INTRODUCTION

ABOUT THE LIFETIME SKILLS GUARANTEE

The Lifetime Skills Guarantee is designed to help our country build back better after the pandemic. Part of the Government's Plan for Jobs, it will transform the adult education system, help people of all ages develop the skills they need to get good jobs and support businesses to find or develop talent to fill skills gaps.

Offers now available to adults:

Free Level 3 qualifications for adults:

- Adults in England who are 24 and over and do not yet have A levels, an advanced technical diploma or equivalent, can now take their first Level 3 qualification for free. They can choose from almost 400 free courses to gain new skills that will help them access opportunities and get a better job. The full list of courses available can be found here: gov.uk/free-courses-for-jobs
- The Government is investing £95 million on this important new long-term commitment. Removing the barrier of funding training for millions of adults will give more people the chance to get ahead in work, no matter their age or background.
- Adults aged 19-23 already have a legal entitlement to a first full Level 3 qualification. Any Level 3 qualifications that are now becoming available for eligible adults aged 24+ will be made available to 19-23 year old learners too, if they are not already. Previously adults aged 24+ have either had to self-fund, take out a loan, or ask for financial support from their employer to access their first Level 3 qualification.

Skills Bootcamps:

- Skills Bootcamps offer flexible courses of up to 16 weeks, giving people the opportunity to build up sector-specific skills and fast-track to an interview with a local employer. These are currently available in the West Midlands, Greater Manchester and Lancashire, the Liverpool City Region, the Leeds City Region, Heart of the Southwest, Derbyshire and Nottinghamshire. Courses available range from software development, digital marketing and data analytics, to welding, engineering and construction.
- There has been a high demand for places on the trailblazer skills bootcamps. An investment of £43 million from the National Skills Fund will enable greater availability across the country and a wider range of course subjects on offer to meet the skills needs of local areas. New skills bootcamps will be announced later in the spring and information will be added to gov.uk/free-courses-for-jobs as soon as it is available.

ABOUT THIS COMMUNICATIONS TOOLKIT

As a provider, you may want to promote the free Level 3 qualifications you are offering. We know getting adults to engage with learning is no easy task.

This communications toolkit is designed to help all of us communicate about the Level 3 adult offer – which we are now calling “free courses for jobs as part of the Lifetime Skills Guarantee” in learner-facing messaging.

It provides advice on the priority messages that we will be delivering on a national scale. Using similar messaging could help to strengthen your impact, but you will know your local audience best, so please use this toolkit flexibly and deliver your own approach to communications to help raise awareness and drive registrations.

HOW YOU CAN HELP RAISE AWARENESS OF THE OFFER

Aside from your own registration-focused marketing, here are some of the ways you can work with us to raise awareness of the scheme and give the launch an extra boost:

- 1. Support the announcement on the launch of the Lifetime Skills Guarantee's free courses for jobs** on your social media and owned channels by using the messaging and example social posts in this toolkit.
- 2. Use the #LifetimeSkillsGuarantee and #PlanForJobs hashtags** in your social posts and online media.
- 3. Share and like social media content** about the scheme on our partner channels, such as the National Careers Service, Job Centre Plus local accounts and HMG local accounts.
- 4. Let us know how we can support you** with your social activity in the weeks and months to come.

There is no requirement for you to use Department for Education messaging in your assets and marketing materials. However, we'd be grateful if you could include Plan for Jobs and the Lifetime Skills Guarantee where possible when promoting the offer.

REACHING OUR AUDIENCES

The main audiences we'd like to help you reach are prospective learners and employers:

- 1. Prospective learners** - There are 11 million adults in England who have missed out on A levels or equivalent qualifications.⁽¹⁾ It is important that they hear about this offer and get the chance to gain new skills that will help them access new opportunities and get a better job. Based on our behavioural insights research, adults in the working-age population (aged 18-64) who are eligible for the Level 3 adult offer (adults aged 24 or over in England and without their first full Level 3 qualification) can be split into the following segments:

Held back/constrained adult learners - 18-64, without A levels or equivalent	Parents/stability seekers, nervous learners – 25-55, without A levels or equivalent
Excited by the prospect of learning and motivated by personal growth but feel held back by a range of constraints and lack of experience, particularly of formal work and qualifications. Considering a qualification is a big psychological leap.	Nervous learners are primarily parents who are focussed on providing for family, have some ambition for the future and are positive about the idea of training, but are nervous about the disruption it could cause. Stability seekers are mostly female and middle aged, representing primary care givers with children at home - tendency is to prioritise flexibility and stability from their current job.

