# 1. Introduction

The 2014 to 2020 European Structural and Investment Funds bring the European Regional Development Fund, European Social Fund and part of the European Agricultural Fund for Rural Development together into a single European Union Structural and Investment Funds Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Sized Enterprises, low carbon, skills, employment, and social inclusion.

The Government has confirmed that it will guarantee EU funding for structural and investment fund projects signed before the UK's departure from the EU, even when these projects continue after we have left the EU.

As a result, British businesses and other organisations will have additional certainty over future funding and should continue to apply for EU funding while the UK remains a member of the EU.

Funding for projects will be honoured by the government, if they meet good value for money and are in line with domestic strategic priorities. Each government department will take responsibility for the allocation of money to projects in line with these conditions and the wider rules on public spending. The full detail of the announcement can be found at the following website link: <http://tinyurl.com/h977fw4>

The Funds are managed by the Department for Communities and Local Government for the European Regional Development Fund, Department for Work and Pensions for the European Social Fund and the Department for Environment, Food and Rural Affairs for the European Agricultural Fund for Rural Development. These Departments are the Managing Authorities for each Fund. In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. In some other areas, Intermediate Bodies are being designated by the Department for Communities and Local Government and the Department for Work and Pensions to perform the following tasks:

- Input into project calls in respect of local development needs (with reference to ESI Funds Strategies); and
- Assessment of applications against certain selection criteria in relation to fit with local priorities in respect of the European Regional Development Fund and European Social Fund.

The Managing Authorities and Intermediate Bodies work closely with local partners on ESI Funds sub-committees in each Local Enterprise Partnership area. Partners on these sub-committees provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities (or Intermediate Bodies where designated) in the development of project calls that reflect Operational Programme and local development needs as well as match funding opportunities; and
- Advice on local economic growth conditions and opportunities within the context of the Operational Programme and the local European Structural and Investment Funds Strategy to aid the Managing Authorities' (or Intermediate Bodies where designated) assessments at outline and full application stage.

This call is issued by the Department for Communities and Local Government/Greater London Authority and invites Outline Applications in respect of the European Regional Development Fund for England 2014 to 2020.

## 2. Call Context

On behalf of the national Growth Programme Board, the Department for Communities and Local Government (the Managing Authority) invites applications seeking European Regional Development Fund support under:

### **Priority Axis 3    Enhancing the Competitiveness of Small and Medium Sized Enterprises**

#### **Investment Priorities:**

- 3a**       Promoting entrepreneurship, in particular by facilitating the economic exploitation of new ideas and fostering the creation of new firms, including through business incubators.
  
- 3c**       Supporting the creation and the extension of advanced capacities for products, services and development.

The **European Regional Development Fund Operational Programme for England 2014 to 2020** sets out how the European Regional Development Fund will focus on investment to support economic growth and job creation. **Priority Axis 3** of the Operational Programme aims to enhance the competitiveness of small and medium sized enterprises.

Any application for funding will be required to clearly demonstrate that it meets the requirement of, and makes a meaningful contribution to, the delivery of the relevant Priority Axis of the [European Regional Development Fund Operational Programme](#).

In addition, applications will be expected to meet identified local development needs, as expressed in the scope of this call and as set out in the [Cumbria Local Enterprise Partnership area](#) European Structural and Investment Funds Strategy.

Applicants are advised to familiarise themselves with the detail of the Operational Programme, local European Structural and Investment Funds Strategy and the relevant documentation listed in sections 5 through to 8 **prior to** submitting an Outline Application.

Government is working with Local Enterprise Partnership (LEPs) across England to establish a network of private sector-led Growth Hubs connecting businesses to the right support including access to local and Government funded support services. Applicants under this call will need to demonstrate how activity and delivery will be co-ordinated and made accessible through the Growth Hub in the LEP area covered by this call. Applicants will also need to demonstrate how they will work locally with their Growth Hub and all business support provision provided by local public and private sector partners and not duplicate any existing services, including that provided by the Growth Hub. Where relevant, further detail on Growth Hubs is set out below and in the Annex at the end.

Export advice is provided by UK Trade & Investment through contracts for International Trade Services and UK Export Finance. The Greater London Authority work with a number of additional organisations providing export advice. Contact the Greater London Authority for further details.

