Notes

- 1 Rounded to the nearest 10. Components may not sum to totals because of rounding.
- 2 Includes charities but excludes community amateur sports clubs, consistent with previous releases of these statistics.
- 3 From 2007-08 to 2012-13, the figures above are by year of claim. As such, the totals differ from those shown in Tables 1 and 3 as they are based on year of repayment. From 2013-14, the figures above are by year of repayment which brings it in line with the totals reported in other published tables.
- 4 Repayment amounts include payments of transitional relief. Transitional relief was introduced in April 2008 to compensate for the reduction in Gift Aid repayments associated with the drop in income tax. The Income tax rate fell from 22 per cent to 20 per cent on 6 April 2008. The Transitional Relief, through public expenditure, applied to all donations made in the three years between 6 April 2008 and 5 April 2011.
- 5 There may be some differences with these figures compared to the Gift Aid figures in Tables 1 and 3 due to the rounding conventions used.
