| Summary/Overview of the amendment to explain/ensure that the reader understands: the rationale for the amendment; the major changes; and, importantly, the full context (including desired outcome) of the amendment.   |
| <b>The Regulated Community is reminded to check this amendment against any applicable AAMC, Waivers or Exemptions to ensure their ongoing validity.</b>   |
| Where PBN activity is undertaken, ADH and AM(MF) are required to issue orders and instructions to govern PBN operations. This RA seeks to be equivalent to the PBN requirements of national legislation. Changes will be required to the Information DLOD to ensure crews have compliant SOPs and, if necessary, checklist and aide-memoire. A 6-month transition period (see corresponding RN) will enable operations to continue where PBN is necessary but not yet compliant with this RA (noting that compliance with RA 1380 remains a requirement), thereafter, operations should either be compliant or cease. |
