Dear Mr Fowlis

CMA EMI Remedies - Formal Consultation on Gas Tariff Codes Undertakings

Thank you for your e-mail of October 20th inviting representations from SSE in point of The Energy Market Investigation (Gas Tariff Codes) Undertakings 2016. SSE makes its representations below.

1. SSE is generally satisfied that the draft undertakings will serve the purpose for which they are intended if assented to by all relevant parties.
2. In its letter to the CMA dated October 7th, SSE made representations respecting the initial version of the draft undertakings put out for consultation. SSE considers that those representations remain applicable to the final version of the draft undertakings.

SSE looks forward to further cooperating with the CMA in the delivery of the remedies it is pursuing subsequent to the Energy Market Investigation.

Yours sincerely

Paul Cannon

Regulation Analyst
