# 1. Call Context

The 2014 to 2020 European Structural and Investment Funds (ESIF) bring the European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) together into a single European Union (EU) Structural Investment Funds (ESIF) Growth Programme for England supporting the key growth priorities of innovation, research and development, support for Small and Medium Enterprises (SME), low carbon, skills, employment, and social inclusion.

European Structural and Investment Funds are managed by the Department for Communities and Government (ERDF), Department for Work and Pensions (ESF) and the Department for Environment Food and Rural Affairs (EAFRD). In London, the Greater London Authority acts as an Intermediate Body for the European Regional Development Fund and European Social Fund programmes. Unless stated otherwise, the term “Managing Authority” will apply to all these organisations. These Departments are the Managing Authorities for each Fund. The Managing Authorities work closely with local partners who provide:

- Practical advice and information to the Managing Authorities to assist in the preparation of local plans that contribute towards Operational Programme priorities and targets;
- Local intelligence to the Managing Authorities in the development of project calls (decided by the Managing Authorities) that reflect Operational Programme and local development needs as well as match funding opportunities;
- Advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy to aid the Managing Authority’s assessments at outline and full application stage.

This call is issued by the Department for Work and Pensions (DWP) to commission ESF Funded projects that will support the **Priority Axis 2 of the Operational Programme: Skills for Growth** and **Investment Priority: 2.1 Enhancing equal access to lifelong learning** as set out in the Operational Programme.

All applications will need to be eligible under the European Social Fund Operational Programme for England 2014 to 2020. The [ESF Operational Programme](#) is available for applicants to read.

This call for proposals sets out the requirements for any applicants to consider before applying. Applications against this call will be assessed as part of a two stage appraisal process and successful applicants will enter into a funding agreement with the DWP. Further information is given in sections 4 to 10.

Applicants are advised to familiarise themselves with the detail of the Operational Programme, local European Structural and Investment Funds Strategy and the relevant documentation listed in sections 5 through to 8 **prior to** submitting an Outline Application.

All ESF applicants will need to be aware of the requirement to collect and report data on all participants as per Annex 1 (see Appendix A). This will be as well as the requirement of reporting on output and result indicators referred to in section 3 of the call for proposal.

## 1.1 National Context

This priority axis aims to support skills for growth. It will support activities through:

**Investment priority: 2.1** - Enhancing equal access to lifelong learning for all age groups in formal, non formal and informal settings, upgrading the knowledge, skills and competences of the workforce, and promoting flexible learning pathways including through career guidance and validation of acquired competences

ESF will not fund activity that duplicates or cuts across national policy on grants and loans for tuition for skills activities. Exemptions to this principle will be considered only where a local specific need and/or market failure has been demonstrated and where the activity falls within the scope of the Operational Programme.

Full details of what can and cannot be supported under this Investment Priority are set out in the Operational Programme. Details of the specific objectives have been reproduced below.

Specific Objective	Results that the Member States seek to achieve with Union support
To address the basic skills needs of employed people, particularly in SMEs and micro businesses.	The additional support from this investment priority will help employed people to gain basic skills. It will also improve the capacity of SMEs and micro businesses and support business growth. We have set an output target for the number of participants without basic skills and a result target for participants gaining basic skills.
To increase the skills levels of employed people from the existing level to the next level up, to encourage progression in employment.	The additional support from this investment priority will help employed people to progress at work through achieving higher skills, and it will drive growth in their organisation by improving productivity. We have set result targets for participants gaining qualifications or units – separate targets for level 2 and level 3.
To increase the number of people with technical and job specific skills, particularly at level 3 and above and into higher and advanced level apprenticeships, to support business growth.	The main result that will be achieved is that more participants will have gained a qualification or a unit of qualification. This investment priority will also support business growth through the development of a more highly skilled workforce. We have set a result target for participants gaining qualifications or units at level 3 or above.
To increase the skills levels of employed women to encourage progression in employment and help address the gender employment and wage gap.	The additional support from this investment priority will support women in raising the level of their skills, helping them to progress in employment or self-employment and achieve higher earnings. There is a result target about progression in work. This investment priority will also contribute to supporting business growth

	through the development of a more highly skilled workforce.
--	---

## 1.2 Local Development Need

Projects must deliver activity which directly contributes to the objectives of Priority Axis 2, Investment Priority 2.1 of the Operational Programme, and which meets the **local development need** expressed in the text and table below.