We are using these segments to shape the messaging for this announcement. However, we know that as a provider you will have excellent knowledge of your local labour market and the barriers to learning that your local audience face, so please use your existing understanding to feed into the messaging you use.

- 2. Employers** - We'd like to raise awareness of how these training offers under the Lifetime Skills Guarantee can help employers in key sectors fill their skills gaps and encourage them to promote the opportunities to their staff.

PROSPECTIVE LEARNERS**

PRIORITY MESSAGES FOR PROSPECTIVE LEARNERS

Boosting the nation's skills with the expertise employers need is a key part of the Government's Plan for Jobs

- The Government's Plan for Jobs aims to create, protect and support jobs, and ensure that nobody is left without hope or opportunity.

You could be eligible to take a free Level 3 qualification to help you gain skills that employers are looking for

- If you don't yet have a Level 3 qualification, which is equivalent to A levels, or an advanced technical certificate or diploma, taking a free course as part of the Lifetime Skills Guarantee could boost your job prospects in a sector you'd like to work in or allow you to progress in your current sector.

Building on your strengths with a qualification could get you on the path to a better job

- The skills you use for work are a series of building blocks – learning new skills will add to those you already have.

It's easier than you think to fit learning around your life

- Getting a free qualification means you can focus on finding time to learn, rather than funding your course.
- A number of shorter courses are available, so you can pick a course that fits your life and schedule.

Options for your call-to-action

SUPPORTIVE STATS FOR LEARNERS

- Gaining a qualification at Level 3, which is equivalent to A levels, could increase your earnings by 9% and increase your probability of being employed.⁽¹⁾
- One in ten adults see financial costs as a barrier to taking part in learning.⁽²⁾ Getting a free qualification means you can focus on finding time to learn, rather than funding your course.
- Two thirds of learners participate in learning to help with their work and job prospects.⁽³⁾
- The idea of a 'job for life' is becoming a thing of the past for many people. One in five (21%) of adults who are currently in work say they don't expect to be working in the same industry by 2030. This increases to two in five amongst those who have re-evaluated their career as a result of the coronavirus pandemic.⁽⁴⁾

SECONDARY MESSAGING BY SEGMENT

Held back/constrained adult learners

Messaging principles:

- ✓ *Educate about the linkage between these qualifications and good/specific job outcomes.*
- ✓ *Educate and inspire by demonstrating the wide range of courses on offer, which could lead to a better job*
- ✓ *Focus on the removal of barriers e.g. courses are free, flexible*
- ✓ *Supportive messaging to improve confidence in learning and reassure that everyone is capable of trying different kinds of work throughout their career*
- ✓ *Explain that there is support available throughout this journey (e.g. National Careers Service, DWP job coaches)*

Additional messages for this audience:

- Don't be daunted by the idea of a job in a different industry. You can build on your existing strengths with new skills, which will help prepare you for an exciting new job.
- The idea of a 'job for life' is becoming a thing of the past for many people.
- Expert careers advisers are on hand to help – whether you need help choosing a course or advice on your job options, get in touch via webchat at nationalcareers.service.gov.uk/contact-us or by phone on 0800 100 900

SECONDARY MESSAGING BY SEGMENT

Parents/stability seekers, nervous adult learners

Messaging principles:

- ✓ *Reassure that learning can fit around their life and commitments*
- ✓ *Educate about the wide range of courses on offer and links to specific job outcomes*
- ✓ *Educate and inspire by talking about the tangible benefits to them/their family of taking a course (e.g. increased pay to support their family, better/more fulfilling job)*
- ✓ *Reassure them that they can build on their existing skills to get ahead and that everyone can succeed in multiple job opportunities throughout a lifetime*

