Academy for Justice Commissioning

## Background to the Academy

- The Academy's mission is to bring people together to share knowledge and best practice and to promote excellence in social justice commissioning
- The Academy was created in 2007 and now has over 2,800 cross sector members
- Services are designed to support the development of social justice commissioning and include nationwide events, elearning, commissioning themed learning groups and a website offering useful commissioning information

# Overview: Challenge & Opportunity

- Austerity and the Crime Drop
- Urban insecurities
- Policing Reform: 'Policing in the C21st'
- Public Sector Reform: Integrated service solutions?
- Case Study: Police Funding Consultation

# Police Funding Consultation

- Consultation on the Reform of Police Funding Arrangements in England and Wales – 2015
- Central Government £7.8bn + Police Precept £3bn
- The drivers of crime / demands on the police: alcohol; drugs; character; opportunity; CJS; and, profit
- Proposed model: population; police precept; households with no working adult and dependent children; hard pressed population; and, bar density
- Weighting of model

# Hard Pressed

- Low income, larger families, semis
- Low income, older people, small semis
- Low income, routine jobs, terraces and flats
- Low income families, terraced estates
- Families and single parents, many children
- Single elderly people, council flats
- Single parents and pensioners, council terraces
- Families and single parents, council flats
- Old people, many high rise estates,
- Multi-ethnic purpose built estates, multi-ethnic, crowded flats

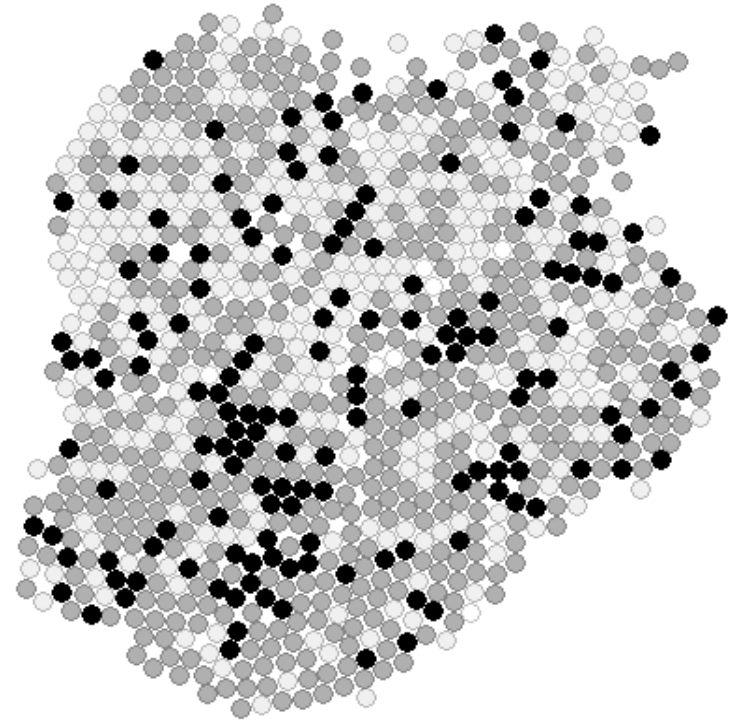

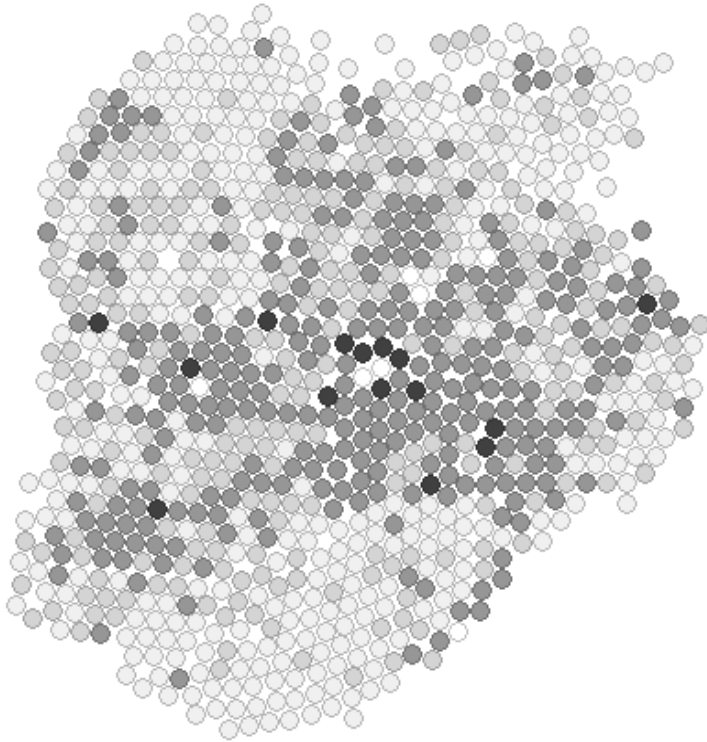

# Opportunities

- Challenges (demands, austerity) become drivers of Opportunity (causes and consequences) when placed in the context of Partnership and Evidence
- Commissioning and delivery of public services: societal trajectories; neighbourhood trajectories; broader area patterning; and, tipping points

# Concentrations and Trajectories
