

SECOND SCHEDULE
Form of Certificate
The Petroleum-Spirit (Conveyance by Road) Regulations, 1957
Address of Premises

.....
.....

Name of Licensed Premises under the Petroleum (Consolidation) Act, 1928

.....

Date..... Time.....

I certify that, in accordance with Regulation 16 of the above-named Regulation:

- (1) the storage tank identified by number in the first column below has just been tested and the quantity of petroleum-spirit mentioned opposite thereto in the second column can safely be received by that tank.
- (2) the connecting hose is properly and securely connected to the filling point of that tank.

First Column	Second Column	Third Column
Storage Tank Number	Quantity and grade of petroleum spirit proposed to be delivered	Signature

Note: The person in charge of the storage tank identified by number in the first column of this certificate must enter in the second column opposite thereto the quantity and grade of petroleum-spirit which is to be delivered, and must sign his name in the third column opposite after the hose has been connected to that tank and before delivery of petroleum-spirit into that tank is begun.
