**Notes:**

1. Recipients are as at second Thursday of the month.
  2. Components may not sum to total due to independent rounding.
  3. Figures are rounded to the nearest 10.
  4. SHBE is a monthly electronic scan of claimant level data direct from local authority computer systems.
- The data is available monthly from November 2008 and February 2011 is the latest available.

**Methodology:**

Data is collected on a monthly basis and released as the Single Housing Benefit Extract 100% level data (SHBE). This provides the weekly housing benefit amount for each individual household. The annualised amounts are then calculated by multiplying by 52.18.
