Notes

This application can be made by one of the following bodies, provided they are also charities. For convenience, they are referred to throughout this form as 'RSLs'.

- In England & Wales - a Registered Social Landlord. A body registered in the register maintained under Section 1(1) of the Housing Act 1996.
- In Scotland - a Registered Social Landlord. A body registered in the register maintained under Section 57 of the Housing (Scotland) Act 2001.
- In Northern Ireland - a Registered Housing Association. A body registered in the register maintained under Article 14 of the Housing (Northern Ireland) Order 1992 (SI 1992/1725 (NI 15)).

It is recommended that RSLs provide a copy of a HMRC clearance letter (or at least reference details) with any returns for which the clearance applies.

The term 'development' is used. This is a non-statutory, pragmatic term which covers any identifiable group of properties (usually all those on one site) being planned or developed by the RSL, of which the 'key transactions' will form a part and perhaps the whole. The 'key transactions' are those proposed sales by an RSL of interests in properties which could constitute taxable non-primary purpose trading.

A request on this form for advice on the application of S505 (1)(e) or S505 (1B) ICTA 1988 to the key transactions may be made at any stage of the development before marketing commences, although the main purpose of the process is to assist RSLs in their early planning.

The sections of Code of Practice 10 ('COP 10') which relate to 'Information and guidance on interpretation of the law' cover the advice given. COP 10 may be viewed on the HMRC website at

<http://www.hmrc.gov.uk/pdfs/cop10.htm>

COP 10 details the extent to which advice is binding on HMRC. Subject to the exceptions detailed in that document, you can rely on our advice if your application sets out all the relevant facts and draws attention to all the issues (including questions of interpretation of the law) relevant to your request for advice. This would, for example, include all correspondence with a relevant charity regulator on the key transactions – that should be attached to this request.

In accordance with COP 10, HMRC aims to provide a substantive reply within 28 days of receipt. When it is necessary to consult outside HMRC, a substantive response may be delayed, but you will be advised of this and intervals between updates on progress will normally be agreed with you.

Please send this form to
