Commander's Licence:

Student Pilot

Commander's Age:

21 years

**Commander's Total
Flying Experience:**

18.10 hours (of which all were on type)

Information Source:

Aircraft Accident Report Fprm submitted by the pilot

Following a normal circuit the aircraft touched down nose wheel first and bounced twice. The nose landing gear collapsed and the aircraft came to rest on the runway. The pilot, who was uninjured, left the aircraft through the normal exit.