### Call outline

Through this call the ESF Managing Authority is seeking projects which will support participants within growing SMEs to develop the key skills required to progress in the workforce and ensure progression within the workforce.

- Since the ESIF and Strategic Economic Plan were developed in 2013, there has been a period of sustained national economic growth, with Leicester and Leicestershire experiencing a growing number of jobs and increasing Gross Value Added (GVA). Due to an ageing workforce, tightening labour market and under-representation of certain groups and women in key roles within Leicester and Leicestershire, local businesses are increasingly identifying skills shortages as barriers to business growth, especially in some key sectors.
- During mid 2017 LLEP commissioned research built upon a detail and open consultation process and a refresh of the original evidence base used to inform the ESIF priorities and the detail of future calls for activity. Ensuring businesses have the right workforce skills to operate in a tight labour market, develop their own staff and plan for their future skills needs were deemed major priorities for the programme.

### Local priorities

Our ESIF Strategy sets the context for our ambitions around employment and skills and our intentions are set out on page 68 of the Strategy (link supplied at the end of this section).

This call wishes to concentrate on supporting a range of sector based transferable skills and qualifications, especially related to STEM skills within the local workforce, notably in key sector businesses. In particular in response to the following set of circumstances:

- The prevalence of SMEs within Leicester and Leicestershire and in particular micro enterprises.
- The percentage of the workforce qualified to Level 2 – this is very low in Leicester City and has remained largely static in the county.
- The low percentage of the working age population qualified to Level 4, particularly in Leicester City.
- Low average earnings in comparison to national rates, in particular in Leicester City

- The identification of skills as a major priority across all of Leicester and Leicestershire's Sector Growth Plans

More detailed information relating to these issues can be found within the Skills for the Future Open Calls Report on the LLEP website: <https://www.llep.org.uk/esif-section/>

Developing the workforce skills of businesses in our key growth sectors is a key priority for the area's Strategic Economic Plan. There have been a number of current and planned investments made in the skills infrastructure to support sector growth in Leicester and Leicestershire and LLEP are keen to ensure this activity is enhanced through providing opportunities for all employers across our key sectors to develop the skills of their workforce. Our key sectors are under review and presently include the following.

- Advanced manufacturing and engineering
- Creative industries
- Health and Social Care
- Food and drink
- Logistics and distribution
- Low carbon
- Professional and financial services
- Sport and Physical Activity
- Textiles (where provision in advance of a potential physical Textiles Hub would be welcome)
- Tourism and hospitality

However, this list is not exhaustive and as well as sectors that help drive GVA growth there are other sectors such as retail and construction which play a key role in the local economy. In addition, the four sites on the two LLEP Enterprise Zones have specialisms in Space, Life Sciences and Auto Engineering. We are keen to use workforce skills provision as a major support tool for businesses located at our Enterprise Zone sites.

The call will concentrate on the provision of lifelong learning in formal and informal settings to upgrade the knowledge, skills and competencies of the workforce in businesses within key sectors. There should be an emphasis on developing employer led flexible learning pathways.

The activity will primarily be aimed at residents who are either employed or under-employed. Where practical, training should be in a recognised qualification or module of a qualification at Level 2 or above. It should be delivered in partnership with the LLEP Business Gateway and also to scale-up businesses where relevant.

The activity commissioned through ESF must not replace any current statutory provision or replace any planned investment in training of the participant business. We are keen to look at innovative and sustainable models of delivery. Activity should be aligned to the Leicester and Leicestershire Business Growth Hub and should support local scale-up businesses.

Activity may include:

**ESIF Call Template**  
 ESIF-Form-2-001, Version 11.0  
 Date published 18-10-2017

- Develop and deliver training to support LLEP area priority sectors and businesses where evidenced skills gaps remain
- Develop training to support employed or under-employed residents to complete qualifications/part qualifications and non-accredited training.
- Addressing a lack of skills at practical and technical levels
- Increase levels of literacy and numeracy in the workplace
- Support for the increase of internships, placements or Apprenticeships in key sectors - any work on Apprenticeships needs to be coordinated through the Leicestershire Employment Hub
- Support for women and BAME groups to progress in the workplace
- Support for part-time employees to progress in the workplace

Projects should not duplicate or replace existing support within national programmes, or existing ESF Projects within the LLEP area.

Applicants should demonstrate that they have identified and targeted areas where there is evidence of demand.