### 3. Scope of the Call

#### 3.1. Scope

This call invites Outline Applications which support the delivery of Priority Axis 3 of the European Regional Development Fund Operational Programme and respond to the local development need set out in the [Cumbria Local Enterprise Partnership area](#) European Structural and Investment Funds Strategy.

|   |   |
|---|---|
| <p><b>Indicative Fund Allocation:</b></p> | <p>Indicatively, through this call the Managing Authority expects to allocate up to £2m.</p> <p>The Managing Authority reserves the right to invite to full application (and subsequently approve) projects that have a cumulative value that is higher or lower than this indicative allocation, subject to the volume and quality of proposals received. The Managing Authority may also decide to place some projects submitted through this call on a reserve list and invite them to proceed at a later date, subject to the availability of funding.</p> <p>There is no indicative allocation of European Regional Development Fund funding between capital and revenue activity, both capital and revenue is eligible dependent on</p> |

|                                     | the nature of activities/Investment Priorities set out in the call.  |
| <b>Minimum application level</b>    | European Regional Development Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact. The Managing Authority does not intend to allocate less than £500,000 European Regional Development Fund to any single project. Consequently projects with a total value of less than £835,000 will not normally be supported under this call   |
| <b>Duration of project activity</b> | Projects should plan to deliver activity for a maximum of three years, however the Managing Authority reserves the right to vary the maximum duration, upwards or downwards.   |
| <b>Geographical Scope</b>           | <p>The England European Regional Development Fund Operational Programme operates on a National basis. All eligible European Regional Development Fund expenditure must benefit organisations located in England.</p> <p>Revenue projects should predominantly support businesses based within the Local Enterprise Partnership area of this call.</p>  |
| <b>Specific call requirements</b>   | <p>The indicative call budget of up to £2 million is for capital type projects. Projects incorporating an element of revenue type expenditure for business support must demonstrate how activity directly relates to the capital build. Any proposed business support must demonstrate additionality and be aligned with the Cumbria Growth Hub and other approved local business support.</p> <p>Please note that:</p> <ul style="list-style-type: none"> <li>• The provision of incubator space, managed workspace or grow-on space will need to be supported by comprehensive independent evidence of demand that is not met by existing supply. In addition, support for incubator space will only be provided where it is combined with an effective programme of business support tailored to the growth needs of the target occupants;</li> <li>• Furthermore, investments in business incubators will be targeted geographically and sectorally to avoid duplication and overlapping provision, in line with the approach of Smart Specialisation. Project will need to take account of both the European Court of Auditors report on incubators (ECA Special Report 07/2014) and the England Smart</li> </ul> |

In addition, particular attention will be paid to:</p> <ul style="list-style-type: none"> <li>○ Staff qualifications – the suitability of staff members responsible for providing business incubation services. It is recognised that lack of specific expertise might be addressed by additional ERDF co-funded projects;</li> <li>○ Incubation services – the scope and relevance of the incubation services which would be offered, and in particular of incubation programmes;</li> <li>○ Financial sustainability – applicants will be expected to provide detailed information about the scope of business support and its expected costs or results. They will also be expected to provide information about their strategies for covering any shortfall in operating expenditure and guaranteeing the continued provision of incubation services;</li> <li>○ Expected project impact – the expected benefits for the local economy;</li> </ul> <ul style="list-style-type: none"> <li>● Applicants will need to demonstrate at Outline Application that proposals are deliverable. Outline Applications should outline the current position in respect of planning permission, site ownership, match-funding and developing project costs and designs to RIBA Stage 3; and</li> <li>● Should an application progress to Full Application stage applicants will need to demonstrate the following: <ul style="list-style-type: none"> <li>○ That they own the project site or have an agreement in place to purchase it;</li> <li>○ Have secured planning permission;</li> <li>○ Have a coherent match-funding package in place;</li> <li>○ Have advanced project costs and designs to a minimum of RIBA Stage 3.</li> </ul> </li> </ul> <p>Failure to achieve this is likely to result in the Full Application being rejected.</p> <p><b>Good value for money and alignment with domestic strategic priorities</b> will form a key part of the assessment and appraisal of all applications. Proposals should therefore ensure that these two conditions are fully and robustly demonstrated.</p> |
| <p><b>Call Deadlines</b></p> | <p>For this specific call, applications will be assessed after the close of the single deadline.</p>  |

|  |  |
|--|--|
|  | Applications received after the published call close date will not be considered. All applications will be assessed following closure of the call. |

