

# Tuberculosis in **Workplace**

Collaboration with Corporate Sector

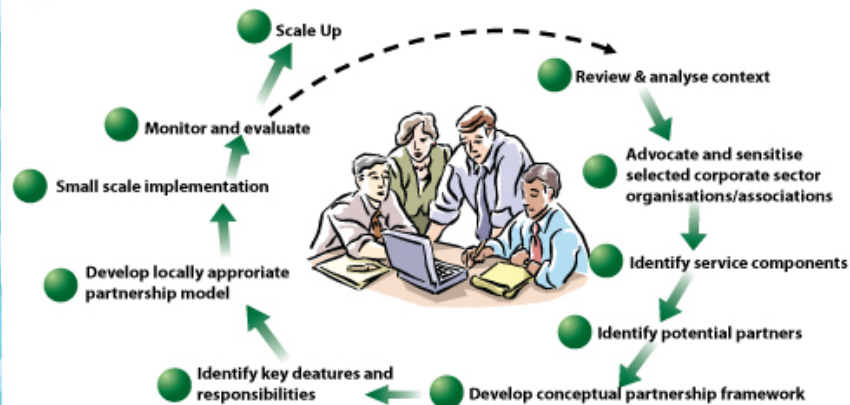

## Goal

The overall goal of this initiative is to develop an operational mechanism for effective, sustainable TB control programme in the garment sector in Bangladesh.

## Expected Outcomes

- A mechanism for greater participation of corporate sector in TB control programme
- An operational framework – Strengthening Service provision for TB care
- Appropriate tools and protocols for effective linkages between garment factories/BGMEA facilities for DOTS
- Policy guidelines for corporate sector participation in TB control in Bangladesh.

## Systematic Process