Details of the local ESIF Strategy can be found at: <https://www.llep.org.uk/strategies-and-plans/esif/our-esif-strategy-2014-2020/>

The Skills for the Future Report can be found at <https://www.llep.org.uk/investing-in-our-people/skills-strategies/skills-for-the-future-study-2016/>

An overview of existing ESF Projects and target beneficiaries can be found at: <https://www.llep.org.uk/esif-section/about-esif/>

Background research underpinning LLEP ESF Future Open Calls can be found at: <https://www.llep.org.uk/esif-section>

The Sector Growth Plans can be found at: <https://www.llep.org.uk/strategies-and-plans/sector-growth-plans/>

## Scope of activity

This call invites Outline Applications which support the delivery of Priority Axis 2, **Investment Priority 2.1 Enhancing equal access to lifelong learning** of the European Social Fund Operational Programme and responds to the local development need set out in the Leicester and Leicestershire Local Enterprise Partnership Area European Structural and Investment Funds Strategy.

This call aims to address the identified shortfalls listed in section 1.2 Local Development Need above.

## 2. Call Requirements

All applications are competitive.

<b>Indicative Fund Allocation:</b>	<p>Indicatively, through this call the Managing Authority expects to allocate approximately <b>£1.9M ESF</b></p> <p>The Managing Authority reserves the right to decrease or increase the indicative allocation, or support more or fewer projects subject to the volume and quality of proposals received.</p>
<b>Minimum application level</b>	<p>European Social Fund investment is intended to make a significant impact on local growth. Applications are expected to demonstrate appropriate scale and impact. The Managing Authority does not intend to allocate less than £200,000 of European Social Funding to any single project.</p> <p>Applications requesting an ESF amount below the 'Minimum Application Level' will be rejected.</p>
<b>Duration of project approvals</b>	<p>Projects should be for a maximum of three years; however the Managing Authority reserves the right to vary the maximum duration in exceptional circumstances.</p>
<b>Geographical Scope</b>	<p>All interventions should be focused on activity and beneficiaries within the Leicester and Leicestershire Local Enterprise Partnership area.</p>
<b>Specific call requirements</b>	<p>This is a call for ESF activity.</p>
<b>Call Deadlines</b>	<p>For this specific call, applications will be assessed following closure of the call. Applications received after the published call close date will not be considered.</p>
<b>Application selection</b>	<p>All applications will be scored in line with the ESF scoring criteria, but the MA reserve the right to invite projects to full application stage where they complement other activity or provide niche activity to target groups within the OP.</p>
<b>Applicant proposals</b>	<p>These can only contain activities which are eligible for ESF.</p>
<b>Eligible match funding</b>	<p>Applicants will need to have eligible match funding for the balance of costs, which must be from a source other than the European Union. At outline application stage the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.</p>

<b>Operational completion</b>	Operations must be completed no later than 31 July 2021.
<b>Procurement</b>	All procurement must be undertaken in line with EU regulations.
<b>State Aid law</b>	Applicants must demonstrate compliance with State Aid law
<b>Audit/ Compliance</b>	All expenditure and activities will be subject to rigorous audit and non-compliance may lead to financial penalty.

ESF cannot be used to duplicate existing activities or activities that do not address market failure. ESF can only be used to achieve additional activity or bring forward activity more quickly. Applicants must be able to demonstrate that proposals are additional to activity that would have occurred anyway or enables activity to be brought forward and delivered more quickly than otherwise would be the case in response to opportunity or demand.

### 3. Deliverables required under this Call:

Applications will be expected to achieve the minimum indicative level of Programme Deliverables by contributing to the following Investment Priority. The definitions of which can be accessed at the [ESF Operational Programme](#).

<b>Investment Priority</b>	<b>2.1 Enhancing equal access to lifelong learning</b>
<b>Specific Objectives</b>	Enhancing equal access to lifelong learning for all age groups in formal, non-formal and informal settings, upgrading the knowledge, skills and competences of the workforce, and promoting flexible learning pathways including through career guidance and validation of acquired competences
<b>Indicative Actions</b>	<p>ESF will not support activities that duplicate or replace existing support within national programmes, but may be used to support additional activities or target groups, including provision co-designed with local partners.</p> <p>Examples of activities that may be supported include:</p> <ul style="list-style-type: none"> <li>• skills shortages or needs in particular sectors or local areas which are not currently being addressed by employers or individuals;</li> <li>• leadership and management training in Small and Medium size Enterprises (up to 250 employees);</li> <li>• training and support for people at all levels, in particular addressing the needs of disadvantaged groups in and out of the workplace;</li> </ul>

