

Pro-poor HPAI Reduction Strategies Project

Kenya HPAI Risk assessment and risk pathways Multi-Stakeholder Workshop
Dr. Dennis Onkundi

October 2-3, 2008, Nairobi

Objectives of the workshop

1. The organisers to present the project activities to the local partners so as to facilitate fruitful deliberations and inputs
2. To present the methodology of risk analysis and risk assessment
3. To define the risk questions for Kenya
4. To define the risk pathways for Kenya
5. Workshop participants to identify risk data needs and potential data sources
6. To note that the workshop and the activities are Kenyan and therefore the need to participate fully and give optimum inputs.
7. To note that the project and activity will be done in the context of HPAI but the concept is applicable to other diseases. This workshop is also important as a follow up to the FAO risk assessment training conducted recently

**HPAI Pro-Poor HPAI Risk Reduction Project
for Asia and Africa**
