

MOD and Armed Forces Reputation Survey Spring 2012: Topline Findings March 2012

- GfK NOP interviewed a representative sample of the GB population between 5 and 18 March 2012.
- 1001 adults aged 16+ were interviewed
 - A mobile only component was included for 140 interviews to ensure the sample was more representative.
 - In assessing the reliability of this sample size for a survey percentage of 50% on a sample of 1001 the figures are understood to be 95% confident that the true figure (for the population) lies within +/- 3.1ppts.
- The Ministry of Defence has conducted surveys of public opinion since 1999. These assist in deciding the Department's communications priorities and help the MOD to track trends over time and measure the overall impact of communications efforts.
- The Department changed suppliers and shifted methodology away from just a face-to-face survey to a telephone only poll in Autumn 2011
- As a result of this methodology change, direct comparisons with polling undertaken prior to Autumn 2011 should not be made.
