# 1. Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

European Structural and Investment Funds are managed by the Department for Communities and Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term “Managing Authority” will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority’s assessments at outline and full application stage.

This call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the **Priority Axis 1 of the Operational Programme: Inclusive Labour Markets** and **Investment Priority: 1.2 Sustainable Integration into the Labour Market of Young People** as set out in the Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This call for proposal sets out the requirements for any applicants to consider before applying. Applications against this call will be assessed as part of a two stage appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 (see Appendix A). This will be as well as the requirement of reporting on output and result indicators referred to in section 3 of the call for proposal.

## 1.1 National Context

This priority axis aims to increase participation in the labour market and thereby improve social inclusion and mobility. The Operational Programme identifies the need to address high levels of youth unemployment in specific areas of England this will be delivered through the following Investment priority:

**Investment priority 1.2** Sustainable integration into the labour market of young people (ESF), in particular those not in employment, education or training, including young people at risk of social exclusion and young people from marginalised communities, including through the implementation of the Youth Guarantee

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational Programme. Details of the specific objectives have been reproduced below.

<b>Specific Objective</b>	<b>Results that the Member States seek to achieve with Union support</b>
To support the rise in the participation age by providing additional traineeship and apprenticeship opportunities	The additional support from this investment priority will help more young people enter traineeships and apprenticeships (in areas that do not qualify for the Youth Employment Initiative up to 2018) It will improve the quality of what is offered to individuals by improving recruitment and assessment and engagement with employers. By helping more young participants aged 15 to 24, male and female, who were NEET or at risk of NEET, to take up traineeships or apprenticeships, we will improve movements into work.
To engage marginalised 15-18 year olds and support them to re-engage with education or training	The additional support from this investment priority will help to find and engage young people who are disconnected from mainstream activity in areas that do not qualify for the Youth Employment Initiative. Participants could, for example, be members of gangs, care leavers, young lone parents, ex-offenders or young people with learning difficulties. They are likely to require more intensive and tailored interventions. The main result that will be achieved is that more participants will be engaged with education or training on leaving, and this will be measured by the result target.
To address the basic skills needs of young NEETS so that they can compete effectively in the labour market;	The additional support from this investment priority will help young NEETs (in areas that do not qualify for the Youth Employment Initiative up to 2018) to acquire the basic skills

	necessary to enable them to progress into an apprenticeship, traineeship or other employment. The main result that will be achieved is that more participants will have gained basic skills. There is an output target for participants without basic skills and a result target for participants gaining basic skills.
To provide additional work experience and pre-employment training opportunities to unemployed 18-24 year olds	The additional support from this investment priority will help unemployed 18-24 year olds (in areas that do not qualify for the Youth Employment Initiative up to 2018) to transition into training or sustainable employment (or self-employment). The main result that will be achieved is that more participants will enter traineeships, apprenticeships or sustainable employment (including self-employment) on leaving.
To support young lone parents to overcome the barriers they face in participating in the labour market (including childcare).	The additional support from this investment priority will help young lone parents (in areas that do not qualify for the Youth Employment Initiative up to 2018) to move closer to and into sustainable employment (including self-employment). Support will include assistance with childcare when this has not been covered by public provision, such as Universal Credit. It will also help participants to overcome other barriers, such as low basic skills or lack of confidence. The main result that will be achieved is that more participants will move into sustainable employment (including self-employment). There is an output target for the number of lone parents.

## 1.2 Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 1, Investment Priority 1.2 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

### Call outline

#### North East Local Enterprise Partnership – Strategic Economic Plan

The North East Local Enterprise Partnership’s Strategic Economic Plan sets out a series of measures to enable the region’s economy to generate 100,000 more and better jobs by 2024.

The plan contains specific programmes to improve skills, employability and inclusion. In relation to skills, the challenges include a mismatch between the supply of and demand for skills; meeting future replacement demand needs; a large number of

younger and older individuals who are out of work; as well as raising aspirations and social mobility.

The challenge in relation to employability and inclusion is to ensure economic growth benefits the whole of the region by addressing the higher than average levels of economic inactivity amongst young people.

## **County Durham – Business and Enterprise Framework**

County Durham's Economic Partnership has developed a Business and Enterprise Framework to improve the productivity of County Durham's businesses. The Framework supports the ambitions set out in the North East Local Enterprise Partnership's Strategic Economic Plan.

Although there has been improvement across a number of County Durham's economic indicators, challenges remain – particularly in relation to young people. Support to improve the aspirations, education and skills of young people is crucial if the ambitions set out in the North East Local Enterprise Partnership's Strategic Economic Plan and County Durham's Business and Enterprise Framework are to be realised.

