Adaptation Planning as a Learning Process

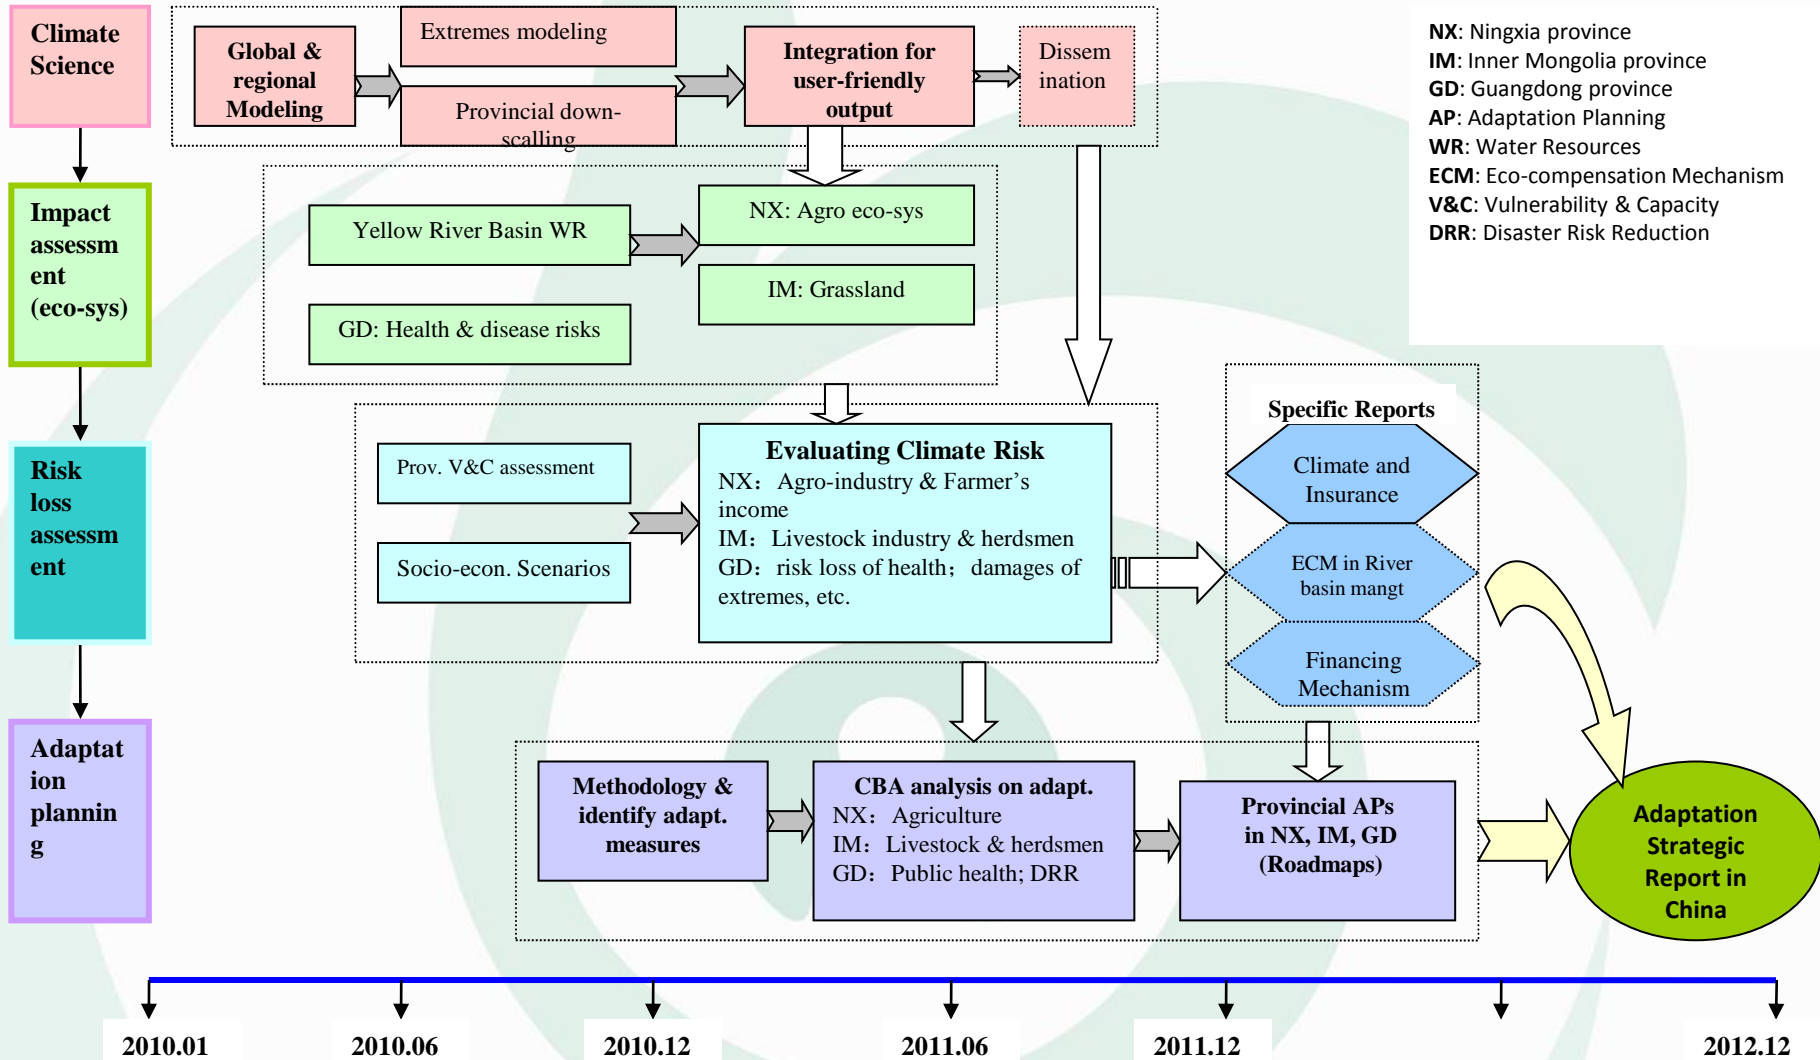

适应性规划——学习的过程

ACCC Methods Meeting

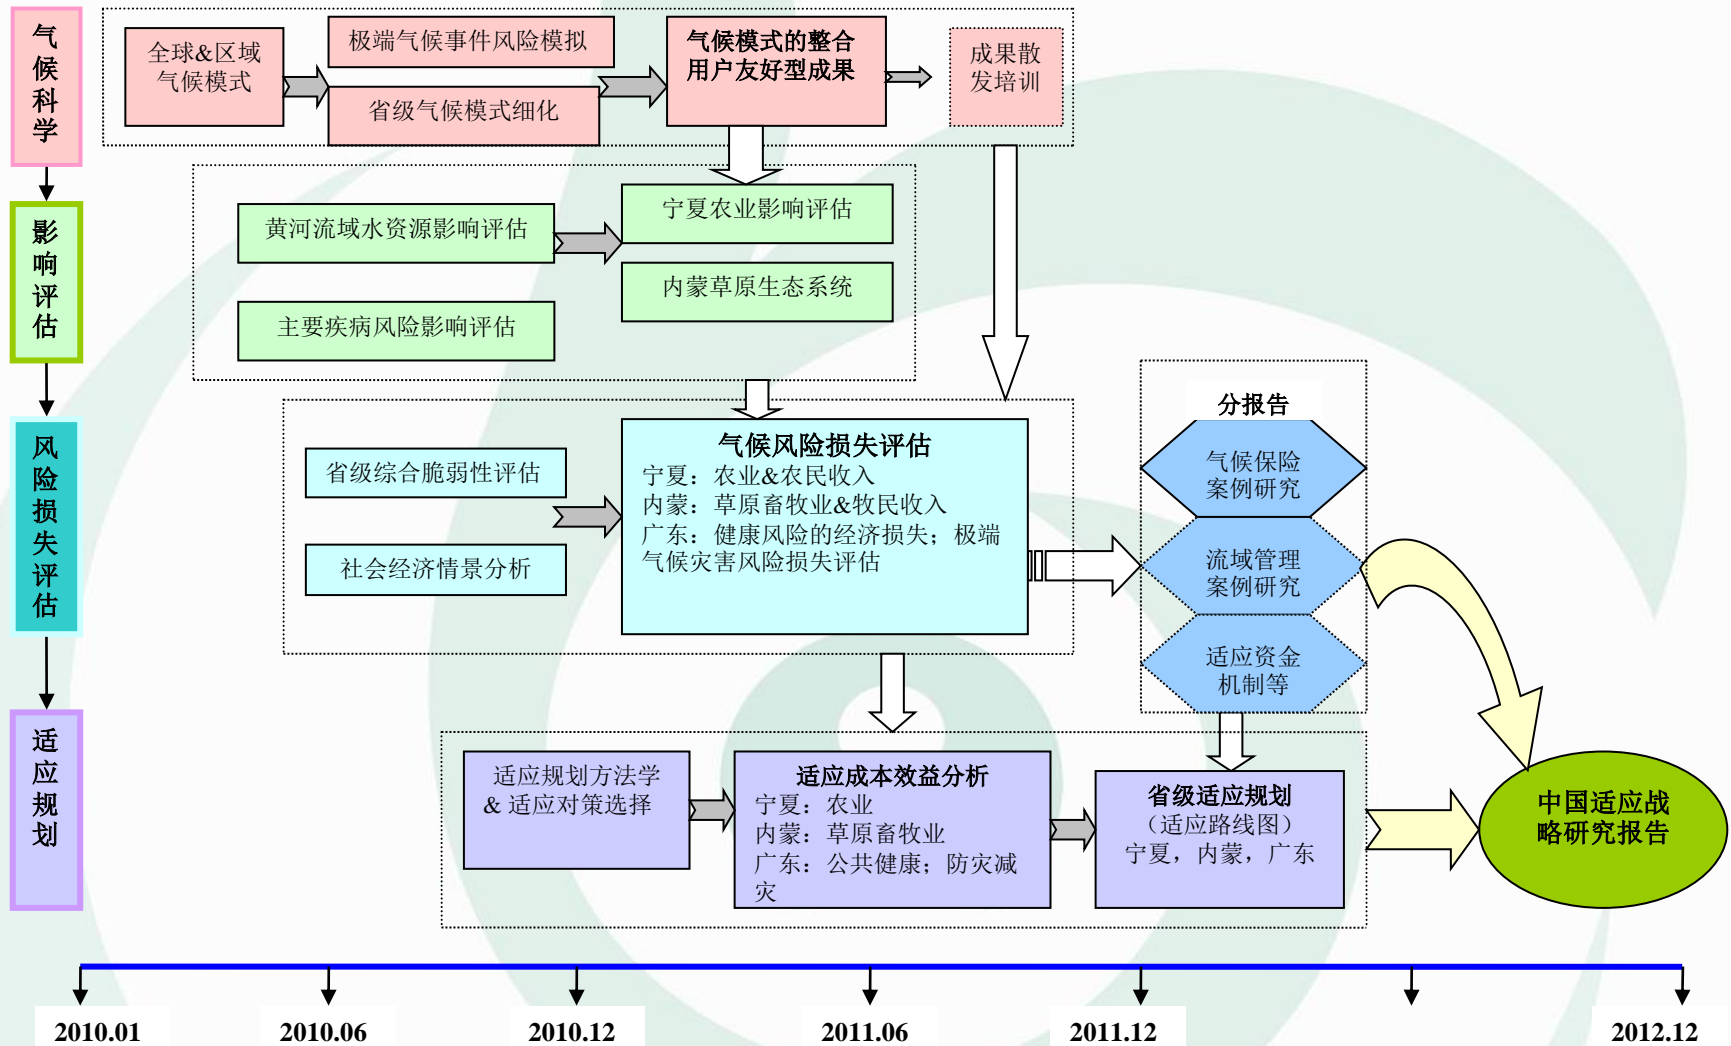

Xilinhot, IM

June 8-12, 2010

