

Match funding information on this list shows the estimated value of the match that the DWP as a CFO will use from that contract in the 2007-2013 ESF programme. This will be different from the full indicative value of the whole ESF contract. Sometimes only a partial value from a match contract is used if that is all that the DWP CFO needs in order to match 50:50 with their ESF spend. The figures will not be finalised until the ESF spend is completed.