## **County Durham - Challenges**

County Durham is in the top 30% of the most deprived authorities across England, which means that large numbers of County Durham residents live in areas that have significant issues. Analysis of data shows that just below 50% of the population live in areas with high levels of income deprivation, over 60% of the working age population live in areas with high levels of employment deprivation, and nearly 40% of the population live in areas with high levels of education deprivation.

Higher levels of unemployment and economic inactivity, allied to lower rates of employment have a disproportionate negative impact on young people in County Durham. The most recent statistics for County Durham show that a greater proportion of 16-24 year olds are unemployed, claim unemployment related benefits, and are economically inactive compared to the average rates for Great Britain. The employment rate of 16-24 year olds in County Durham is also lower than the average rate for Great Britain.

A higher proportion of 16-24 year olds in County Durham have no qualifications and a lower proportion of young people have higher level qualifications, compared to the average rates for Great Britain.

### **Local Priorities:**

In order to address the issues outlined above, the aim of the call is to increase the participation, achievement and progression of young people aged 15-24 in County Durham who are NEET (not in education, employment or training), whilst also reducing the number of young people who are at risk of becoming NEET.

For 15-16 year olds who are at risk of becoming NEET, it is important to work with the Local Authority prior to engaging this particular target group.

Activities should focus on increasing the participation, achievement and progression of young people in vulnerable and disadvantaged groups, including:

- Young people with SEND (Special Educational Needs and/or Disabilities).
- Looked After Children / Care Leavers
- Young people who offend or are at risk of re-offending.
- Young parents.
- Young carers.
- Young people with a history of drug and alcohol misuse
- Young people identified with emotional / behavioural and / or mental health issues.

Projects must deliver local and flexible delivery across the whole of County Durham, including specific geographical areas where the levels of NEET are highest.

Projects must also engage with the hardest to reach young people who are NEET. For those who are at risk of becoming NEET, the focus should be on improving their attendance, attainment and / or behaviour to enable them to access suitable education, employment and training opportunities.

All activities must complement and avoid duplication with other provision, such as the Department for Work and Pensions / Big Lottery, Education Funding and Skills Agency, Local Authority, National Careers Service and Careers Enterprise Company funded provision. Successful candidates will be required to ensure that ESF provision will clearly add value and not duplicate any existing mainstream provision.

The objectives of the call are to:

- Contribute to a reduction in the number of young people with no or lower level qualifications.
- Contribute to an increase in the number of young people progressing into education, employment or training as a result of skills development and support.
- Increase the number of young people progressing into Traineeships, Apprenticeships and employment.
- Contribute to a reduction in the number of young people who are NEET or are at risk of becoming NEET.

Projects will deliver activities to:

- Provide structured transition and employment support for young people, including high quality and impartial Information, Advice and Guidance.
- Increase the supply of young people who have the appropriate skills, qualifications and attributes for employment.
- Stimulate demand with employers for the employment of young people.

Details of the local ESIF Strategy can be found at: <http://www.nelep.co.uk/wp-content/uploads/2014/10/NE-LEP-ESIF-Strategy-Full-23-June-2016.pdf>

### 1.3 Scope of activity

This call invites Outline Applications which support the delivery of Priority Axis 1, **Investment Priority 1.2 Sustainable Integration of Young People into the Labour Market** of the European Social Fund Operational Programme and responds

to the local development need set out in the North East Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

## 2. Call Requirements

All applications are competitive

<b>Indicative Fund Allocation:</b>	Indicatively, through this call the Managing Authority expects to allocate up to a maximum <b>£4.79m ESF</b> .  <b>100% - £4.79m allocated to the Transition Region</b>  The Managing Authority reserves the right to increase or decrease the indicative allocation, or support more or fewer projects subject to the volume and quality of proposals received.
<b>Minimum application level</b>	European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact. The Managing Authority does not intend to allocate less than <b>£150,000 of European Social Funding to any single project</b> .
<b>Duration of project approvals</b>	Projects should be for a maximum of three years; however the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.
<b>Geographical Scope</b>	All interventions should be focused on the County Durham Transition area of the North East Local Enterprise Partnership area.
<b>Specific call requirements</b>	This is a call for ESF activity in County Durham only.
<b>Call Deadlines</b>	For this specific call, applications will be assessed following closure of the call. Applications received after the published call close date will not be considered.
<b>Application selection</b>	All applications will be scored in line with the ESF scoring criteria, but the MA reserve the right to invite projects to full application stage where they complement other activity or provide niche activity to target groups within the OP.
<b>Applicant proposals</b>	These can only contain activities which are eligible for ESF.
<b>Eligible match funding</b>	Applicants will need to have eligible match funding for the balance of costs, which must be from a source other than the European Union. At outline application stage the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of

	formal approval.  The intervention rate in the Transition Region of County Durham is 60% so 40% of match funding must be provided.
<b>Operational completion</b>	Operations must be completed no later than June 2021.
<b>Procurement</b>	All procurement must be undertaken in line with EU regulations.
<b>State Aid law</b>	Applicants must demonstrate compliance with State Aid law.
<b>Audit/ Compliance</b>	All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