Additional messages for this audience:

- Talk to your family about the course you'd like to do so they can support you to find the time and space to learn.
- Learning new skills could open doors to a better job, which could mean a higher salary to support your family, or more flexible working patterns to spend time with your loved ones.
- Learning new skills doesn't make your existing skills less important – it just increases the number of skills you can apply to jobs in the future.
- If you're worried about learning new skills as an adult, why not talk to a careers adviser to help you find a course to suit your lifestyle? You can contact an adviser via webchat at nationalcareers.service.gov.uk/contact-us or by phone on 0800 100 900

ENGAGING EMPLOYERS

PRIORITY MESSAGES FOR EMPLOYERS

Boosting the nation's skills with the expertise employers need is a key part of the Government's Plan for Jobs

- The Lifetime Skills Guarantee is part of the Government's work to transform the adult education system so that businesses can find or develop talented people of all ages to fill skills gaps and help adults can get the skills they need throughout their life, from free Level 3 qualifications for eligible adults, to Skills Bootcamps, basic skills offers and more.

As part of the Lifetime Skills Guarantee, the Government is offering eligible adults the opportunity to take a free Level 3 qualification from a choice of courses focussed on the skills our economy needs

- All courses have been identified to help ensure good job prospects, focussing on areas where employers need skills and leading to job opportunities that can help adults earn a good wage.

You can benefit by supporting your staff to upskill or reskill into a higher level role in your business, without needing to fund the training

- Hold onto your talented staff by helping them to gain a qualification and progress in your business.

Options for your call-to-action

Find out more at <insert full URL>, Take advantage at <insert full URL>, Help your staff upskill at <insert full URL>

SUPPORTIVE STATS FOR EMPLOYERS

- 66% of employers with skills gaps say it's affected their company's performance⁽¹⁾ and 90% felt that their business performed better when their employees had vocational qualifications.⁽²⁾ For many businesses, this offer will therefore contribute to a pipeline of skilled workers to help fill skills gaps.
- Upskill your staff and boost retention – 94% of employees would stay at their company longer if it invested in their career.⁽³⁾
- In 2019, around two-thirds of employers (64%) anticipated the requirement to develop the skills of their workforce in the coming year – and the pandemic is likely to have accelerated this.⁽⁴⁾ Fill your skills gaps for free – support an employee to upskill with a free Level 3 qualification and move them into a higher skilled role.

ANNOUNCEMENT SPOKESPERSON – HELEN TUPPER

Helen Tupper is the co-founder and CEO of [Amazing If](#), an award-winning career development company with a mission to make work better for everyone. Together with her business partner Sarah Ellis, she is the author of The Sunday Times number one bestseller *The Squiggly Career* (Penguin) and host of the Squiggly Careers podcast. In January 2021 they recorded their TEDx talk, “Why squiggly careers are better for everyone”.

She also works as a Trustee for Working Families, a UK charity with a mission to support families and carers with their work and life commitments. Prior to Amazing If she held leadership roles for Microsoft, Virgin and BP.

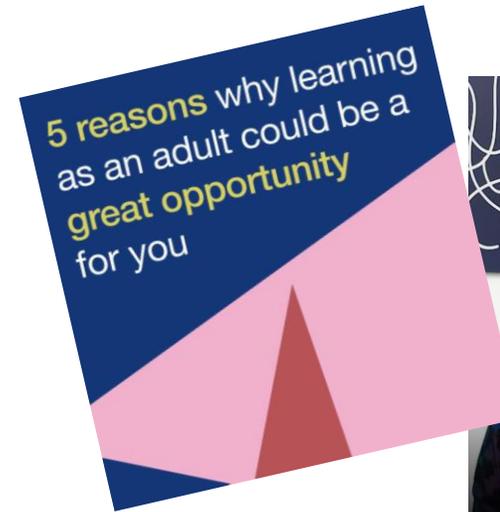

A huge thank you to Helen for her support with our launch and her “Five reasons to learn as an adult”, which are available to use on your channels. Please see the following slide for info.

