

Freedom of Information request 2035/2013

Received 30 April
Published

Information request

We have check all the great information provided by the DWP regarding NI No registrations of overseas adults entering the UK, which is really the best in Europe. We will be however interested in the level of education of the Spanish people migrating to the UK, that is to say if the have GSCE, A levels or University education.

We will be really grateful if you could provide this information or direct us in the right direction to get it if it gets registered anywhere.

DWP response

The information that you have requested is not held at this department. I would advise that your query is redirected to Department for Education and Department for Business, Innovation and Skills which may hold the information that you are requesting.
