

ENERGY MARKET INVESTIGATION

The Energy Market Investigation (Prepayment Charge Restriction) Order 2016

Correction

Annex 3 to Schedules 1 and 2 (file named [‘annex-3-to-schedules-1-and-2-of-price-cap-order.xlsx’](#))

The values in cells N33:P46 of tab ‘Elec distribution’ were one row out of alignment with the result that the spreadsheet was calculating incorrect figures for the cost of electricity distribution charges for Economy 7 customers. These calculations are for illustrative purposes only.

[Annex 3 to Schedules 1 and 2](#) has been updated so that the right values are in the right cells.