### 3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

<b>Investment Priority</b>	<b>1.2 Sustainable Integration Of Young People Into The Labour Market</b>
<b>Specific Objectives</b>	Sustainable integration into the labour market of young people (ESF), in particular those not in employment, education or training, including young people at risk of social exclusion and young people from marginalised communities, including through the implementation of the Youth Guarantee
<b>Indicative Actions</b>	<p>ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support additional activities or target groups, including provision co-designed with local partners.</p> <p>Examples of actions for all young people who are NEET or at risk of becoming NEET include:</p> <ul style="list-style-type: none"> <li>• literacy, numeracy, ICT and employability provision to ensure that individuals have the basic skills needed in all jobs and to help them prepare for apprenticeships and progress through other routes to gaining higher skills;</li> <li>• support which complements other skills provision, such as crosscutting and 21<sup>st</sup> century skills, including team working,</li> </ul>

	<p>effective communication, problem solving, critical thinking and self-direction;</p> <ul style="list-style-type: none"> <li>• training and vocational qualifications to equip young people for specific jobs;</li> <li>• support for young women to enter non-traditional sectors (e.g. construction) which addresses barriers to entry e.g. to apply for apprenticeships;</li> <li>• community and informal learning to engage young people who have struggled at school and encourage them to access more formal learning;</li> <li>• intermediate labour market activity to provide a structured and supportive environment where young people can gain work experience;</li> <li>• using self-employment as a route out of worklessness, including providing advice and support for self-employment.</li> </ul>
--	---

## Results Table

ID	Result Indicator	Minimum Target value for this call
R3	Participants gaining basic skills	4%
R5	Participants (below 25 years of age) in employment, including self-employment, or education/ training upon leaving	43% Transition
ESF-CR06	Participants in employment, including self-employment, 6 months after leaving	34% Transition

ID	Output Indicator	Total Minimum target value for this call	Men minimum target value	Women minimum target value
O2	Participants (below 25 years of age) who are unemployed or inactive	5129	2718	2411
ESF –CO01	Unemployed, including long-term unemployed	3540	-	-
ESF – CO03	Inactive	1589	-	-
O5	Participants from		-	-

	ethnic minorities	205		
ESF - CO16	Participants with disabilities	461	-	-
O6	Participants without basic skills	871		
ESF - CO14	Participants who live in a single adult household with dependent children	353	-	-

Applicants will be required to demonstrate how they will achieve the deliverables within their proposal along with any methodology that will be used to record achievement. Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and qualitative performance across the County Durham area. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

There must be a fully evidenced audit trail for all contracted deliverables.

## 4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

### 4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

European Structural Investment Funds (ESIF) are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'key documents' section prior to submitting an Outline application. If successful, Applicants will enter into the standard Funding Agreement and must abide by the standard terms and conditions contained therein. Applicants are therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the call. Once a Funding Agreement has been issued it should be signed and returned within a short timescale.

## **4.2 Intervention Rate & Match Funding**

ESF is funding used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 60%. This means ESF can contribute up to 60% of the total eligible project costs, subject to State Aid regulations. The remaining 40% or more must come from other eligible sources. For all outline applications, the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

## **4.3 Applicants**

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

## **4.4 Cross Cutting Themes**

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific equality questions which will be set out in both the full application form and the related guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#).

## 4.5 State Aid & Revenue Generation

Applicants are required, in the Outline Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.<sup>1</sup> Grant funding to any economic undertaking which is state aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation. Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article 61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

## 4.6 Funding Agreement

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

---

<sup>1</sup> Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

#### **4.7 Procurement**

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

- consider value for money;
- maximise efficient use of public money; and
- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

#### **4.8 Retrospection**

There will be no retrospection for applications made against this call, other than in line with the general policy on retrospection which allows costs to be potentially eligible between outline and full application stage, but only where the full application is approved.

## **5. Application Process & Prioritisation Methodology**

There are two stages to the ESF application process; Outline Application and if successful, Full Application. Applicants must fully complete the Outline Application Form (section 9 refers). Guidance is available on the [European Growth Funding](#) website pages. Acceptance of an Outline Application to progress to full application stage does not in any way indicate or constitute an offer of European Social Fund grant. Applications will be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility;
- Activity and expenditure eligibility; and
- The fit with the ESF OP and the call.