### 3.2. Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 3 of the Operational Programme, one or more of the relevant Investment Priorities and meet the local development need expressed in the table below.

| <b>LOCAL DEVELOPMENT NEED</b>  |
|--|
| <p><b>Local Growth Priorities:</b></p> <p>The Cumbria Strategic Economic Plan as well as the local ESIF Strategy sets out the importance of supporting local business growth, with the development of a number of high quality, appropriate and conveniently located employment sites at the heart of its vision.</p> <p>There is a need to increase the take up of employment land across Cumbria and to help address any barriers to developing allocated employment sites. It is also critical to ensure that newly created and micro-businesses are able to access incubator and grow on business space that match their individual growth ambitions. The development of suitable grow-on space will allow a ‘throughput’ of businesses, providing larger space for those taking the next-step on their development journey as well as opening up opportunities for micro-enterprises to secure smaller premises.</p> <p>The Cumbria LEP Evidence Base identifies the under-supply of suitably-sized commercial premises as being a key factor in stunting economic growth. It also highlights that in parts of Cumbria, restricted land availability has resulted in costs being too high to enable development to occur.</p> <p>The Cumbria Business Survey 2013 highlights that an average of 15% of businesses across Cumbria cited a lack of premises as a barrier to growth. Figures were highest in Carlisle and South Lakeland with 17% identifying this as a key issue and a further 14% in Copeland. In addition, 21% of growing businesses surveyed across Cumbria also said it was a barrier to growth.</p> <p>This funding call and the use of ERDF funding seeks to overcome the identified barriers and kick-start the creation of, renovation or expansion of existing premises to ensure a supply of high quality business locations. Support will be focussed on individuals with ambitions to start-up a business and micro-businesses and SMEs in the early stages of operation. In particular, the following activities could be supported under this priority;</p> <ul style="list-style-type: none"> <li>• Creation of new incubation, managed workspace and/or grow-on space;</li> <li>• Refurbishment of existing incubation, managed workspace and/or grow-on</li> </ul> |

- space to provide modern, attractive and suitable business premises;
- Creation of drop-in zones to provide micro-businesses and other SMEs with access to space and facilities for shorter periods;
- Provision of specialist business support, tailored to the needs of the target occupants within any new incubator space;
- Provision of space for Social Enterprise or Community Business Start-Up and Growth.

**Local Priorities:**

Proposals should demonstrate alignment with local development need and priorities including:

- How proposals will contribute towards delivery of the Cumbria ESIF Strategy.
- How proposals will complement the Four Pronged Attack – the local Strategic Economic Plan;
- How proposals will support the Strategic Investment Plan and Cumbria LEP Infrastructure Plan;
- How proposals will complement existing and planned provision, for example the Rural Growth Network;
- How proposals will work with existing and planned local business support provision, including the Cumbria Growth Hub, to ensure that businesses occupying premises are supported to survive and grow;
- Demonstrate clearly that proposed business support will not duplicate that provided through either the Growth Hub or other ESIF-supported programmes;
- Demonstrate the local market failure and need for publicly-funded intervention.

**3.3. Operational Programme Investment Priorities**

Applications must specify the activities to be delivered and must directly contribute to **one or more** of the following Investment Priorities:

|                                   |  |

| <p><b>Investment Priority</b></p> | <p><b>3a -Promoting entrepreneurship, in particular by facilitating the economic exploitation of new ideas and fostering the creation of new firms, including through business incubators.</b></p> |
| <p><b>Specific Objectives</b></p> | <p>Increase entrepreneurship, particularly in areas with low levels of enterprise activity and amongst under-represented groups.</p>   |

