---	------------------------------	---------------------------------	---------

AUTHORIZED AMENDMENT

RA 1005 has been amended to include the requirement for Contractor Flying Approved Organization Scheme (CFAOS) and Air Traffic Management Equipment Approval Scheme (AAOS). During the re-draft of this RA it was decided to include a new section 'General Principles' to deal with repeated requirements and to cater for those occasions where no MAA approved scheme exists. Due to the restructuring of the RA, the elements dealing with Design Approved Organization Scheme (DAOS) and Maintenance Approved Organization Scheme (MAOS) have been re-written to address the changes made in General Principles.

The restructuring of this RA will also allow for the introduction of other schemes beyond DAOS, MAOS, CFAOS and AAOS should the need arise.
