WITHDRAWAL AGREEMENT

On 31 January 2020 the UK left the European Union with a deal, known as the Withdrawal Agreement, which established a transition period that ended on 31 December 2020. The Withdrawal Agreement secures, amongst others, the following rights for UK nationals who were living in Germany* before 1 January 2021, as long as they remain living in Germany:

- residency
- right to work or study
- access to healthcare, benefits and education
- lifetime protection of pensions
- right to bring existing close family members to live with them in Germany

In order to secure these rights you should request a new residence document by 30 June 2021. The rights of UK nationals who have moved to Germany from 1 January 2021 onwards are subject to German law and are not covered in this info sheet.

HEALTHCARE

If you were living in Germany* before 1 January 2021, you will continue to have life-long reciprocal healthcare rights, as long as you still live in Germany.

For information on private pensions, please contact your provider.

PENSIONS

If you were living in Germany* before 1 January 2021, your UK State Pension will be exported and continue to be uprated, including if you begin to claim your pension after 1 January 2021. Your past and future contributions to EU, EFTA and UK state pension schemes will be equally protected.

DRIVING

You should exchange your UK driving licence for a German one within six months of moving to Germany. If you were living in Germany* before 1 January 2021, you can use your UK photocard licence to drive in Germany until 30 June 2021, provided that it remains valid in the UK. Your local Bürgeramt can advise you on where to exchange your licence. You will not be required to take a driving test.

DUAL NATIONALITY

The UK has no restrictions on dual nationality. Germany only allows dual nationality in exceptional circumstances. If you have applied for and met all conditions for German nationality before 1 January 2021, you will be able to retain your UK nationality when naturalising as a German. UK nationals who hold dual nationality with another EU member state will not require a new residence document and should use their EU passport when travelling to other EU countries.

*Throughout this info sheet 'living in Germany' refers to UK nationals who have exercised their freedom of movement in Germany before 1 January 2021.

RESIDENCY

All UK nationals who were living in Germany* before 1 January 2021 should report their residence to their local Foreigners Authority (Ausländerbehörde) by 30 June 2021 in order to get a new residence document (Aufenthaltsdokument-GB) confirming their rights under the Withdrawal Agreement. This action is in addition to the general requirement to correctly register their address (Anmeldung) at their local registration office (usually called Einwohnermeldeamt or Bürgerbüro).

TRAVEL AND PASSPORTS

From 1 January 2021 you need 6 months validity on your UK passport for entry to most countries in Europe (not including Ireland). This requirement does not apply if you are within scope of the Withdrawal Agreement and travelling to Germany or within the Schengen Area. Check your passport validity at www.gov.uk/-guidance/passport-rules-for-travel-to-europe. Ensure you also carry your new residence document (Aufenthaltsdokument-GB) when travelling. www.gov.uk/guidance/living-in-germany#Passports-and-travel Please note that some Foreigners Authorities require a minimum passport validity in order to issue your new residence document.

WORKING AND STUDYING

The Withdrawal Agreement protects the rights of UK nationals living in Germany* before 1 January 2021 to work and study in Germany for as long as they continue to live in Germany. Frontier workers must get a frontier worker document (Aufenthaltsdokument Grenzgänger-GB) from the Foreigners Authority at their place of work.