ACCC Project Roadmap

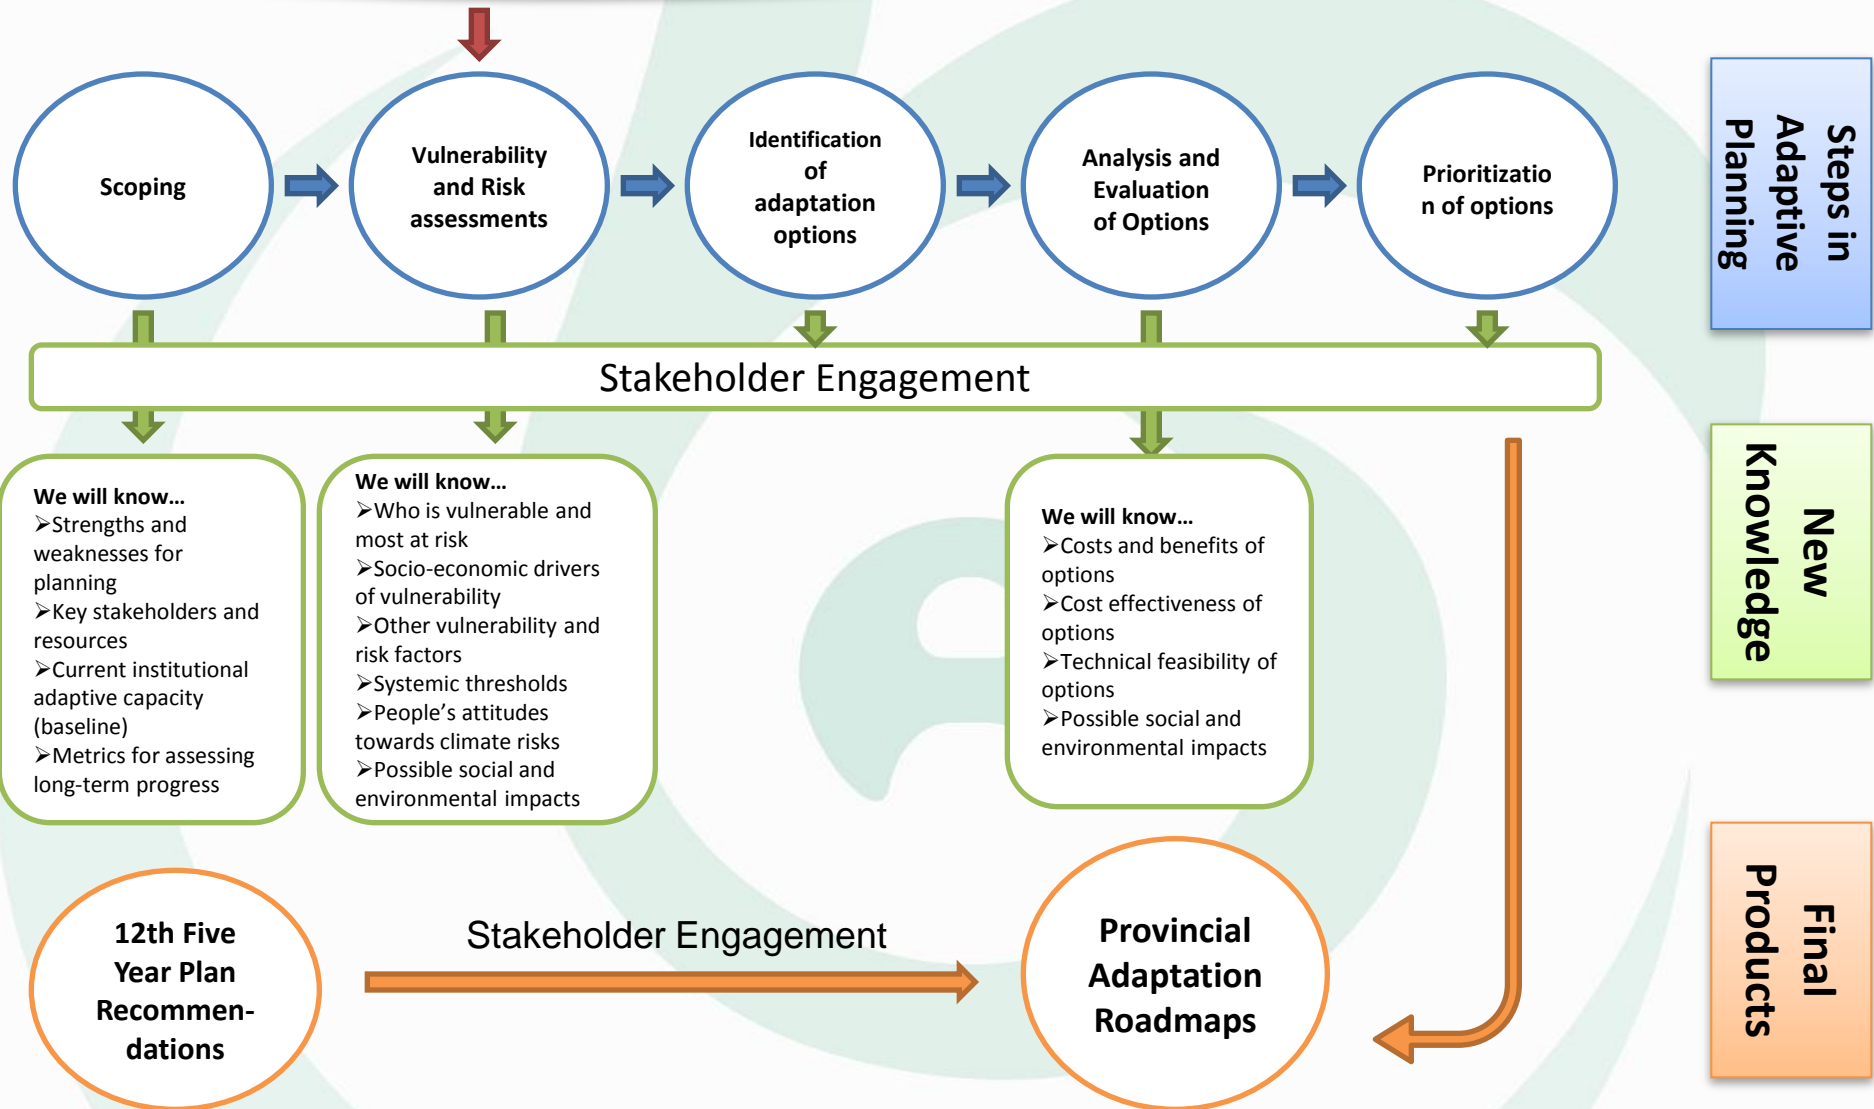

ACCC 项目路线图

Adaptation Planning: A Learning Process

Climate Impact Assessments

Steps in Adaptive Planning

New Knowledge

Final Products

We will know...
 ➢ Strengths and weaknesses for planning
 ➢ Key stakeholders and resources
 ➢ Current institutional adaptive capacity (baseline)
 ➢ Metrics for assessing long-term progress

We will know...
 ➢ Who is vulnerable and most at risk
 ➢ Socio-economic drivers of vulnerability
 ➢ Other vulnerability and risk factors
 ➢ Systemic thresholds
 ➢ People's attitudes towards climate risks
 ➢ Possible social and environmental impacts

We will know...
 ➢ Costs and benefits of options
 ➢ Cost effectiveness of options
 ➢ Technical feasibility of options
 ➢ Possible social and environmental impacts
