

Case Number: 2300780/16

# THE EMPLOYMENT TRIBUNAL

---

**Claimant**                      **Ms S Jones**  
**Respondent**                    **Balance Me Limited**

## JUDGMENT

The respondent's application dated 20.6.17 for reconsideration of the judgment sent to the parties on 7.6.17 is refused.

## REASONS

The application does not seek reconsideration of the judgment, which was in the respondent's favour, but instead seeks clarification of a finding which was not material to the decision on the agreed issues of fact. This is not a matter within the realms of Rule 71, therefore the application does not disclose any arguable basis for the judgment to be reconsidered.