|                                  |  |
|----------------------------------|--|
| <p><b>Indicative Actions</b></p> | <p>Under this investment priority indicative actions to be supported by the European Regional Development Fund may include:</p> <ul style="list-style-type: none"> <li>• Provision of land and premises for employment sites including incubator space, managed workspace, or grow-on space</li> </ul> <p>Directly linked to the proposed capital activity, consideration to support revenue business support activity may include the following:</p> <ul style="list-style-type: none"> <li>• Targeted engagement, outreach and mentoring to strengthen entrepreneurial and enterprise culture</li> <li>• Provision of advice and support for entrepreneurship and self-employment in particular amongst under-represented groups by developing entrepreneurial skills and attitudes with a focus on increasing the number of business start-ups</li> <li>• Provision of advice and support for new business start-ups to survive and grow</li> <li>• Outreach, coaching, mentoring, networking and consultancy support to promote business start-up, survival and growth</li> </ul> <p>Operations will support individuals with ambitions to start up a business, and Small and Medium Sized Enterprises in the early stage of operation. These include social enterprises and those wishing to set up social enterprises.</p> <p>Projects incorporating an element of revenue type expenditure for business support must demonstrate how activity directly relates to the capital build. Any proposed business support must demonstrate additionality and be aligned with the Growth Hub and other approved local business support.</p> |

## 4. Required Outputs under this Call

Applicants will need to demonstrate how the eligible activity, funded by the European Regional Development Fund will achieve the ERDF programme-level outputs for Priority Axis 3.

For projects proposing to deliver activity against more than one Investment Priority, the appropriate outputs should be selected. Project will be required to report on, and evidence, the achievement of the outputs separately under each Investment Priority.

For projects coming forward under this call the expected outputs and results are:

The Managing Authority expects the level of outputs proposed within outline applications to be realistic and achievable and to deliver good value for money. The application should clearly state the methodology used to determine the levels of outputs proposed.

All operations will be required to report regularly on progress toward achievement of targets. This will need to include both quantitative and qualitative data relevant to the appropriate geographical areas. Applicants will need to explain how they will collect and record this information to maintain a fully evidenced audit trail. It should

be noted that if an operation fails to deliver contracted outputs, a performance penalty may apply.

## 5. Application Process & Prioritisation Methodology

There are two stages to the European Regional Development Fund application process:

- (i) Outline Application and, if successful
- (ii) Full Application.

Acceptance of an Outline Application to progress to full application stage does not in any way indicate or constitute an offer of European Regional Development Fund grant.

Applicants must fully complete the [Outline Application](#) which will be assessed by the Managing Authority against all of the national [Selection Criteria](#) except where an Intermediate Body has been designated to assess against some of the selection criteria. Where an Intermediate Body has been designated to undertake delegated tasks, the Intermediate Body will undertake the assessment against the selection criteria in relation to fit with local priorities.

Outline Applications will be assessed in two stages, Gateway assessment and Core assessment.

The Gateway assessment is undertaken by the Managing Authorities and considers:

- applicant eligibility;
- activity and expenditure eligibility; and
- fit with the National Operational Programme and the local development need set out in section 2.

Applications that fail the Gateway assessment undertaken by the Managing Authority will be rejected. Applications which pass the Gateway assessment will then be assessed by the Managing Authority in relation to all Core assessment criteria.

In areas where an Intermediate Body<sup>2</sup> has been designated, the following will apply:

The Intermediate Body will assess the application against the following Core assessment criteria:

- Local Strategic Fit

---

<sup>2</sup> This process works differently for the Greater London Authority. Please contact the Greater London Authority for further details.

The Managing Authority will assess the application against the following Core assessment criteria:<sup>3</sup>

- National Strategic Fit
- Value for money
- Management and control
- Deliverability
- Compliance
  - Procurement
  - State Aid
  - Publicity requirements
- Cross cutting themes
  - Environmental sustainability
  - Equal Opportunities

The Intermediate Body will also provide advice to the Managing Authority to assist the Managing Authority to make its assessment against the following Core selection criteria:

- Value for money
- Deliverability

Having assessed projects against these criteria the relevant Local Economic Partnership area European Structural and Investment Funds Sub-Committee will advise the Managing Authority or Intermediate Body as relevant on the contribution to local economic growth conditions and opportunities within the context of the Operational Programme and local European Structural and Investment Funds Strategy to aid the Managing Authority's assessments (at outline and full application stage).

Having concluded their assessments the Managing Authority and the Intermediate Body will prioritise the applications they wish to proceed based on their assessment against their respective selection criteria. Only projects that the Managing Authority and the Intermediate Body each agree should proceed, based on their respective core selection criteria, will be invited to submit a full application. Subsequently only those full applications that the Managing Authority and the Intermediate Body each agree should proceed, based on their respective selection criteria, will be approved.