HELEN TUPPER – TIPS AND ASSETS

Helen's five reasons to learn as an adult

1. **Learning increases your resilience** – we can't control when and what changes in our work, but we can take control of how we respond and take advantage of opportunities that change creates.
2. **Learning helps to build new relationships** – connecting with other people learning similar things can bring new, supportive people into your working life.
3. **Learning helps us to be happy** – investing in your development makes you feel better about yourself and gives you a greater feeling of satisfaction at work.
4. **Adult learners have choice and control** – how you learn is up to you! It's nothing like being at school and millions of people will now be eligible to take advantage of free courses under the Government's Lifetime Skills Guarantee.
5. **Adult learning helps keep you young** – our brains are adaptable and learning improves your memory and how your brain processes information.

SOCIAL MEDIA

BEST PRACTICE

From previous skills campaigns, we have found the below social channels work best for reaching our audiences. However, please do prioritise channels according to your individual followings and those of your partners.

LinkedIn & Twitter: For communicating to employers and stakeholders.

- Stats and direct messages (e.g. 'support your business') tend to perform well on Twitter, as do things that are new or happening 'in the moment'.

Facebook & Instagram: For consumer-facing posts / prospective learners.

- Stats work well on Facebook, but hashtags tend to be irrelevant on this channel.
- Quotes, stats and engaging imagery tend to perform best on Instagram, with lots of relevant hashtags.

Examples of colleges signposting to adult learning effectively on their websites

Barnet Southgate College

The screenshot shows the Barnet Southgate College website. At the top left is the college logo. A navigation bar includes links for 'ILEARN', 'ONLINE STORE', 'CONTACT', and a search bar. Below this is a horizontal menu with 'COURSES', 'OPEN EVENTS', 'STUDENT SUPPORT', 'THE COLLEGE', 'EMPLOYERS', and 'COVID-19 INFORMATION'. The main banner features a photo of five diverse people and the text: 'RETRAIN AND RESTART YOUR CAREER - FOR FREE!' and 'MAKE 2021 THE YEAR YOU GO FURTHER!'. Below the banner, there is a paragraph: 'Not got the right qualifications to get ahead? Get them FREE at Barnet and Southgate College. We're offering these courses as part of the Government's initiative to help people retrain and get qualified so they can advance their careers. This is a chance to press your training 'RESET' button and update your skills! Perhaps you need extra qualifications to progress in your current role?'. A 'Chat live with us' button is in the bottom right corner.

Gloucestershire College

The main banner has a teal background and features a large white lightbulb icon filled with gears. The text on the banner reads: 'Lifetime Skills Guaranteed' and 'Free courses for adults'. Below this, it says: 'Retrain, get qualified and gain skills for life with our FREE courses in trades, management, finance and care.' and includes an 'APPLY NOW' button. Below the banner, there is a paragraph: 'If you're 19 or over and don't have a Level 3 qualification (equivalent to A Levels), you can study one of the below courses for FREE to gain in-demand skills and change the course of your future. We're helping Gloucestershire get back on its feet by offering a wide range of courses to adults for FREE, as part of the government-backed Lifetime Skills Guarantee scheme.'

DO YOU HAVE CASE STUDIES THAT COULD HELP?

We are always looking for case studies to help bring our free courses for jobs to life and demonstrate the benefits of learning as an adult.

We're keen to hear about anyone who is willing to share their story of taking advantage of this free offer – particularly once they have completed their course and secured a job in a related industry.

Compelling human stories will really help to bring this offer to life and encourage adults to find courses that enable them to change career or get a better job.

Using case studies, we are really keen to show a direct line of sight from a qualification to new job, as well as reassure nervous adults that learning is achievable alongside their commitments. For example, any career changers would be particularly welcome, as well as learners who have overcome difficult circumstances to gain their qualification. We're also keen to source case studies from diverse backgrounds where possible.

If you do have any potential case studies, please get in touch with Nationalskillsfund@education.gov.uk.

THANK YOU
