

Key to the MDR One Page Assessment Summaries

The MDR Assessment framework

The MDR Assessment Framework is made up of 16 separate **Assessment Questions**, which are grouped into 6 different areas, known as **Components**. The first three components together make up the '**Match with UK Priorities Index**'. Components four to six collectively make up the '**Organisational Strengths Index**'. The different parts of the MDR assessment framework are shown below.

Multilateral agencies were awarded a score between 0.5 and 4 for each of the 16 assessment questions, with scores taking half point values beginning at 0.5 and going up to 4 (i.e. 0.5, 1, 1.5, 2, 2.5, 3, 3.5, 4). Questions were assessed and scored using the labels shown below, chosen to suggest progression of performance.

Assessment Question Scores and Descriptors

Descriptor	Score
Strong	4
Satisfactory +	3.5
Satisfactory	3
Weak +	2.5
Weak	2
Unsatisfactory +	1.5
Unsatisfactory	1 or less

Assessment question scores were averaged together to produce scores for each agency for each of the six components; for its match with UK priorities; and for its organisational strengths. The formula used for calculating these component and index scores is shown within the MDR Assessment Framework diagram below. Unlike the assessment question scores, component and index scores were categorised using a four colour traffic light categorisation. The table below shows the thresholds chosen for each traffic light rating, along with the descriptor used.

Component and Index Scores and Descriptors

Descriptor	Traffic Light	Score
Very Good		3.01 to 4
Good		2.51 to 3.0
Adequate		2.01 to 2.5
Weak		0 to 2.0

DFID Funding Chart

The funding chart included on each summary assessment page shows DFID's latest published multilateral core and bilateral through multilateral Official Development Assistance (ODA) to the organisation, as included in our National Statistics release, 'Statistics on International Development'. This data is based on payments made in each calendar year.

UK Burden Share

This is the UK's latest burden share, and represents our core funding to the agency as a proportion of all of the core funding it received. Depending on the frequency with which we provide funding to the agency, the burden share could relate to a specific year, a biennium or to a particular replenishment. This has been made clear in the text.

MDR Assessment Framework Structure

International Finance Corporation (IFC)

Assessment Summary: The IFC is the largest global development finance institution focused on the private sector, and one of the most effective. It plays an important role in delivering UK and international objectives by combining its investment and advisory businesses. It has a global reach, a wider range of products and services than the UK can offer, and extensive sectoral expertise (e.g. financial markets, infrastructure). Since the last MAR, IFC has introduced a comprehensive results management framework. IFC is strong on risk, fraud and anti-corruption.

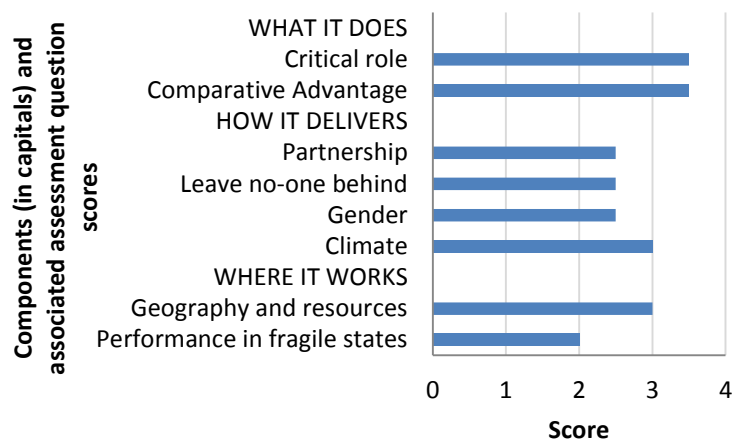

The UK will support the IFC to work consistently well and at scale in the poorest LICs and fragile and conflict-affected states as this remains a challenge, and the new Private Sector Window within the IDA replenishment is an important step in delivering on this agenda. Progress is needed in using cross World Bank Group (WBG) analysis to determine the most transformational opportunities for development. At the time of the review, we noted that IFC should improve on transparency. While progress has been made in environmental and social risk management, monitoring implementation of performance standards could be strengthened.

DFID Funding

UK Engagement: IFC is part of the WBG. IFC has 184 member countries, each holding a share of capital. The UK has a 4.7% shareholding in IFC. Each shareholder is represented by a Governor for a renewable five-year term – the UK's Governor is the International Development Secretary. Other responsibilities are then delegated to an Executive Board which is made up of 25 Executive Directors, elected every two years by Governors, and the President of the Bank (who is a non-voting member). As a major shareholder, the UK has its own Executive Director. The UK's contribution to IFC Trust Funds in 2015 totalled £39 million.