Please note that the Managing Authority's decision is final and there are no appeals. If you wish to complain about the calls and application process, please follow the procedure set out at <https://www.gov.uk/government/organisations/department-for-communities-and-local-government/about/complaints-procedure>

Potential applicants / applicants may wish to take advantage of information and support services funded through ERDF Technical Assistance and available to assist the design and development of compliant projects / applications for ERDF. Details of your local Technical Assistance funded project can be found on the [Technical Assistance website page](#).

## 6. General Information

### 6.1. National Eligibility Rules

When developing an application, Applicants must refer to the [National Eligibility Rules](#) setting out the requirements of the 2014-2020 European Regional Development Fund Programme. It is the responsibility of the Applicant to ensure that the National Eligibility Rules are adhered to both at application stage and following approval. Failure to do so can lead to financial penalties leading to recovery of up to 100% of the grant value. If in doubt on any of the requirements, Applicants are strongly advised to seek specialist advice.

European Regional Development Fund eligibility rules apply to **all** project spend within the eligible costs, including match funding.

The European Regional Development Fund is governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation, (Section 8 Key Document refers) prior to submitting an Outline Application. If successful at the full application stage, Applicants will enter into [a Funding Agreement](#) and must abide by the standard terms and conditions contained therein. Once a Funding Agreement has been issued it should be signed and returned within 30 days, unless otherwise agreed with the Managing Authority. Applicants are therefore strongly advised to read these terms and conditions to ensure that they are able to enter into such an agreement prior to responding to the call.

### 6.2. Eligible Applicants

Section 4 of the [National Eligibility Rules](#) sets out who is eligible to apply. Financial Due Diligence checks will be undertaken on non-public sector Applicants successful at the Outline Application stage.

Applicants must be legally constituted at the point of signing a Funding Agreement. If the application is approved the Applicant organisation will enter into a legally binding Funding Agreement and therefore will carry the liability for ensuring that the terms and conditions of the Funding Agreement are met.

If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant (and Grant Recipient) with the remaining organisation(s) acting as Delivery Partner(s). In this situation the Applicant would be responsible and liable for the Delivery Partner(s) and ensuring the project is operating compliantly.

During the application process the Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities have been identified, the Managing Authority will expect to see what steps have been taken to ensure that the risk of further irregularities in the future is mitigated. It is acknowledged that some organisations will be new to European Structural and Investment Funds funding and will not have a track record.

### **6.3. Contribution Rate & Match Funding**

European Regional Development Fund investment must not be used to replace existing funding sources. European Regional Development Fund investment must enable activity to take place that would not otherwise happen or to increase the scope, scale or intensity of activity. The level of European Regional Development Fund awarded will be the minimum in order for the project to proceed

The maximum Contribution Rate is 60% of the total eligible project costs subject to State Aid regulations.

The remaining 40% or more must come from other eligible sources as specified under section 6 of the National Eligibility Rules. During the application process applicants will need to satisfy the Managing Authority that they have, or are able to put in place eligible match funding for the balance of costs. Other European Union funds cannot be used as a source of match funding.

European Regional Development Fund investment is limited by State Aid regulations and where the award of European Regional Development Fund would constitute State Aid the European Regional Development Fund grant rate may fall below the 60% maximum.

European Regional Development Fund is paid quarterly in arrears and expenditure must be defrayed prior to the submission of any Grant claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

### **6.4. Project Timescales**

European Regional Development Fund funding will normally be approved for three years, however the Managing Authority reserves the right to extend the contract term in exceptional circumstances.

Projects approved through this call will normally be expected to:

- Submit a detailed and complete full application within three months of formal selection at outline stage. Projects which fail to meet this deadline may be deselected,
- Commence delivery (defraying European Regional Development Fund eligible costs) within three months of formal approval. Projects which fail to meet this deadline may be deselected, and
- Be closed by June 2023.

## **6.5. Capital Projects**

In developing the budget for the Outline Application, applicants seeking European Regional Development Fund to support a capital project should note that:

- new build projects will normally be expected to achieve the Building Research Establishment Environmental Assessment Method (BREEAM) rating of 'excellent'; however BREEAM 'very good' will be accepted where this is the maximum feasible standard.
- Refurbishment projects will normally be expected to achieve the BREEAM rating of 'Very Good'.
- Infrastructure projects will normally be expected to achieve the Civil Engineering Environmental Quality Assessment rating of 'Very Good'.

