

Pro-poor HPAI Reduction Strategies Project

Ethiopia Multi-Stakeholder Workshop
July 3-4, 2008, Addis Ababa

Workshop Objectives

- To introduce the project and secure buy-in from a broad range of stakeholders in the poultry industry in the country
- To agree on major research gaps on HPAI control strategies and set pro-poor research priorities to better inform decision makers
- To map institutional linkages and mechanisms for effective communication and implementation of pro-poor HPAI control strategies in Ethiopia
