1. Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

European Structural and Investment Funds are managed by the Department for Communities and Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term “Managing Authority” will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project Calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority’s assessments at outline and full application stage.

This Call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the **Priority Axis 1 of the Operational Programme: Inclusive Labour Markets** and **Investment Priority: 1.4 Active Inclusion** as set out in the Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This Call for proposal sets out the requirements for any applicants to consider before applying. Applications against this Call will be assessed as part of a two stage appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 (see Appendix A). This will be as well as the

requirement of reporting on output and result indicators referred to in section 3 of the Call for proposal.

1.1 National Context

This priority axis aims to increase participation in the labour market and thereby improve social inclusion and mobility. It will support activities through:

Investment Priority: 1.4 - Active inclusion, including with a view to promoting equal opportunities and active participation, and improving employability

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational programme. Details of the specific objectives have been reproduced below.

Specific Objective	Results that the Member States seek to achieve with Union support
<p>To support people with multiple and complex barriers to participation to address these underlying issues and to move closer to or into the labour market.</p>	<p>The additional support for this investment priority will help people who are distant from the labour market and require intensive support in addressing their multiple, profound and complex barriers to participation in the labour market.</p> <p>The main result will be that people address their complex needs and therefore are better able to engage in labour market activity. There are output targets for disadvantaged sub-groups and result targets for movement into work and increased labour market activity.</p>
<p>To engage marginalised individuals and support them to re-engage with education, training, or in employment.</p>	<p>The additional support from this investment priority will help participants to move into employment, education or training. They will have a range of barriers and will be distant from the labour market or education/training. They will require intensive, tailored support.</p> <p>The main result that will be achieved is that more participants will be in education, training or employment upon leaving.</p>

1.2 Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 1, Investment Priority 1.4 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

Call outline

Greater Birmingham and Solihull LEP (GBSLEP) wants to ensure young people and adults are equipped with the skills and support they will need to secure and sustain employment and thereby contribute to and benefit from economic growth.

This will be achieved through promoting inclusion, raising aspirations, facilitating educational excellence and delivering an employment and skills system that responds quickly and effectively to changing business needs. This will be fostered , by delivery of employment support and skills provision that is designed to specifically to address the complex local needs of locally targeted communities, which effectively tackles the entrenched issues of economic exclusion, lack of aspiration and multiple disadvantages these communities face.

Local Situation:

THE GBSLEP area faces a number of significant labour market challenges and there are many inter-connecting issues to be addressed when seeking to support those marginalised from the labour market.

