1. Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

European Structural and Investment Funds are managed by the Department for Communities and Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term “Managing Authority” will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority’s assessments at outline and full application stage.

This call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the **Priority Axis 2 of the Operational Programme: Skills for Growth** and **Investment Priority: 2.1 Enhancing equal access to lifelong learning** as set out in the Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This call for proposals sets out the requirements for any applicants to consider before applying. Applications against this call will be assessed as part of a two stage appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

Applicants are advised to familiarise themselves with the detail of the Operational Programme, local European Structural and Investment Funds Strategy and the

relevant documentation listed in sections 5 through to 8 **prior to** submitting an Outline Application.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 (see Appendix A). This will be as well as the requirement of reporting on output and result indicators referred to in section 3 of the call for proposal.

1.1 National Context

This priority axis aims to support skills for growth. It will support activities through:

Investment priority: 2.1 - Enhancing equal access to lifelong learning for all age groups in formal, non formal and informal settings, upgrading the knowledge, skills and competences of the workforce, and promoting flexible learning pathways including through career guidance and validation of acquired competences

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational Programme. Details of the specific objectives have been reproduced below.

Specific Objective	Results that the Member States seek to achieve with Union support
To increase the skills levels of employed people from the existing level to the next level up, to encourage progression in employment.	The additional support from this investment priority will help employed people to progress at work through achieving higher skills, and it will drive growth in their organisation by improving productivity. We have set result targets for participants gaining qualifications or units – separate targets for level 2 and level 3.
To increase the number of people with technical and job specific skills, particularly at level 3 and above and into higher and advanced level apprenticeships, to support business growth.	The main result that will be achieved is that more participants will have gained a qualification or a unit of qualification. This investment priority will also support business growth through the development of a more highly skilled workforce. We have set a result target for participants gaining qualifications or units at level 3 or above.
To increase the skills levels of employed women to encourage progression in employment and help address the gender	The additional support from this investment priority will support women in raising the level of their skills, helping them to progress in employment or self-employment and achieve

employment and wage gap.	higher earnings. There is a result target about progression in work. This investment priority will also contribute to supporting business growth through the development of a more highly skilled workforce.

1.2 Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 2, Investment Priority 2.1 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

Call outline

Cornwall & the Isles of Scilly Local Enterprise Partnership Area Background

One of the dominant contributory factors to a country's productivity and economic growth is the education, training and skills of the working age population. In Cornwall and The Isles of Scilly (C&IoS) the percentage of people with no qualifications has remained relatively static in terms of total percentage of 16-64 year olds and also as percentages of the economically active and those in employment. 75,000 people are not yet qualified to Level 2 (the national skills benchmark level). This affects their ability to move forward in their job and career choices.

There remains a significant skills gap in the percentage of people with higher level skills of NVQ4 and above. Although this has increased by over 10% in the last 8 years, the total number of people skilled at this level is still below the national average; an additional 13,000 people need to develop skills at NQ4+ to reach this.

There is also a need to support our employers to meet the challenges in managing Apprenticeship delivery and engaging in new skills development opportunities. Our ambition for Cornwall and the Isles of Scilly is to meet these challenges and to work together to ensure that the skills of our current and future workforce enable us to compete in the global economy.

The C&IoS ITI Board will, through its ESIF programme, support activity that aims to increase the skills levels of employees and volunteers in the Voluntary, Community and Social Enterprise (VCSE) Sectors. The C&IoS ITI identifies the need to inspire businesses to achieve their potential as a priority. The Board recognises both the specific contribution the VCSE sectors make to the economy, society and environment of C&IoS, and the specific skills needs the sectors must meet if they are to realise their potential in future VCSE service delivery. This activity aligns with the European Union ESF Operational Programme, Investment Priority 2.1 Enhancing Equal Access to Lifelong Learning.

A survey conducted in Autumn 2015 into the Voluntary, Community and Social Enterprise Sector (VCSE) in C&IoS identified the key skills needs of VCSE organisations over the next five years as; financial management, safeguarding, leadership, communication skills, collaborative/partnership working and negotiation skills. Additionally skills for managing and hosting volunteers, measuring effectiveness, impact and social value, governance skills for directors and trustees and social investment were also cited as important.