	<ul style="list-style-type: none"> <li>• access to learning; information about learning and skills;</li> <li>• brokerage of opportunities between learners and employers.</li> </ul>
--	--

ID	Result Indicator	Minimum Target value for this call
R3	Participants gaining basic skills	11%
R6	Participants gaining level 2 or below or a unit of a level 2 or below qualification (excluding basic skills)	25%
R7	Participants gaining level 3 or above or a unit of a level 3 or above qualification	8%
R8	Employed females gaining improved labour market status	35%

ID	Output Indicator	Total Minimum target value for this call	Men minimum target value	Women minimum target value
O1	Participants	3467	1699	1768
O4	Participants over 50 years of age	693	-	-
O5	Participants from ethnic minorities	884	-	-
ESF - CO16	Participants with disabilities	250	-	-
ESF - CO14	Participants who live in a single adult household with dependent children	151	-	-
O6	Participants without basic skills	610		

Applicants will be required to demonstrate how they will achieve the deliverables within their proposal along with any methodology that will be used to record achievement. Applicants will also need to ensure robust systems are in place, and be able to describe them, to capture and record the targets and to report quantitative and qualitative performance across the Leicester and Leicestershire LEP area. All operations will be required to collect data and report progress against the deliverables with each claim. Where an operation underperforms against their deliverables they may be subject to a performance penalty.

There must be a fully evidenced audit trail for all contracted deliverables.

## 4. General Information

Essential information to support the drafting of an application and delivery of a successful ESF funded project is available at the [European Growth Funding](#) website pages.

### 4.1 Compliance and Eligibility

When developing an application, Applicants should refer to [guidance](#) on eligible Applicants, activities and costs. These are for guidance only and Applicants should take their own specialist advice if in doubt. It is the responsibility of the Applicant to ensure that the rules and guidance are adhered to both at application stage and following approval.

ESIFs are governed by European regulations and national rules. Applicants are advised to familiarise themselves with the relevant documentation listed in the 'key documents' section prior to submitting an Outline application. If successful, Applicants will enter into the standard Funding Agreement and must abide by the standard terms and conditions contained therein. Applicants are therefore strongly advised to read these terms and conditions to ensure that they would be able to enter into such an agreement prior to responding to the call. Once a Funding Agreement has been issued it should be signed and returned within a short timescale.

### 4.2 Intervention Rate & Match Funding

ESF is funding used where no other funding can be obtained (the funder of last resort) and the maximum ESF intervention rate for the operation is 50%. This means ESF can contribute up to 50% of the total eligible project costs, subject to State Aid regulations. The remaining 50% or more must come from other eligible sources. For all outline applications, the applicant will need to provide information to demonstrate that the operation is likely to have the required level of match funding in place at the point of formal approval.

ESF is not paid in advance and expenditure must be defrayed prior to the submission of any claims. Applicants may be asked to demonstrate how they are able to cash flow the operation.

### 4.3 Applicants

Applicants must be legally constituted at the point of signing a Funding Agreement, and be able to enter into a legally binding Funding Agreement. The Applicant will be the organisation that, if the application is successful, enters into a contract for ESF and therefore carries the liability for ensuring that the terms of the ESF Funding Agreement are met by them and to all delivery partners. If there is more than one organisation applying for the funds, a lead organisation must be selected to become the Applicant. It is this organisation that carries the responsibility and liability for carrying out a compliant project.

The Managing Authority will consider the Applicant's track record, both positive and negative. If the Applicant has been involved in the delivery of previous European grants and any irregularities with this (these) grant(s) have been identified, the Managing Authority will look into these and expect to see how and what steps have been taken to ensure that these have been addressed to mitigate the risk of further irregularities in the future. It is acknowledged that some organisations will be new to ESIF funding and will not have a track record.

#### **4.4 Cross Cutting Themes**

All applications received under this Call should demonstrate how the Cross Cutting Themes have been addressed in the project design and development. Cross cutting themes for ESF are 'gender equality and equal opportunities' and 'sustainable development'.

For ESF, the project applicants will be required to deliver their services in-line with the Public Sector Equality Duty (as defined in the Equality Act 2010). All projects must have a gender and equal opportunities policy and implementation plan which will be submitted at full application stage and in-line with Managing Authority guidance. Project applicants will also be required to answer a number of ESF-specific equality questions which will be set out in both the full application form and the related guidance.

For ESF, all projects will also be required to submit a sustainable development policy and implementation plan (in-line with guidance produced by the Managing Authority).