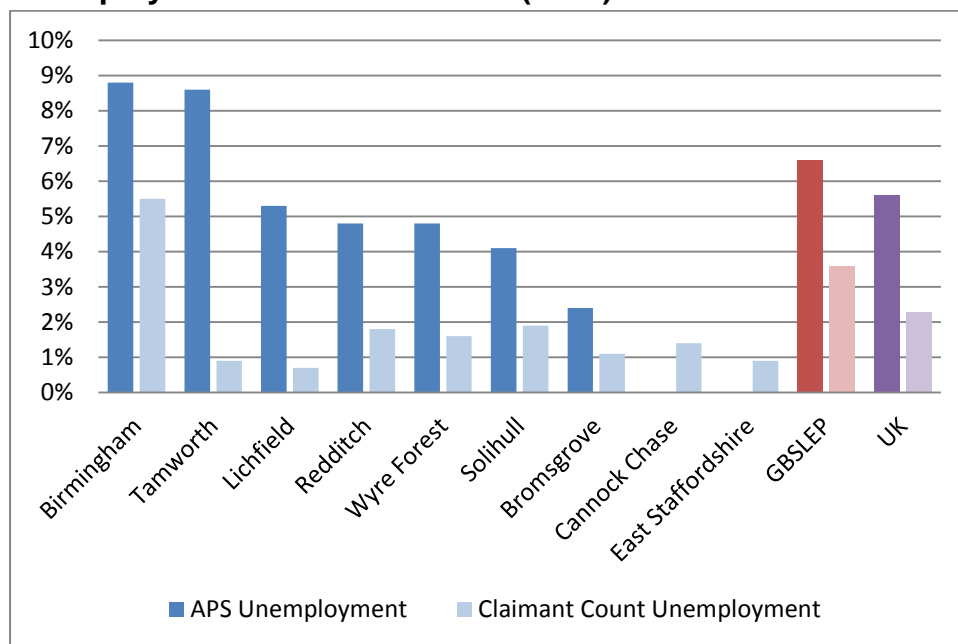

Employment (ONS APS Oct 14-Sept 15) data demonstrates that:

- The employment rate is the second lowest of the 8 Core City LEPS at 68.3% and is five percentage points lower than the average for the UK (73.2%);
- There is a wide variation in the employment rate, with Bromsgrove having the highest employment rate (78.5%) and Birmingham the lowest (62.6%);
- The female employment rate (61.6%) is significantly lower than all other Core City LEPs and the UK Average (68.2%) and notably working age females in Birmingham is just over 50% (55.2%);

Unemployment data demonstrates that:

- Birmingham has the highest unemployment rate at 8.8%, significantly above the average unemployment rate in other areas of the LEP; while Bromsgrove has the lowest rate (2.4%);
- As a consequence of Birmingham's high unemployment rate, the overall GBSLEP unemployment rate (6.6%) is above that of the UK (5.6%);
- Several Birmingham Wards have claimant count unemployment proportions significantly above the LEP, with Aston Ward at 8.2% and both Lozells & East Handsworth wards at 8.3% (ONS December 2015);
- In all areas the male unemployment rate is above that of females;

Unemployment in GBSLEP areas (2015)

Source: ONS/APS/DWP /BCC

It is important to address the underlying causes of differences in employment levels in some areas and for particular disadvantaged groups if we are to deliver sustainable economic growth for the whole of the Greater Birmingham and Solihull LEP area.

The focus of projects should be on delivering local/target group based solutions to barriers that prevent disadvantaged residents from fully realising local economic opportunities provided, although not exclusively, by businesses in the following priority/employment growth sectors:

- Advanced manufacturing & engineering;
- Life sciences;
- Digital and creative;
- Business, professional and financial services
- Low carbon and environmental technologies and services;
- Digital & Tech;
- Transport & Logistics;
- Construction & Infrastructure;
- Food & Drink;
- Tourism & Hospitality;
- Education;
- Emerging Technologies

Call outline

This call is for the More Developed region (made up of Birmingham, Solihull, Redditch, Bromsgrove and Wyre Forest).

It is critical that provision is carefully aligned to address gaps in the market or offer additionality alongside and not duplicate other ESF provision across GBSLEP.

Note activity to support young people NEETs (aged 16-29) is targeted in the ESF call for the GBSLEP Youth Employment Initiative (YEI);

It is important that applicants can demonstrate in their proposal how they will support the current service offer in the GBSLEP Growth Hub in the instance of providing on-going support to businesses and mainstream providers in respect of skills and employability services.

Projects under these priorities will:

- target individuals at most risk of social and economic exclusion and disengagement;
- focus on adult residents aged 25+ and young people that are not NEET, who are most excluded from the labour market, including, but not exclusively, those who are homeless (or at risk of becoming homeless), experiencing domestic abuse; ex-offenders needing support to prevent re-offending; recovering from drug or alcohol abuse, those with disabilities, those who need support to live independently.

