**L4000** A Social Fund Cold Weather Payment (CWP) involves a payment of £25<sup>1</sup> for each cold weather period experienced by qualifying persons, in order to help provide for heating expenses. It is normally paid automatically by the relevant computer system.

1 SFCWP (Gen) Regs 1988, reg 3

## Conditions of Entitlement

**L4001** [[See Memo ADM 03/21](#)] A CWP will be made where

1. a cold weather period (see **L4005**) is recorded or forecasted at an authorised Met Office (see **L4026**) site<sup>1</sup> (see **L4011**) and
2. the claimant's home<sup>2</sup>

**2.1** is situated in a PO postcode district covered by the specified or specified alternative weather site or

**2.2** is treated as situated in a PO postcode district covered by the nearest weather site where no alternative site is specified (see **L4012** et seq) and

**3.** the claimant has been awarded for at least one day during the recorded or forecasted cold weather period

**3.1** SPC<sup>3</sup>

**3.2** IS<sup>4</sup>

**3.3** JSA(IB)<sup>5</sup>

**3.4** ESA(IR)<sup>6</sup>

**3.5** owner-occupier loan payments<sup>7</sup> and is treated as entitled to a benefit specified in **3.1** – **3.4**, or

**3.6** UC<sup>8</sup> and

**4.** For **3.2** to **3.6** either

**4.1** the family includes a child under age five<sup>9</sup> or

**4.2** the IS or JSA(IB) applicable amount includes one of the following premiums - PP, EPP, HPP, DP, SDP, DCP, EDP<sup>10</sup> or

**4.3** they receive CTC which includes a disability element<sup>11</sup> or

**4.4** the ESA(IR) applicable amount includes one of the following premiums - PP, SDP or EDP<sup>12</sup> or

**4.5** they receive ESA(IR) and the claimant is a member of the work-related activity group (see **L4027**) or member of the support group (see **L4026**) or

**4.6** they receive owner-occupier loan payments and

**4.6a** the IS or JSA(IB) applicable amount would include one or more of the following premiums – PP, EPP, HPP, DP, SDP, EDP or

**4.6b** the ESA(IR) applicable amount would include one or more of the following premiums – PP, SDP or EDP.<sup>13</sup>

**4.7** the award of UC includes an amount for a child or qualifying young person who is disabled or

**4.8** the UC claimant has LCW or LCWRA<sup>14</sup>.

**Note:** In relation to **4.8** where the claimant would qualify for the carer element and the LCWRA element, only one of those elements may be included in the award. The element to be included is the LCWRA if the claimant qualifies for it, or if not, the carer element.

**5.** For UC claimants there is a further condition - unless the award includes an amount for a child or qualifying young person who is disabled then a CWP is not payable if the claimant was in employment (see **L4024**) or gainful self-employment (see **L4025**) on

**5.1** any day during a recorded period of cold weather

**5.2** the day of the forecast in relation to a forecasted period of cold weather.<sup>15</sup>

**6.** There shall not be a CWP if the person resides in a care home (see **L4023**), independent hospital (see **L3161**), Abbeyfield Home or the Ilford Park Polish Home, except in the circumstances where **4.1** or **4.3** applies<sup>16</sup>.

**Note:** If the claimant has been awarded Universal Credit and the person is in Ilford Park Polish home then CWP is still payable.<sup>17</sup>

1 SFCWP (Gen) Regs, reg 2(1)(a); 2 reg 2(1)(b); 3 reg 1A(2); 4 reg 1A(2)(a); 5 reg 1A(2)(b); 6 reg 1A(2)(c); 7 reg 1A(2)(d); 8 reg 1A(2)(e); 8 reg 1A(2)(e); 9 reg 1A(3)(a); 10 reg 1A(3)(b), (c); 11 reg 1A(3)(d); 12 reg 1A(3)(e); 13 reg 1A(3)(g); 14 reg 1A(2)(f); 15 reg 1A(6), (7); 16 reg 1A(4); 17 reg 1A(4A)

## **Making a claim**

**L4002** If a CWP has not been paid automatically or clerically by the relevant computer systems, the DM should treat any representations about entitlement as a claim and decide whether there is any entitlement<sup>1</sup>. The claimant has a right of appeal against the DM's decision to the First-tier Tribunal<sup>2</sup>.

1 SS Act 98, s 8(1)(a); 2 s12(1)(a), SS CS (D&A) Regs 26(b)

## **Time limits for claim**

**L4003** A CWP cannot be made more than 26 weeks from and including the last day of the 'winter period' (see **L4004**) in which the relevant period of cold weather falls<sup>1</sup>. This allows time for a claimant to report a change if they feel they may have qualified after receiving their winter fuel bills in association with the winter season for which help with heating expenses is provided.