The ESF programme particularly welcomes projects that have an environmental focus that can meet the strategic fit at local and programme level whilst also adding value by:

- supporting environmental sustainability; and/ or
- complementing the environmental thematic objectives of other programmes such as ERDF; and/or
- using the environment as a resource to help motivate disadvantaged people

Further information is available in the [ESF Operational Programme](#).

#### **4.5 State Aid & Revenue Generation**

Applicants are required, in the Outline Application, to provide a view on how their proposal complies with State Aid law. Applicants must ensure that projects comply with the law on State Aid.<sup>1</sup> Grant funding to any economic undertaking which is state

---

<sup>1</sup> Article 107(1) of the Treaty on the Functioning of the European Union provides that: "Save as otherwise provided in the Treaties, any aid granted by a Member State or through state resources in any form whatsoever which distorts or threatens to distort competition by favouring certain undertakings or the production of certain goods shall, in so far as it affects trade between Member States, be incompatible with the internal market."

aid can only be awarded if it is compatible aid, in that it complies with the terms of a notified scheme or is covered by the De Minimis Regulation. Guidance for grant recipients, explaining more about State Aid, is available; it is important that Applicants take responsibility for understanding the importance of the State Aid rules and securing their full compliance with them throughout the project, if it is selected into the Programme.

The Managing Authority is not able to give legal advice on State Aid. It is the responsibility of the Applicant to ensure that the operation is State Aid compliant.

Where the Applicant does not perceive that there is any State Aid, it should state whether or not it considers Articles 61 and 65(8) of regulation 1303/2013 to apply. This revenue should be taken into account in calculating eligible expenditure. Article 61 refers to monitoring revenues generated after completion of the project, and Article 65(8) how to deal with differences in the forecast and actual revenues at the end of the operation. The details of this will be tested at the full application stage.

#### **4.6 Funding Agreement**

The Funding Agreement is a standard, non-negotiable and legally binding document. Any successful Applicant will be subject to the terms and conditions contained within this agreement. Applicants are strongly advised to seek their own advice to ensure that they would be able to enter into and abide by the terms of the Funding Agreement.

Failure to meet any of the conditions of the agreement or the commitments within the application will result in claw back of funding.

Applicants should be aware that additional provisions and securities may be included within the Funding Agreement to protect the investment. These will be further discussed if relevant following the Full Application stage.

#### **4.7 Procurement**

All costs delivered by the Grant Recipient (the applicant) and/or delivery partners must be delivered on an actual cost basis. Other costs must be procured in line with EU regulations. The most common error identified during audit has been failure to comply with relevant procurement regulations and crucially to maintain a full audit trail to prove that they have complied with the relevant regulation. Robust and transparent procurement is required to ensure that Grant Recipients:

- consider value for money;
- maximise efficient use of public money; and
- maintain competitiveness and fairness across the European Union.

It is recommended that applicants seek their own legal advice pertaining to their procurement and requirements to publicise any tendering opportunities.

The Managing Authority is not able to give legal advice on procurement. It is the responsibility of the applicant to ensure the project is compliant in this respect.

#### **4.8 Retrospection**

There will be no retrospection for applications made against this call, other than in line with the general policy on retrospection which allows costs to be potentially

eligible between outline and full application stage, but only where the full application is approved.

## 5. Application Process & Prioritisation Methodology

There are two stages to the ESF application process; Outline Application and if successful, Full Application. Applicants must fully complete the Outline Application Form (section 9 refers). Guidance is available on the [European Growth Funding](#) website pages. Acceptance of an Outline Application to progress to full application stage does not in any way indicate or constitute an offer of European Social Fund grant. Applications will be subject to a Gateway Assessment undertaken by the Managing Authority under the following criteria:

- Applicant eligibility;
- Activity and expenditure eligibility; and
- The fit with the ESF OP and the call.

Proposals that pass the Gateway Assessment will move into the Core Assessment which consists of the following:

- Strategic fit;
- Value for money;
- Management & control;
- Deliverability;
- Procurement / tendering; and
- State Aid compliance.

The Managing Authority will seek advice from partners when considering applications to ensure its assessment is informed by local economic growth conditions and opportunities within the context of Operational Programmes and the local ESIF Strategy. This will include the relevant LEP Area ESIF Committee and other partners deemed relevant to the application.

The assessment and any prioritisation will be undertaken using only the information supplied as part of the application process. The Managing Authority cannot accept further detail outside this process.