Activity should aim to give residents opportunities that will facilitate progression to skills development and employment. The following types of activity are anticipated, but this list is not exhaustive and innovation is encouraged, as long as activities are eligible as per ESF guidelines:

- Tailored support for groups experiencing multiple and complex barriers (for instance transport, childcare, health related, addictions) preventing them from entering the labour market or self-employment;
- Basic & vocational skills, Pre-ESOL, soft skills, employment support measures, including career planning, help with writing CVs and job applications, job search, mentoring work placements and/or volunteering opportunities;
- Employer engagement and awareness training to address discrimination and inequalities in the workplace and to ensure participants can access local jobs at the end of the project;
- Financial inclusion: providing access to financial capability training and money management advice; investment readiness actions, e.g. business, financial

and managerial skills helping individuals becoming ready to access, manage and repay potential business investments, and advice and support to address issues related to moving from work to benefits;

- Promote digital inclusion initiatives enabling people to access services and training on line particularly focussing on the over 50's;
- Support complementing other skills provision including employability skills e.g. team working, effective communication, etc.;
- Volunteering opportunities/job placements that support access to employment (with a focus on opportunities in priority/employment growth sectors);
- Local networks and support groups to facilitate access to skills development and employment;
- Confidence building and motivational activities;
- Activities that support social innovation and development of social enterprises;

ESF cannot be used to duplicate existing activities.

Details of the local ESIF Strategy can be found at:

http://centreofenterprise.com/wpcontent/uploads/2013/10/GBSLEP_A4_070214_v8.pdf.

1.3 Scope of activity

This Call invites Outline Applications which support the delivery of Priority Axis 1, **Investment Priority: 1.4 Active Inclusion** of the European Social Fund Operational Programme and responds to the local development need set out in the Greater Birmingham & Solihull Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This Call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

2. Call Requirements

All applications are competitive.

<p>Indicative Fund Allocation:</p>	<p>Indicatively, through this Call the Managing Authority expects to allocate approximately £6.5m ESF allocated to the More Developed Region</p> <p>The Managing Authority reserves the right to decrease or increase the indicative allocation, or support more or fewer projects subject to the volume and quality of proposals received.</p>
---	--

Minimum application level	European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact. The Managing Authority does not intend to allocate less than £500,000 of European Social Funding to any single project.
Duration of project approvals	Projects should be for a maximum of three years; however the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.
Geographical Scope	All interventions should be focused on activity and beneficiaries within the Greater Birmingham & Solihull Local Enterprise Partnership area.
Specific Call requirements	This is a Call for ESF activity.
Call Deadlines	For this specific Call, applications will be assessed following closure of the Call. Applications received after the published Call close date will not be considered.
Application selection	All applications will be scored in line with the ESF scoring criteria, but the MA reserve the right to invite projects to full application stage where they complement other activity or provide niche activity to target groups within the OP.
Applicant proposals	These can only contain activities which are eligible for ESF
Eligible match funding	<p>Applicants will need to have eligible match funding for the balance of costs, which must be from a source other than the European Union. For all outline applications proof of match funding will need to be supplied as part of the assessment.</p> <p>For Calls covering two Categories of Region the following needs to be included:</p> <p>The intervention rate in the GBSLEP Area is 50% in the More Developed areas, so 50% of match funding must be provided in the More Developed areas.</p>
Operational completion	Operations must be completed no later than 16 th of June 2020
Procurement	All procurement must be undertaken in line with EU regulations.
State Aid law	Applicants must demonstrate compliance with State Aid law
Audit/ Compliance	All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

Investment Priority	1.4 Active Inclusion.
Specific Objectives	Active inclusion, including with a view to promoting equal opportunities and active participation, and improving employability
Indicative Actions	<p>ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support additional activities or target groups, including provision co-designed with local partners.</p> <p>Examples of activities that may be supported include:</p> <ul style="list-style-type: none"> • basic skills and ESOL training, including additional support with basic skills in preparation for apprenticeships; • support for those who need pre-traineeship and pre-Work Programme assistance, to prepare them for the next step; • support complementing other skills provision, such as crosscutting and 21st century skills, including team working, effective communication, problem solving, critical thinking and self-direction; • money management support and advice and financial literacy programmes in order to address deep seated debt issues which make moving from benefit into work more challenging; • digital and internet literacy courses to aid job searching, access to benefits and progress in work; • volunteering and training opportunities (as a pathway back to work) for marginalised individuals / groups / communities to help them access jobs in low carbon sectors or land drainage flood risk management or work that supports property level protection against flooding; • local 'Community Grant' type activity to support small scale voluntary sector activity which can be crucial to reaching out to these groups; • first contact engagement activities (for example, arranging

