<b>Commander's Flying Experience:</b>	Total hours - not known (of which 2 were on type) Last 90 days - 2 hours Last 28 days - 1 hour
<b>Information Source:</b>	Aircraft Accident Report Form submitted by the pilot

On entering the grass runway at Fenland Airfield with the intention of taking off, the pilot reported applying power before the aircraft was fully aligned with the runway. Shortly after full power was selected, the aircraft entered

the edge of the adjacent wheat field, which was very wet following recent rain. As the aircraft came to a rapid stop, it turned over.