1 SFCWP (Gen) Regs, reg 2(6)

## **Winter Period**

**L4004** Winter period is defined as 1<sup>st</sup> November to 31<sup>st</sup> March of the following year.<sup>1</sup>

1 SFCWP (Gen) Regs, reg 1(2)

## **Example**

The claimant has been in receipt of IS since September 2010. In April 2020 he applies for a backdated payment of a CWP stating his child was born on 2.1.20 (but he did not notify the Department of the birth at the time). A cold weather period is recorded at the authorised Met office site for the claimant's postcode for the period 10.1.20 to 16.1.20. The DM decides he is entitled to a CWP as the claimant meets the entitlement criteria -there was a cold weather period recorded for the claimant's postcode, he was entitled to IS and had a child in his family younger than 5 - and the claim was made within the time limits.

### Cold Weather Period

**L4005** A cold weather period is a period of seven consecutive days during which the average mean daily temperature is recorded as, or is forecast to be, zero degrees celsius or below<sup>1</sup> by the designated Met Office site (see **L4011**).

1 SFCWP (Gen) Regs, reg 1(2)

**L4006** Any day included in one cold weather period cannot be included in any other cold weather period.

### Overlaps of recorded and forecast periods of cold weather

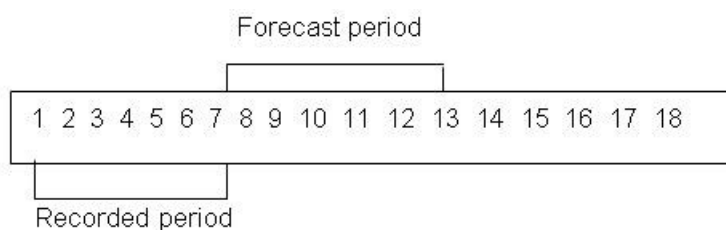

**L4007** When a forecast period shares one or more days with a recorded period, the shared days will form an overlap period<sup>1</sup>.

1 SFCWP (Gen) Regs, reg 1(2)

**L4008** If both a recorded and forecast period of cold weather are linked by an overlap period, the DM should only make payment for the forecast period<sup>1</sup>.

1 SFCWP (Gen) Regs, reg 2(3)

### Example

Eligible period is days 1-13 inclusive. A CWP is made for the period 7-13.

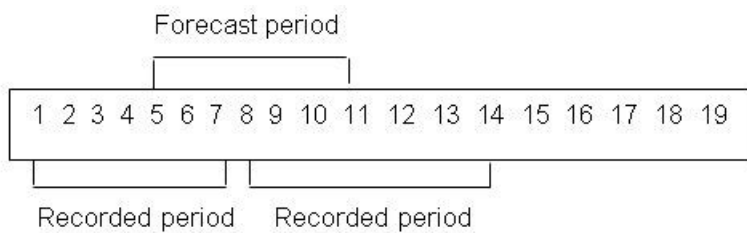

**L4009** Payment may be made for the last recorded period of cold weather<sup>1</sup> if

1. there is a continuous period of recorded and forecast periods **and**
2. each of those periods is linked by an overlap period **and**

3. the total number of recorded periods exceeds the total number of forecast periods.

1 SFCWP (Gen) Regs, reg 2(4)

### Example

1. Eligible period 15 days 1-14 inclusive
2. A CWP is made for the forecast period 5-11
3. A CWP is made for the last recorded period 8-14.

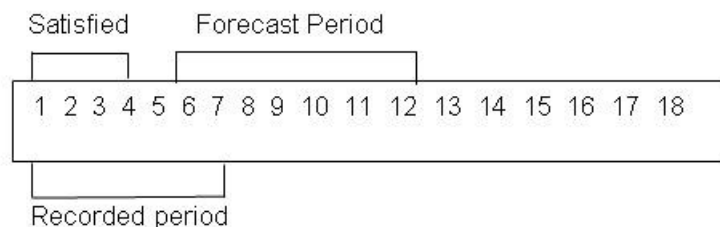

**L4010** A payment can be made for the recorded period where the claimant

1. would have been entitled to a CWP but for the fact that a forecast period takes priority **and**
2. is unable to satisfy the qualifying conditions for at least one day of the forecast period<sup>1</sup>.

1 SFCWP (Gen) Regs, reg 2(5)

### Example

Qualifying Conditions

1. Qualifying conditions satisfied in the recorded period up to day 4
2. Qualifying conditions not satisfied in the forecast period
3. Eligible period is days 1-12
4. A CWP is made for the period 1-7

## The designated Met Office site

**L4011** PO postcode districts<sup>1</sup> are linked to authorized weather sites. PO postcodes have four parts to them

**1.** area example **LS14 1NX**

**2.** district example **LS14 1NX**

**3.** sector example **LS14 1NX**

**4.** group of houses/building example **LS14 1NX**.

A postcode district may also include a letter at the end example **SW1A**.

