DESCRIPTION OF SITE: Small area of open land and scrub within the boundary fence of Royal Marine Base Poole					
HECTARAGE OF DIRECTION: 6.46					
DESCRIPTION OF MILITARY USE: This small area of land is the backdoor training area used by RM Forces. The training undertaken here is specialist and confidential in nature.					
CURRENT PUBLIC ACCESS: There is no public access to this secure site.					
S28 JUSTIFICATION: This area lies within the secure compound at RM Poole. Security issues dictate a zero tolerance of public access in this area. No unauthorised personnel are allowed within the secure area for reasons of defence and national security.					
REVIEW COMMENTS: The Military Use section is still relevant. The original s28 justification remains valid and there is a continued need for a s28 CROW direction.