## **6.6. Cross Cutting Themes/Horizontal Principles**

All applications selected as a result of this call will be required to demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross Cutting Themes for European Regional Development Fund are 'equality and anti-discrimination' and 'sustainable development'. Further information is available in Section 11 of the [European Regional Development Fund Operational Programme](#).

Some groups lack entrepreneurial understanding and appropriate skills and face entrenched attitudinal barriers. People in difficult social or economic circumstances face barriers to enterprise, but some groups have additional ones – for example women and black and minority ethnic groups are often under-represented in enterprise compared to the wider population, so investments under Priority Axis 3 should actively address barriers to business start-up and other types of business opportunities for such groups.

In providing support for SMEs, applicants under Priority Axis 3 should show, where appropriate, how resource efficiency is embedded into the business support offer.

## 6.7. Additionality, Duplication and Displacement

Additionality is a core principle of European Regional Development Funding. Applicants must be able to demonstrate that the activity paid for out of European Regional Development Funding adds value to new or existing activity.

European Regional Development Funding cannot support activities that duplicate existing provision/services within the region.

Applications need to identify and evidence how the beneficiaries will use the service and demonstrate that the project does not displace other activity available in the market place.

## 6.8. State Aid & Revenue Generation

Applicants are required, in the Outline Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid. Grant funding to any economic undertaking which is State Aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme under the General Block Exemption Regulation (EU) 651/2014.

Only if this is not possible should Applicants use the De Minimis Regulation or 'no aid'. [Guidance for Grant Recipients](#), explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the applicant to ensure that the operation is State Aid compliant.

## 6.9. Procurement

All costs claimed by the Applicant (Grant Recipient and/or Delivery Partner(s)) must be recovered on an actual cost basis. Other costs must be procured in line with National (including [Public Procurement Regulation 2015](#)) and European Union regulations. Procurement will be subject to audit and verification and any irregularity will result in a financial penalty of up to 100% of the grant paid. Robust and transparent procurement is required to ensure that Grant Recipients:

- Consider value for money;
- Maximise efficient use of public money;
- Maintain competitiveness and fairness across the European Union.

It is **strongly recommended** that Applicants seek and follow legal advice in respect of procurement requirements. Procurement irregularities remain the most substantive cause of error and clawback of grants.

## 7. Support

Please note that this is a competitive call and to preserve impartiality the Managing Authority and, where appropriate, the Intermediate Body are unable to enter into correspondence with applicants over their Outline Application. Details of where guidance can be found are contained throughout this call document. In exceptional circumstances, if there are issues with accessing this guidance, please contact: [NW.ERDFENQUIRIES@communities.gsi.gov.uk](mailto:NW.ERDFENQUIRIES@communities.gsi.gov.uk)

## 8. Key Documents

- European Regional Development Fund Operational Programme;
- Outline Application Form;
- Outline Application Form Guidance;
- Local Enterprise Partnership area's European Structural and Investment Funds Strategy;
- Eligibility Guidance;
- Target Definitions;
- Funding Agreement (Revenue and/or Capital).

## 9. Document Checklist

Incomplete applications will be rejected. Please ensure the following information (documents) are submitted.

Outline Stage:

- Fully completed Outline Application;
- Financial Tables;
- Outputs, Results and Indicators Tables.

## 10. Document Submission

Completed Outline Applications must be submitted via **email** to the address in Section 7.

Outline Application forms not received by the deadline will not be assessed. Outline Applications which are not fully completed will be excluded.

For this call applications will normally be required to **commence delivery/activity within three months** of the award of a Funding Agreement.

Any changes related to the deadline for the submission of the Outline Application form will be notified on the [European Growth Funding](#) website pages.

# ANNEX

## **2014-20 EUROPEAN REGIONAL DEVELOPMENT FUNDING FOR GROWTH HUB ACTIVITIES**

Growth hubs will ensure that support for business is simpler, more joined up and easier to access. Some will also provide targeted support to businesses tailored to local needs e.g. priority sectors, groups. In the new 2014-20 European Regional Development Fund Programme period, some growth hubs will have a physical presence in the local area for businesses to seek advice, support and to network whilst others will offer a virtual service.

