## General

Statistics within this document are produced from the Families Continuous Attitude Surveys (FAMCAS) from 2010 - 2015. Results from any questions included within the survey prior to 2015, but not included in the 2015 survey, can be found in earlier FAMCAS reports, available on [www.gov.uk](http://www.gov.uk).

## Technical notes

### Significance Testing

Tables of results are produced using SPSS Complex Samples to ensure estimates and their corresponding standard errors are correctly weighted. Where year on year comparisons are possible, Z-tests at the 99% confidence level are carried out.

Survey estimates (percentages) accompanied by \*\* in the statistical tables indicate that the difference between that year's estimate and the 2015 estimate is statistically significant. Where a previous year's survey estimate is not annotated with \*\* this indicates that not enough evidence has been found of a statistically significant difference between the percentage estimate for that year and the 2015 percentage estimate.

Where the survey estimate is exactly 0% or 100%, standard errors are not possible and therefore significance tests are not carried out.

Note that significant increases do not necessarily refer to an improvement. A significant increase in dissatisfaction, for example, is unlikely to be considered an improvement.

## Symbols and conventions

- .. denotes not available
- \*\* denotes significant at the 99% confidence level

Estimates for groups with fewer than 30 respondents are not presented in this report.

\*\* denotes the estimate is significantly different to the 2015 estimate (99% confidence level).

Comparisons prior to 2013 are not readily available.

Results prior to 2015 may not match previously published figures. Prior to 2015 there were two questions, "Have you moved in the past 12 months?" and then "If yes was this due to Service reasons?". These two questions have been combined. However this has increased the number of missings being excluded and hence altered the estimates slightly.

Excludes missing responses. [&lt;1% in 2015]

Comparisons with previous years are not possible as this question was introduced in 2015.

Although administrative data is broadly in line with the percentage of families in receipt of Continuity of Education Allowance, there may be some over-estimation in the survey results. This may be due to a misprint in the survey in which this question read 'Do you receive Children's Education Allowance?'.

Excludes missing responses. [3% in 2015]

\*\* denotes the estimate is significantly different to the 2015 estimate (99% confidence level).

Comparisons with previous years are not possible for 'Not Applicable' as this question was introduced in 2015.

Excludes missing responses (i.e. those who did not select an employment type). [<1% in 2015]

This is a 'tick all that apply' question so employment status totals will not sum to 100%

\*\* denotes the estimate for those who moved due to Service reasons is significantly different to the estimate for those who did NOT move (99% confidence level).

This question was derived by combining the questions "Do you live separately from your spouse/civil partner during the working week?" and "If yes, how often do you see you spouse/civil partner?"

Comparisons with previous years are not possible as these questions were introduced in 2015.

The category "Unknown" refers to respondents who do not live with their spouse during the working week and who did not indicate how often they saw their spouse.

**SUBSET: Responses are filtered for those respondents who have children, needed childcare and moved for Service reasons (10%), or have children, needed childcare and didn't move (22%).**

Comparisons with previous years are not possible as the question has been reworded and a new subset applied for 2015. Last year respondents were asked 'Do the childcare facilities offered locally to you meet your childcare needs in terms of access?', with response options of 'Yes'; 'No'; 'None offered'; 'Not applicable'.

The percentage for 'Satisfied' has been aggregated from 'Very satisfied' and 'Satisfied'.

The percentage for 'Dissatisfied' has been aggregated from 'Very dissatisfied' and 'Dissatisfied'.

\*\* denotes the estimate for those who moved due to Service reasons is significantly different to the estimate for those who did NOT move (99% confidence level).

**SUBSET: Responses are filtered for those who are self employed and moved for Service reasons (2%), or are self employed and didn't move (4%).**

Comparisons with previous years are not possible as this question was introduced in 2015.

The percentage for 'Satisfied' has been aggregated from 'Very satisfied' and 'Satisfied' responses.

Due to there being fewer than 30 applicable responses, parts of this table have been withheld.

Respondent is 'Currently living in preferred type of accommodation' if B8.77=B8.78.

Respondent is 'Not currently living in Privately owned home but would prefer to be' if B8.77 ≠ Privately owned home, and B8.78 = Privately owned home.

Respondent is 'Not currently living in Service accommodation but would prefer to be' if B8.77 = Privately owned, Privately rented or Other, and B8.78 = SFA, SSFA, SLA or SSLA.

Respondent is 'Currently living in Service accommodation but would prefer a different type' if B8.77 = SFA, SSFA, SLA or SSLA, and B8.78 = SFA, SSFA, SLA or SSLA, and B8.77 ≠ B8.78.

Respondent is 'Other' if they are none of the above, and they answered both B8.77 and B8.78.

Excludes those who didn't answer either question. [3% in 2015]
