**Subject:** RE: Steering Group - Notes

Thank ever so much for your participation in this morning's call:

Attendees: [REDACTED] BP, [REDACTED] Shell, [REDACTED], [REDACTED] [REDACTED-OUT-OF-SCOPE], [REDACTED] and [REDACTED] OGUK, [REDACTED] DECC

Apologies: [REDACTED] [REDACTED-OUT-OF-SCOPE], [REDACTED] [REDACTED-OUT-OF-SCOPE] & [REDACTED] [REDACTED-OUT-OF-SCOPE]

[REDACTED-OUT-OF-SCOPE]

Short discussion on where else Oil & Gas UK can help with regard the NNS in the current cost/price climate.

**ACTION for [REDACTED]** to engage with NNSR WG members (companies represented today) to understand if there is any guidance for Oil & Gas UK in this arena. Given the backdrop of the Dundas report evaluation that all companies are inextricably linked – is there something about collaboration in these challenging times that could be a game changer? The NNS Area Stewardship Forum meets on Feb 24<sup>th</sup> to check-in on progress of key projects – would this provide the correct forum for this or do we need something sooner?

**Subject:** RE: Steering Group - OGG agenda Item

All,

[REDACTED-OUT-OF-SCOPE]

For completeness I will ask if anyone has outstanding issues.

The only AOB would be to see if there was a desire to re-open the Dundas work in light of current oil price and do further joint evaluation of the area.

Kind Regards

[REDACTED]

**Subject:** Meeting with Sec of State for Energy and Climate Change

Hi [REDACTED]

We spoke and here is the requested e-mail!

Please can you confirm the agenda for the meeting is as follows:

- [REDACTED]
- oil prices and the effects on Shell's business;
- passing on the oil price drop to the consumer (re: the Chancellor's comments this morning);
- [REDACTED]
- [REDACTED]
- [REDACTED]

It would also be great to know who will be there from Shell, if possible.

Thanks,

[REDACTED]
