

Response from 2 GBGB Licensed Stadiums

I write in response to the CMA's published provisional findings relating to the proposed merger between Ladbrokes and Corals.

I have read the GBGB's comprehensive response, which has been submitted by Olswangs.

I confirm that we fully support that response and I hope that the panel will meet with the GBGB so that the full impact of the proposed merger on greyhound racing and the industry's media rights can be addressed.
