Dear Dr. Wakeford,

### LETTER OF INTENT

I am writing to confirm our interest in collaborating with you on your proposed project entitled "Promotion of models generating national economic benefits through the control of foreign fishing" for submission to DFID under their Fisheries Management Science Programme (FMSP).

Indeed we have an acute problem in our fishery spreading from inner waters (the 12 nautical miles territorial waters) and the EEZ where IUU is rampant.

We look forward to developing more detailed research plans with you and to full collaboration in this project.

Yours sincerely,

  
G. F. Nanyaro
