings which end entitlement to UC. The award ends on 4.11.19. If Leon’s earnings reduce and he claims and is awarded UC again within four assessment periods of 4.11.19, Leon remains entitled to the transitional element (subject to the normal erosion and termination rules in M7510 – M7512 and M7530 et seq).

M7562 Where an award of UC is made as in M7561 2.1, the new UC award is treated as a continuation of the previous award for the purposes of\(^1\)

1. whether the transitional capital disregard applies, including the period for which it can apply\(^2\) (see M7351) and
2. whether the transitional element is included (see M7400 et seq) and

3. when transitional protection ends (see M7530 – M7541).

The content of the examples in this document (including use of imagery) is for illustrative purposes only.