Although growth hubs are open to all businesses, regardless of size or sector, they will be able to offer European Regional Development Fund support only to eligible small and medium sized enterprises under European Regional Development Fund Priority Axis 3. Local Enterprise Partnerships and other partners in some localities have therefore sought clarification as to whether the 2014-20 European Regional Development Fund Programme for England can be used to fund the following activities:

- Signposting and diagnostic activity (e.g. salary costs associated with business advisers, telephone support services);
- Facilitation of peer to peer networking events;
- Growth hub marketing activity;
- Website development/ maintenance and/or enhancements/development of new on-line tools;
- Back office, administration;
- Management of the growth hub.

The Department for Communities and Local Government has therefore worked with The Department for Business, Innovation and Skills (BIS) to produce this Annex on growth hub activities and how they may be supported by European Regional Development Fund.

### **European Regional Development Fund objectives**

Where growth hub activity is eligible for European Regional Development Fund support, it will be supported under Priority Axis 3 of the European Regional Development Fund Operational Programme which is designed to improve the competitiveness of small and medium sized enterprises by increasing the capacity and capability of small and medium sized enterprises and promoting entrepreneurship.

## **Eligibility of growth hub activities for European Regional Development Fund support**

LEPs and other partners are asked to note:

1. European Regional Development Fund requires minimum match funding of between 20% and 50%, depending on where in England the growth hub is located. As a result, a robust match funding package needs to be in place for a project to proceed.
2. European Regional Development Fund, the match funding and associated outputs must be accounted for and auditable, so transparent reporting systems for both funding and impacts will need to be in place.
3. As a general principle, European Regional Development Fund can support core functions (and revenue costs) of growth hubs, where they directly contribute to Operational Programme activity and outputs.
4. Any European Regional Development Fund support under Priority Axis 3 is limited to European Regional Development Fund eligible sectors, small and medium sized enterprises (not large companies) and potential entrepreneurs. This means that a universal offer for all businesses cannot be funded by European Regional Development Fund – we can only fund those parts that provide support to eligible potential entrepreneurs or enterprises.
5. Delivery of information, diagnosis, brokerage is permitted, however, integrated delivery with further support, advice or grant is preferred (for reasons of practicality, deliverability and Value for Money), rather than standalone information, diagnosis, brokerage.
6. Growth hub staff directly associated with the delivery of European Regional Development Fund project activity are eligible for European Regional Development Fund support, e.g. staff costs for posts directly related to the European Regional Development Fund project in terms of project delivery, management, co-ordination and monitoring; and posts directly related to referrals, signposting and diagnosis of needs of small and medium sized enterprises and potential entrepreneurs eligible for support from European Regional Development Fund.
7. Growth hub marketing collateral, website content and tools where developed specifically for the purpose of helping to deliver European Regional Development Fund Operational Programme activity and outputs may be supported.

8. Partnership development between Growth Hubs and organisations/institutions involved in providing business support that involves agreeing appropriate referral mechanisms that are clearly linked to signposting and IDB for eligible small and medium sized enterprises and outputs under European Regional Development Fund Priority Axis 3 may be supported.
9. 15% flat rate overheads are available (based on 15% of direct staff costs) and cover eligible overheads and back office costs – for example, indirect staff costs such as receptionists, Human Resources, legal, procurement support, governance and partnership development time (also see 7 and 8 above), Information Technology, shared premises costs and other associated costs.

European Regional Development Fund will **not** be able to support generalised local growth hub activity that does not deliver support to eligible individuals or enterprises, such as:

- a. Support for strategy development (including sector strategies).
- b. Support to simplify the business support landscape (e.g. mapping), except where this relates to the development of referrals and protocols linked to European Regional Development Fund project delivery and eligible European Regional Development Fund small and medium sized enterprises.
- c. Support for research or other development activity for the growth hub and/or Local Enterprise Partnership, including annual review of growth hub performance.
- d. General growth hub website maintenance and tools development unrelated to the delivery of the European Regional Development Fund Operational Programme.
- e. Support for general growth hub partnership activity and governance.

Inevitably, this will result in some functions (or parts thereof) of each growth hub that must be funded from other sources, such as private contributions or other public funds.
