

Concessionary travel in England 2014/15

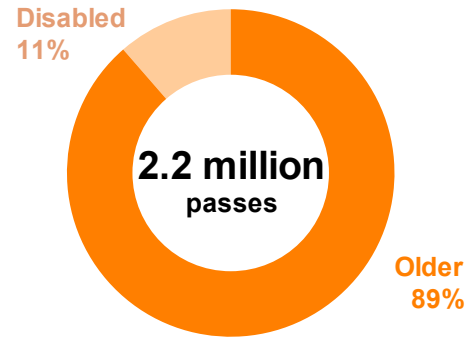

England

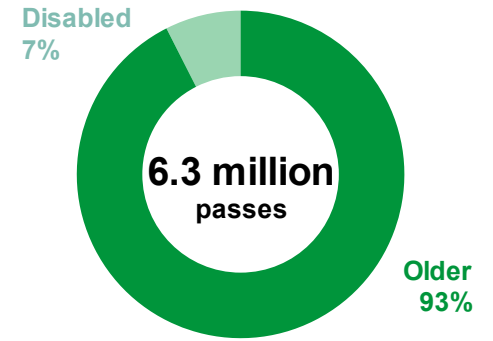

London

Metropolitan areas

Non-metropolitan areas

Split of older and discretionary passes in 2014/15

↑1.1% older passes
↑1.3% disabled passes

Concessionary bus passenger journeys per pass in 2014/15

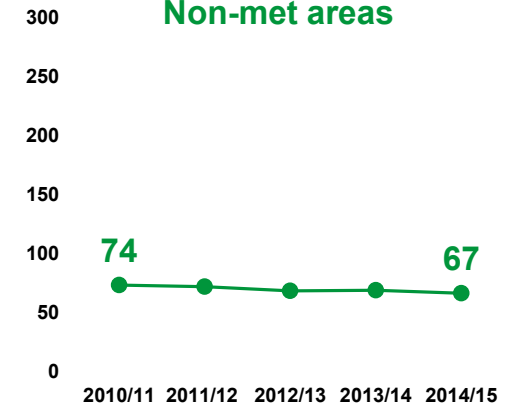

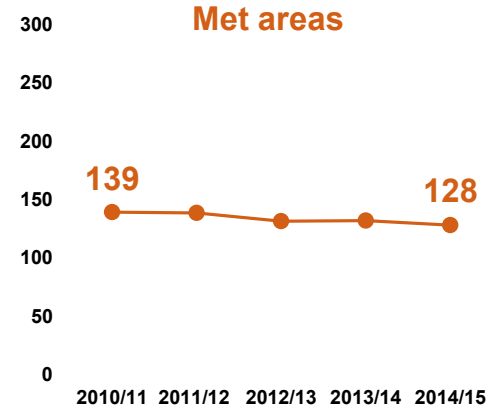

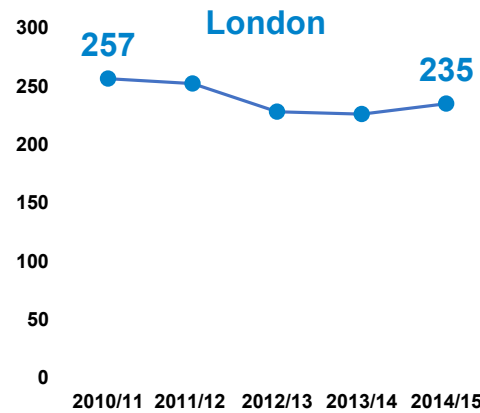

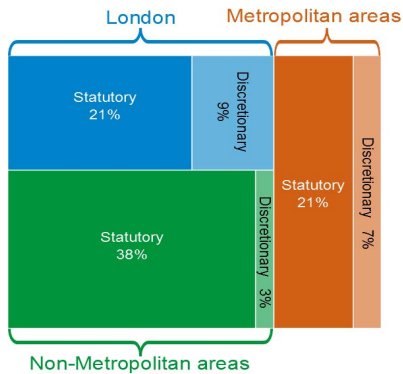

1 billion concessionary bus passenger journeys

↓1.3% compared to 2013/14

102 journeys per pass per year

£1.2 billion net expenditure

London and metropolitan areas spend more on discretionary concessions, reflecting the prevalence of different types of transport such as trams, which may be offered as discretionary concessions.
