| DESCRIPTION OF SITE: This is a major fuel storage depot which contains a surrounding security and safety buffer. The area in question is a small area of heathland within the security fence. | | | | | |
| HECTARAGE OF SITE: 9.73 | | | | | |
| DESCRIPTION OF MILITARY USE: Major fuel storage depot | | | | | |
| CURRENT PUBLIC ACCESS: There is no public access available to this site. | | | | | |
| ORIGINAL S28 JUSTIFICATION: 1. The Ministry of Defence does not permit any unauthorised access or unaccompanied visits to this site. It is a major fuel storage depot and any public access would be deemed an unacceptable risk to this strategic defence facility. | | | | | |
| REVIEW COMMENTS: The Military Use section is still relevant. The original s28 justification remains valid and there is a continued need for a s28 CROW direction. | | | | | |