Non-public sector Applicants who are successful at the Outline Application stage may be subject to due financial diligence checks by the Managing Authority, prior to submission of a Full Application. Applicants will be required to submit accounts, and to clarify financial or other organisational information. New Applicant organisations may be required to provide details of a guarantor.

There is no appeal process for applicants whose Applications are rejected at Outline Application stage, Full Application stage or for failing to satisfy the MA's Financial Due Diligence checks.

## 6. Support

Please note that this is a competitive call and to preserve impartiality we are unable to enter into correspondence with applicants over their Outline application. Details of where guidance can be found are contained throughout this calls document. In exceptional circumstances, if there are issues with accessing this guidance, please contact:

✉: [ESF.2014-2020@dwp.gsi.gov.uk](mailto:ESF.2014-2020@dwp.gsi.gov.uk)

No applications are to be sent to this email address. Completed Outline applications must be sent to the email address provided in Section 9 – Document submission.

## 7. Key Documents

- Outline Application Form;
- Outline Application Form Guidance;
- Local Enterprise Partnership area's ESIF strategy; and
- ESF Eligibility Rules.

## 8. Document Checklist

The assessment will be undertaken on the basis of documentation received at the point of closure of the call. Applicants should provide the following documentation.

Outline Stage:

- fully completed Outline Application;
- financial tables (if the application is against more than one Category of Region, a financial table for each Category of Region);
- Outputs, Results and Indicators tables (if the application is against more than one Category of Region, a Outputs, Results and Indicators table for each Category of Region); and

To enable the Managing Authority to complete the required Financial Due Diligence checks (if private or voluntary and community sector), applicant to provide:

- three years financial accounts
- Proof of existence - Certificate of Incorporation, Charities Registration , VAT Registration Certificate or alternate form of incorporation documentation;
- Proof of trading - Financial Accounts/Statements for the most recent two years of trading including, as a minimum, Profit and Loss Account and Balance Sheets;
- Completed Financial Viability and Risk Assessment Applicant Template (for applications requesting annualised funding of greater than £1m)

Failure to provide the above documentation could result in the application being rejected.

## 9. Document Submission

Completed Outline Applications must be submitted to

✉: [2014-2020.ESFAPPLICATIONS@DWP.GSI.GOV.UK](mailto:2014-2020.ESFAPPLICATIONS@DWP.GSI.GOV.UK)

## 10. Timescales

Launch of Call advertised on gov.uk.	18 October 2017
Deadline for submission of Outline Application	10 January 2018

Outline Application forms not received by the deadline will not be assessed. Outline Applications which are not fully completed will be excluded.

For this call applications will normally be required to **commence delivery/activity within three months** of the award of contract.

Any changes related to the deadline for the submission of the Outline Application form will be notified on the [European Growth Funding](#) website pages.

## 11. Appendix A – Common output indicators

### Appendix A - extract from Annex 1 of the ESF regulation

Common output and result indicators for ESF investments

(1) Common output indicators for participants

"Participants" refers to persons benefiting directly from an ESF intervention who can be identified and asked for their characteristics, and for whom specific expenditure is earmarked. Other persons shall not be classified as participants. **All data shall be broken down by gender.**

The common output indicators for participants are:

unemployed, including long-term unemployed
long-term unemployed
inactive
Inactive, not in education or training
employed, including self-employed

below 25 years of age
above 54 years of age
above 54 years of age who are unemployed, including long-term unemployed, or inactive not in education or training
with primary (ISCED 1) or lower secondary education (ISCED 2)
with upper secondary (ISCED 3) or post-secondary education (ISCED 4)
with tertiary education (ISCED 5 to 8)
participants who live in jobless households
participants who live in jobless households with dependent children
participants who live in a single adult household with dependent children
ethnic minorities
Participants with disabilities
other disadvantaged
homeless or affected by housing exclusion
from rural areas

Common immediate result indicators for participants are:

inactive participants engaged in job searching upon leaving
participants in education/training upon leaving
participants gaining a qualification upon leaving
participants in employment, including self-employment, upon leaving
disadvantaged participants engaged in job searching, education/ training, gaining a qualification, in employment, including self-employment, upon leaving

Common longer-term result indicators for participants are:

participants in employment, including self-employment, six months after leaving
participants with an improved labour market situation six months after leaving
participants above 54 years of age in employment, including self-employment, six months after leaving
disadvantaged participants in employment, including self-employment, six months after leaving