	<p>events in places that people feel comfortable to visit);</p> <ul style="list-style-type: none"> • local networks and groups to support people to get a job or access learning (for example, Job Clubs or Learning Champion type activity) to provide people with a safe environment and peer support; • softer skills development (for example, assertiveness, anger management and motivation); • volunteering, which is recognised in general terms as a good way to re-engage those furthest from the labour market. <p>The investment priority may also encourage Social Investment models (e.g. social impact bonds) by providing outcome funding that enables payment by results programmes to be established to support the Government’s agenda on Social Justice and encourage innovative delivery models within local communities. The focus would be on disadvantaged individuals and families, e.g. in areas such as employment, training, drug addiction and other issues which are usually part of the cycle of deprivation.</p> <p>To complement other thematic objectives, the investment priority may support activities that are designed to promote social inclusion whilst also tackling environmental issues such as environmental protection, waste recycling, energy efficiency, and renewable energy. These activities are relevant across all types of territory.</p>
--	---

Results Table

ID	Result Indicator	Target value for this Call
ESF-CR02	Participants in education or training on leaving	17% More Developed
ESF-CR06	Participants in employment, including self-employment, 6 months after leaving	22% More Developed
R1	Unemployed participants into employment (including self-employment) on leaving	14% More Developed
R2	Inactive participants into employment, or job search on leaving	27% More Developed
R4	Participants with childcare needs receiving childcare support	36% More Developed

Output Table

ID	Output Indicator	Total target value for this Call	Men target value	Women target value
O1	Participants	4119	2266	1853
ESF –CO01	Unemployed, including long-term unemployed	2172	-	-
ESF – CO03	Inactive	1655	-	-
O4	Participants over 50 years of age	720	-	-
O5	Participants from ethnic minorities	1166	-	-
ESF - CO16	Participants with disabilities	1149	-	-

Applicants will be required to demonstrate how they will achieve the deliverables within their proposal along with any methodology that will be used to record achievement. Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and qualitative performance across the GBS LEP area. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

There must be a fully evidenced audit trail for all contracted deliverables.

4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

European Structural Investment Funds (ESIF) are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'key documents' section prior to submitting an Outline application. If successful, Applicants will enter into the standard Funding Agreement

and must abide by the standard terms and conditions contained therein. Applicants are therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the Call. Once a Funding Agreement has been issued it should be signed and returned within a short timescale.

4.2 Intervention Rate & Match Funding

ESF is funding used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 50%. This means ESF can contribute up to 50% of the total eligible project costs, subject to State Aid regulations. The remaining 50% or more must come from other eligible sources. For all outline applications proof of match funding will need to be supplied as part of the assessment.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

4.3 Applicants

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

4.4 Cross Cutting Themes

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific equality questions which will be set out in both the full application form and the related guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#)

4.5 State Aid & Revenue Generation

Applicants are required, in the Outline Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.¹ Grant funding to any economic undertaking which is state aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation. Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

¹ Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article 61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

4.5 Funding Agreement

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

4.6 Procurement

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

- consider value for money;
- maximise efficient use of public money; and
- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

4.7 Retrospection

There will be no retrospection for applications made against this Call, other than in line with the general policy on retrospection which allows costs to be potentially

eligible between outline and full application stage, but only where the full application is approved.