This Call responds directly to the following Objectives identified in the refreshed Employment & Skills Strategy:-

Objective SO1 'Develop our highly skilled workforce for tomorrow'

Objective SO2 'Drive employer and individual engagement and investment in skills'

Objective SO3 'Enable people to access and progress in meaningful employment'

Local priorities

The aim of this call is to deliver tailored training to ensure the sustainability of services to people and the future strength of the sector. Additionality and innovative responsiveness to business needs as well as overall sectoral capacity development are key to success.

It is envisaged that applicants would consider a range of approaches to Building the VCSE including; building the capacity of organisations to provide suitable and supported: project / placement/ internship / apprenticeship opportunities. Models could include for example; identifying, trialling and piloting different approaches.

Sectors / Collectives: skills needs identification and delivery solutions for the VCSE, potentially utilising:-

- a sector based approach e.g. voluntary organisations that specialise in land based delivery projects and programmes;
- locality-based collectives of companies;
- cluster approaches via supported membership organisations e.g. mutual social enterprises, youth work, environmental sustainability

Alternatively or additionally the delivery model could include:

Individual In Company Skills Delivery: skills needs and delivery solutions for individual VCSE organisations. The aim is the delivery of new skills provision / new programme content.

The focus of any proposed project must relate to 'business organisational skills needs' that are 'employer identified or agreed' and that are not currently funded under e.g. AEB, ESF, Mainstream programmes etc

Applicants are advised that any proposed activity must:

- Demonstrate how they will work with employers
- Support flexible learning and delivery models (e.g. delivery on employer sites, business cluster approach, evening, online learning platforms and modules)

- Demonstrate how they would be responsive to changing business needs especially the responsibility of the VCSE to reduce individual reliance on statutory services
- Demonstrate how it will overcome logistical and financial challenges in order to deliver high quality opportunities for beneficiary organisations on the Isles of Scilly
- Maximise collaboration and communication within the VCSE
- Ensure clear alignment and avoid duplication with other ESF and ERDF funded projects including, but not limited to, those via Building Better Opportunities, CLLD, Skills Funding Agency (especially the Upskilling the VCSE contract), The Skills Access Hub projects and the ERDF funded Growth Hub
- Align with Cornwall Council's transformation agenda and emerging work strands
-

Specifically applicants should evidence how their application will help deliver the higher level ie Level 3 + aims identified in the VCSE Work Strategy 2014-2020 and Key Facts.

Applicants must evidence how they will approach and resolve the specific issues faced by VCSE organisations on the Isles of Scilly including for example; high cost travel, additional accommodation requirements.

Applicants are strongly encouraged to exceed the cross cutting theme requirements detailed in the Operational Programme. The ITI Board will seek to provide its support to projects that:

- Demonstrate how the application will embed cross cutting themes good and best practices into the proposed project's activities
- Make reference to the [Inclusion Strategy](#) and the [Environmental Growth Strategy](#) outlined in the Cornwall and Isles of Scilly [Integrated Territorial Investment Strategy](#).

To support applicants, the Programme Facilitation Team, funded by technical assistance, offer free specialist cross cutting themes support for applicants and can be contacted at: acesstotheprogramme@cornwalldevelopmentcompany.co.uk
A detailed C&IoS [Evidence Base](#) is available. This has formed the basis for the C&IoS [Employment and Skills Strategy](#) and the [C&IoS ITI Strategy](#)

1.3 Scope of activity

This call invites Outline Applications which support the delivery of Priority Axis 2, **Investment Priority 2.1 Enhancing equal access to lifelong learning** of the European Social Fund Operational Programme and responds to the local development need set out in the C&IoS ITI Strategy Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

2. Call Requirements

All applications are competitive.

