## How to complete this form

Provide income estimates with what you expect to earn for the **full current tax year**. It's important that you give estimates as accurately as you can. If your actual income is different from your estimates, this may change how much student finance the student can get.

When giving us your estimates, think about:

- working overtime or extra hours
- receiving maternity or paternity pay
- doing any casual work, shift work or contract work
- pay rises, bonuses or redundancy pay
- changing jobs or returning to work
- having any new income from business or self-employment
- having any new income from taxable state benefits

Go to [www.sfengland.slc.co.uk/currentyearincome](http://www.sfengland.slc.co.uk/currentyearincome) for more information on current year income assessment.

## Do I need to do anything else?

Yes, but not just now. After tax year 2020-21 has ended, we'll contact you and ask you to confirm your actual earnings for that tax year. You'll also need to send evidence of it.

These evidence items will be the same documents that you send to, or receive from, HM Revenue & Customs. For example, a P60, SA200 or Self Assessed Tax Return.

## Future years

If you're awarded a current year income assessment, we'll use your finalised 2020-21 household income to work out how much the student can get if they apply for funding based on household income for their next academic year(s). If your income falls by a further 15% or more, you can apply for another current year income assessment.