5. Application Process & Prioritisation Methodology

There are two stages to the ESF application process; Outline Application and if successful, Full Application. Applicants must fully complete the Outline Application Form (section 9 refers). Guidance is available on the [European Growth Funding](#) website pages. Acceptance of an Outline Application to progress to full application stage does not in any way indicate or constitute an offer of European Social Fund grant. Applications will be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility;
- Activity and expenditure eligibility; and
- The fit with the ESF OP and the Call.

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit;
- Value for money;
- Management & control;
- Deliverability;
- Procurement / tendering; and
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its assessment is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The assessment and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants who are successful at the Outline Application stage may be subject to due financial diligence checks by the Managing Authority, prior to submission of a Full Application. Applicants will be required to submit accounts, and to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

6. Support

Please note that this is a competitive Call and to preserve impartiality we are unable to enter into correspondence with applicants over their Outline application. Details of where guidance can be found are contained throughout this Calls document. In exceptional circumstances, if there are issues with accessing this guidance, please contact:

✉: ESF.2014-2020@dwp.gsi.gov.uk

No applications are to be sent to this email address. Completed Outline applications must be sent to the email address provided in Section 9 – Document submission.

7. Key Documents

- Outline Application Form;
- Outline Application Form Guidance;
- Local Enterprise Partnership area's ESIF strategy; and
- National ESF Eligibility Rules.

8. Document Checklist

The assessment will be undertaken on the basis of documentation received at the point of closure of the call. Applicants should provide the following documentation.

Outline Stage:

- fully completed Outline Application;
- financial tables (if the application is against more than one Category of Region, a financial table for each Category of Region);
- Outputs, Results and Indicators tables (if the application is against more than one Category of Region, a Outputs, Results and Indicators table for each Category of Region); and
- three years financial accounts (if private or voluntary and community sector).

Failure to provide the above documentation could result in the application being rejected.

9. Document Submission

Completed Outline Applications must be submitted to

✉: 2014-2020.ESFAPPLICATIONS@DWP.GSI.GOV.UK

10. Timescales

Launch of Call advertised on gov.uk.	25 October 2016
Deadline for submission of Outline Application	20 December 2016

Outline Application forms not received by the deadline will not be assessed. Outline Applications which are not fully completed will be excluded.

For this Call applications will normally be required to **commence delivery/activity within three months** of the award of contract.

Any changes related to the deadline for the submission of the Outline Application form will be notified on the [European Growth Funding](#) website pages.

11. Appendix A – Common output indicators

Appendix A – extract from Annex 1 of the ESF regulation

Common output and result indicators for ESF investments

(1) Common output indicators for participants

"Participants" refers to persons benefiting directly from an ESF intervention who can be identified and asked for their characteristics, and for whom specific expenditure is earmarked. Other persons shall not be classified as participants. **All data shall be broken down by gender.**

The common output indicators for participants are:

unemployed, including long-term unemployed
long-term unemployed
inactive
Inactive, not in education or training
employed, including self-employed
below 25 years of age
above 54 years of age
above 54 years of age who are unemployed, including long-term unemployed, or inactive not in education or training
with primary (ISCED 1) or lower secondary education (ISCED 2)
with upper secondary (ISCED 3) or post-secondary education (ISCED 4)
with tertiary education (ISCED 5 to 8)
participants who live in jobless households

participants who live in jobless households with dependent children
participants who live in a single adult household with dependent children
ethnic minorities
Participants with disabilities
other disadvantaged
homeless or affected by housing exclusion
from rural areas

Common immediate result indicators for participants are:

inactive participants engaged in job searching upon leaving
participants in education/training upon leaving
participants gaining a qualification upon leaving
participants in employment, including self-employment, upon leaving
disadvantaged participants engaged in job searching, education/ training, gaining a qualification, in employment, including self-employment, upon leaving

Common longer-term result indicators for participants are:

participants in employment, including self-employment, six months after leaving
participants with an improved labour market situation six months after leaving
participants above 54 years of age in employment, including self-employment, six months after leaving
disadvantaged participants in employment, including self-employment, six months after leaving
