

We were asked:

Q1. How many incidences of malware were found on your department's IT infrastructure between March 1st 2014 and August 31st 2014?

Q2. What was the average length of time taken to identify these incidences?

We replied:

A1. The Wales Office uses IT services supplied under Ministry of Justice contracts, and therefore we do not hold this information. You may therefore wish to ask the Ministry of Justice about whether there have been any incidences of malware found on their IT infrastructure.