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit;

- Value for money;
- Management & control;
- Deliverability;
- Procurement / tendering; and
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its assessment is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The assessment and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants who are successful at the Outline Application stage may be subject to due financial diligence checks by the Managing Authority, prior to submission of a Full Application. Applicants will be required to submit accounts, and to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

There is no appeal process for applicants whose Applications are rejected at Outline Application stage, Full Application stage or for failing to satisfy the MA's Financial Due Diligence checks.

## 6. Support

Please note that this is a competitive call and to preserve impartiality we are unable to enter into correspondence with applicants over their Outline application. Details of where guidance can be found are contained throughout this calls document. In exceptional circumstances, if there are issues with accessing this guidance, please contact:

✉: [ESF.2014-2020@dwp.gsi.gov.uk](mailto:ESF.2014-2020@dwp.gsi.gov.uk)

No applications are to be sent to this email address. Completed Outline applications must be sent to the email address provided in Section 9 – Document submission.

## 7. Key Documents

- Outline Application Form;
- Outline Application Form Guidance;
- Local Enterprise Partnership area's ESIF strategy; and
- National ESF Eligibility Rules.

# 8. Document Checklist

The assessment will be undertaken on the basis of documentation received at the point of closure of the call. Applicants should provide the following documentation.

Outline Stage:

- fully completed Outline Application;
- financial tables (if the application is against more than one Category of Region, a financial table for each Category of Region);
- Outputs, Results and Indicators tables (if the application is against more than one Category of Region, a Outputs, Results and Indicators table for each Category of Region); and

To enable the Managing Authority to complete the required Financial Due Diligence checks (if private or voluntary and community sector), applicant to provide:

- three years financial accounts
- Proof of existence - Certificate of Incorporation, Charities Registration , VAT Registration Certificate or alternate form of incorporation documentation;
- Proof of trading - Financial Accounts/Statements for the most recent two years of trading including, as a minimum, Profit and Loss Account and Balance Sheets;
- Completed Financial Viability and Risk Assessment Applicant Template (for applications requesting annualised funding of greater than £1m)

Failure to provide the above documentation could result in the application being rejected.

# 9. Document Submission

Completed Outline Applications must be submitted to

✉: [2014-2020.ESFAPPLICATIONS@DWP.GSI.GOV.UK](mailto:2014-2020.ESFAPPLICATIONS@DWP.GSI.GOV.UK)

# 10. Timescales

Launch of Call advertised on gov.uk.	25 <sup>th</sup> September 2017
Deadline for submission of Outline Application	20 <sup>th</sup> November 2017

Outline Application forms not received by the deadline will not be assessed. Outline Applications which are not fully completed will be excluded.

For this call applications will normally be required to **commence delivery/activity within three months** of the award of contract.

Any changes related to the deadline for the submission of the Outline Application form will be notified on the [European Growth Funding](#) website pages.

# 11. Appendix A – Common output indicators

## Appendix A – extract from Annex 1 of the ESF regulation

Common output and result indicators for ESF investments

(1) Common output indicators for participants

"Participants" refers to persons benefiting directly from an ESF intervention who can be identified and asked for their characteristics, and for whom specific expenditure is earmarked. Other persons shall not be classified as participants. **All data shall be broken down by gender.**

The common output indicators for participants are:

unemployed, including long-term unemployed
long-term unemployed
inactive
Inactive, not in education or training
employed, including self-employed
below 25 years of age
above 54 years of age
above 54 years of age who are unemployed, including long-term unemployed, or inactive not in education or training
with primary (ISCED 1) or lower secondary education (ISCED 2)
with upper secondary (ISCED 3) or post-secondary education (ISCED 4)
with tertiary education (ISCED 5 to 8)
participants who live in jobless households
participants who live in jobless households with dependent children
participants who live in a single adult household with dependent children
ethnic minorities
Participants with disabilities
other disadvantaged
homeless or affected by housing exclusion
from rural areas

Common immediate result indicators for participants are:

inactive participants engaged in job searching upon leaving
participants in education/training upon leaving
participants gaining a qualification upon leaving
participants in employment, including self-employment, upon leaving

disadvantaged participants engaged in job searching, education/ training, gaining a qualification, in employment, including self-employment, upon leaving
---

Common longer-term result indicators for participants are:

participants in employment, including self-employment, six months after leaving
---

participants with an improved labour market situation six months after leaving
--

participants above 54 years of age in employment, including self-employment, six months after leaving
---

disadvantaged participants in employment, including self-employment, six months after leaving
---
