

## River Thames – river restriction

### Henley Reach

**Wednesday 9 July to Sunday 13 July 2014**

### **Henley Music Festival, Henley Masters Regatta and the Henley Mile Swim**

#### **Directions for navigation and mooring during these events:**

**Those in charge of all boats in the vicinity of this event must conform with these directions and with any special directions which, at the discretion of a Harbourmaster, may be required in particular circumstances during these dates.**

- All boats travelling downstream must be navigated within the regatta course and all boats travelling upstream must be navigated on the Buckinghamshire side of the regatta course. Except between 07:00 on Friday 11 July and 18:00 on Saturday 12 July and 08:00 and 15:00 on Sunday 13 July (when the navigation channel for **all** river traffic will be on the Buckinghamshire side of the regatta course).
- Boats can cross the course from one side of the river to the other provided that in doing so they do not impede any other boats.
- At all times no boats can moor within the regatta course, to the bank in the area known as The Narrows or to the adjacent regatta course booms (The Narrows is indicated with an X on the map overleaf).
- Any boat can moor to the booms on the Buckinghamshire side of the regatta course provided **no more than three boats may lie alongside each** and no mooring lines are attached to any course pile. No boat can moor unattended to the regatta course booms, piles or boxes.
- Between 07:00 on Friday 11 July and 18:00 on Saturday 12 July only open powered boats and unpowered boats can moor alongside the course downstream of line A at Barn Elms Boathouse on the map overleaf.
- Between 08:00 and 15:00 on Sunday 13 July an open water swim, The Henley Mile, will be taking place within the Regatta Course upstream from the start to the Mile Mark.
- All boats, including unpowered boats, must display the required navigation lights when navigating after sunset and before sunrise.
- In addition other directions regarding mooring may be given by Navigation Officers.

It is an offence to fail to conform with the directions in this notice or to obstruct an officer of the Environment Agency in the execution of their duty or to fail to obey directions given regarding the navigation, mooring or unmooring of any boat.