The DM should ignore the letter at the end of the postcode district when deciding which weather site covers the claimant's home.

**Note:** When a forecast or recorded period of cold weather occurs the Met Office notify SF Problem Management, Live Support, who then notify DOs.

**Note:** From 9.7.20 all designated Met Office recording 'stations' are now referred to as 'sites'.<sup>1</sup>

*1 SFCWP (Gen) Regs, reg. 1(2); reg. 2(1)*

## Primary, Secondary and Alternative Sites

**L4012** Primary site<sup>1</sup> means a site designated by the Secretary of State as a primary site for a postcode district<sup>2</sup>.

**Note:** A list of the primary sites can be found at the end of this [chapter](#).

*1 SFCWP (Gen) Regs, reg 2(7); 2 reg 2A(1)*

**L4013** Secondary site<sup>1</sup> means a site designated by the Secretary of State as a secondary site for a postcode district<sup>2</sup>. A secondary site would be used in circumstances where

- 1.** a primary site was unable to provide temperature information in respect of a particular day **or**
- 2.** the Met Office is unable to produce a forecast in respect of a particular period at a primary site.

*1 SFCWP (Gen) Regs, reg 2(7); 2 reg 2A(2)*

**L4014** Alternative site<sup>1</sup> means a site which

- 1.** in the opinion of the Met Office, is the most geographically and climatologically representative

for the postcode district in which the home of the claimant is situated and

2. is able to provide the temperature information for the relevant recorded or forecasted period of cold weather.

**Note:** An alternative site would be used to determine whether there is a recorded or forecasted period of cold weather in circumstances where

1. the primary and secondary site is unable produce the requisite information **or**
2. the primary site is unable to produce the requisite information and there is no secondary site specified.

1 SFCWP (Gen) Regs, reg 2(7)

**L4015** Where a primary site is unable to provide temperature information in respect of a particular day, the mean daily temperature of that day at

1. the secondary site **or**
2. an alternative site, where
  - 2.1 there is no secondary site designated **or**
  - 2.2 the secondary site is unable to provide temperature information in respect of that day

is to be used to determine whether or not there is a **recorded** period of cold weather at a primary site<sup>1</sup>.

1 SFCWP (Gen) Regs, reg 2(1A)

**L4016** Where the Met Office is unable to produce a forecast in respect of a particular day at a primary site, the forecast in respect of that period produced at

1. the secondary site **or**
2. the alternative site, where
  - 2.1 there is no secondary site designated **or**
  - 2.2 the secondary site is unable to produce a forecast in respect of that period

is to be used to determine whether or not there is a **forecasted** period of cold weather at the primary site<sup>1</sup>.

1 SFCWP (Gen) Regs, reg 2(1B)

**L4017** Where the home of the claimant is not situated within a postcode district for which a primary site is designated, the home is to be treated as if it were situated within a postcode district

**1.** which, in the opinion of the Met Office, is the most geographically and climatologically representative of that postcode district **and**

**2.** for which a primary site is designated<sup>1</sup>.

1 SFCWP (Gen) Regs, reg 2(2)

**Note:** A list of all secondary and alternative sites is located at the end of this [chapter](#).

### **Publication and Review of Sites**

**L4018** A primary site **must** be designated for each postcode district. A secondary site **may** be designated for each postcode district<sup>1</sup>.

1 SFCWP (Gen) Regs, reg 2A(1) and (2)

**L4019** Details of designated primary (and where appropriate, secondary) sites must be published. They are found at the end of this [chapter](#). A CWP Postcode Tool is available at <https://coldweatherpayments.dwp.gov.uk/>

**L4020** Each designation must be reviewed every 12 months, in the period beginning 1<sup>st</sup> November and ending 31<sup>st</sup> October<sup>1</sup>.

1 SFCWP (Gen) Regs, reg 2C(2)

**L4021** If, on review or at any other time, a designation is no longer appropriate, the Secretary of State must

**1.** vary the designation expeditiously **and**

**2.** publish details of the varied designation<sup>1</sup>, in an appropriate manner<sup>2</sup>.

**Note:** When determining whether to vary a designation, regard must be given to any recommendation made by the Met Office<sup>3</sup>.

1 SFCWP (Gen) Regs, reg 2C(3); 2 reg 2C(4); 3 reg 2C(5)

**L4022** For the purposes of a review or a variation<sup>1</sup>, whether a designation is appropriate includes in particular, whether the site designated

1. is geographically and climatologically representative for the relevant postcode district **and**

2. provides accurate temperature information.

1 SFCWP (Gen) Regs, reg 2C(6)
