

## **Freedom of Information request 2013-5222**

**Date received: 4<sup>th</sup> November 2013**

**Date of response: 10<sup>th</sup> December 2013**

### **Information request**

Following from FOI ref: 2013-4403, could I request additional tables in order to complete the model update at the Pensions Policy Institute.

The tables required are from the WPLS 5% samples, I already have the BSP caseloads broken down by single year of age and category, March 2012 including overseas. Could I please request copies of the same data but for GB only, Abroad Frozen, and Abroad not Frozen?

If possible could I please request the same data but also split by Gender with the females split by marital status?

### **DWP response**

In response to your question the information requested can be found in the attached document (FOI 2013-5222 Response.xls).