Indicative Fund Allocation:	Indicatively, through this call the Managing Authority expects to allocate approximately £780,000ESF The Managing Authority reserves the right to decrease or increase the indicative allocation, or support more or fewer projects subject to the volume and quality of proposals received.
Minimum application level	European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact. The Managing Authority does not intend to allocate less than £200,000 of European Social Funding to any single project.
Duration of project approvals	Projects should be for a maximum of three years; however the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.
Geographical Scope	All interventions should be focused on activity and beneficiaries within the Cornwall & Isles of Scilly Local Enterprise Partnership area.
Specific call requirements	This is a call for ESF activity.
Call Deadlines	For this specific call, applications will be assessed following closure of the call. Applications received after the published call close date will not be considered.
Application selection	All applications will be scored in line with the ESF scoring

	criteria, but the MA reserve the right to invite projects to full application stage where they complement other activity or provide niche activity to target groups within the OP.
Applicant proposals	These can only contain activities which are eligible for ESF
Eligible match funding	Applicants will need to have eligible match funding for the balance of costs, which must be from a source other than the European Union. At outline application stage the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.
Operational completion	Operations must be completed no later than 31 st December 2020
Procurement	All procurement must be undertaken in line with EU regulations.
State Aid law	Applicants must demonstrate compliance with State Aid law
Audit/ Compliance	All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

Investment Priority	2.1 Enhancing equal access to lifelong learning
Specific Objectives	Enhancing equal access to lifelong learning for all age groups in formal, non-formal and informal settings, upgrading the

	knowledge, skills and competences of the workforce, and promoting flexible learning pathways including through career guidance and validation of acquired competences
Indicative Actions	<p>ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support additional activities or target groups, including provision co-designed with local partners.</p> <p>Examples of activities that may be supported include:</p> <ul style="list-style-type: none"> • skills shortages or needs in particular sectors or local areas which are not currently being addressed by employers or individuals; • leadership and management training in Small and Medium size Enterprises (up to 250 employees); • training and support for people at all levels, in particular addressing the needs of disadvantaged groups in and out of the workplace; • access to learning; information about learning and skills; • brokerage of opportunities between learners and employers.

ESF - CO14	Participants who live in a single adult household with dependent children	20	-	-

Applicants will be required to demonstrate how they will achieve the deliverables within their proposal along with any methodology that will be used to record achievement. Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and qualitative performance across the Cornwall and Isles of Scilly LEP area. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

There must be a fully evidenced audit trail for all contracted deliverables.

4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

ESIFs are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'key documents' section prior to submitting an Outline application. If successful, Applicants will enter into the standard Funding Agreement and must abide by the standard terms and conditions contained therein. Applicants are therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the call. Once a Funding Agreement has been issued it should be signed and returned within a short

timescale.

4.2 Intervention Rate & Match Funding

ESF is funding used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 80%. This means ESF can contribute up to 80% of the total eligible project costs, subject to State Aid regulations. The remaining 20% or more must come from other eligible sources. For all outline applications, the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

4.3 Applicants

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

4.4 Cross Cutting Themes

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which

will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific equality questions which will be set out in both the full application form and the related guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#).

4.5 State Aid & Revenue Generation

Applicants are required, in the Outline Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.¹ Grant funding to any economic undertaking which is state aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation. Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article

¹ Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

4.5 Funding Agreement

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

4.6 Procurement

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

- consider value for money;
- maximise efficient use of public money; and
- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

4.7 Retrospection

There will be no retrospection for applications made against this call, other than in line with the general policy on retrospection which allows costs to be potentially eligible between outline and full application stage, but only where the full application is approved.

5. Application Process & Prioritisation Methodology

There are two stages to the ESF application process; Outline Application and if successful, Full Application. Applicants must fully complete the Outline Application Form (section 9 refers). Guidance is available on the [European Growth Funding](#) website pages. Acceptance of an Outline Application to progress to full application stage does not in any way indicate or constitute an offer of European Social Fund grant. Applications will be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility;
- Activity and expenditure eligibility; and
- The fit with the ESF OP and the call.

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit;
- Value for money;
- Management & control;
- Deliverability;
- Procurement / tendering; and
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its assessment is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The assessment and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants who are successful at the Outline Application stage may be subject to due financial diligence checks by the Managing Authority, prior to submission of a Full Application. Applicants will be required to submit accounts, and to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

There is no appeal process for applicants whose Applications are rejected at Outline Application stage, Full Application stage or for failing to satisfy the MA's Financial Due Diligence checks.

6. Support

Please note that this is a competitive call and to preserve impartiality we are unable to enter into correspondence with applicants over their Outline application. Details of where guidance can be found are contained throughout this calls document. In exceptional circumstances, if there are issues with accessing this guidance, please contact:

✉: ESF.2014-2020@dwp.gsi.gov.uk
