Sent by e-mail

Dear Mr Palker and Mr Conyers

Following confirmation that the Secretary of State has referred the proposed acquisition by Twenty-First Century Fox of Sky Plc to Ofcom and the CMA the Department for Culture, Media and Sport provided Ofcom and the CMA with all the relevant evidence it had received in relation to the acquisition, prior to the Secretary of State's referral .

In the interest of transparency and openness, the Department also sought the consent of those providing representations to share the evidence that they provided with the parties to the merger. Therefore, attached to this email are copies of representations whose authors consent to sharing the contents of their representations. The attached document has been redacted in some areas to remove personal identities of some junior Departmental officials.

[REDACTED]
Acting Director
