

Annex B: Impact Assessment – Wolverhampton Vocational Training Centre

We have looked at special schools within a 10 mile radius from the site of WVTC, given that the catchment area for special and 16-19 schools is wider than for mainstream schools.

School name	School type, age range and specialism	Headcount	Ofsted grade and date of inspection	Distance from free school site	Impact rating
Green Park School	Community Special 3-19 School (PMD/SLD)	107	Good (Oct 2012)	0.9	Minimal - this is an Ofsted rated 'good' school. The age range and SEN specialism differs from the free school. Therefore, it is unlikely that the free school will impact on the viability of this school.
Penn Hall School	Community Special School, 3-19 (PD)	82	Outstanding (Feb 2013)	2.8	Minimal – the outstanding Ofsted rating and different SEN specialism indicate that the free school is unlikely to impact on the viability of this school.
Penn Fields School	Community Special School 5-19 MLD, SLD	161	Good (Dec 2012)	3.5	Minimal – the good Ofsted rating and different age range indicate that the free school is unlikely to impact on the viability of this school.
The Jane Lane School	Community Special School (7-19) (Visual Impairment, ASD, BESD, Delicate Medical Problems, HI, Moderate Learning Difficulty, PD, SLCN, SpLD)	145	Good (Mar 2014)	3.8	Minimal – the recent good Ofsted rating and different age range and SEN specialism indicate that the free school is unlikely to impact on the viability of this school.

Westcroft Sport and Vocational College	Community Special School (5-19) (MLD, SPLD)	162	Good (Feb 2013)	4.0	Minimal – the recent good Ofsted rating and different age range and SEN specialism indicate that the free school is unlikely to impact on the viability of this school (the proposers are this school's SMT).
Tetenhall Wood School	Community Special School 5-19 ASD	78	Good (June 2014)	4.4	Minimal - the recent good Ofsted rating and different age range and SEN specialism indicate that the free school is unlikely to impact on the viability of this school.
The Meadows Sports College	Community Special School (11-19) VI, ABC, PD, SLCN, SLD	114	Good (June 2014)	4.5	Minimal – the recent good Ofsted rating and different age range and SEN specialism indicate that the free school is unlikely to impact on the viability of this school.
Mary Eliot School	Community Special School (11-19) SLD	110	Good (June 2014)	4.6	Minimal - the good Ofsted rating, different age range and SEN specialism indicate that the free school is unlikely to impact on the viability of this school.
Whitewick Hall School	Community Special School (11-19) ASD, MLD	79	Good (Dec 2012)	4.7	Minimal – the good Ofsted rating, different age range and SEN specialism indicate that the free school is unlikely to impact on the viability of this school.
Castle Business and Enterprise College	Community Special School (7-19) MLD	132	Outstanding (July 2013)	5.0	Minimal – the outstanding Ofsted rating, different age range and SEN specialism indicate that the free school is unlikely to impact on the viability of this school.
The Westminster School	Community Special School (7-19) MLD	137	Good (May 2013)	5.9	Minimal – the good Ofsted rating, different age range indicate that the free school is unlikely to impact on the viability of this school.

Pens Meadow School	Community Special School (3-19) SLD	67	Good (May 2013)	6.1	Minimal – the good Ofsted rating, different age range and SEN specialism indicate that the free school is unlikely to impact on the viability of this school.
The Old Park School	Community Special School (3-19) SLD	121	Outstanding (Sept 2013)	6.8	Minimal – the outstanding Ofsted rating and different age range and SEN specialism indicate that the free school is unlikely to impact on the viability of this school.
Glasshouse College	Special Post 16 Institution (16-25) Aspergers Syndrome, BESD, HI, MLD	No headcount data	No Ofsted inspection	7.0	Minimal – although the school lacks an Ofsted inspection, its extended age range (to 25), and the fact that the LA supports WVTC's offer, mitigate the risk of the free school's impact on the viability of this school.
Priestley Smith School	Community Special School (2-17) Visual impairment	73	Outstanding (Mar 2012)	8.0	Minimal – the recent outstanding Ofsted rating and different age range, SEN specialism ,and that it is 8 miles away indicate that the free school is unlikely to impact on the viability of this school
Oscott Manor School	Community Special School (Pre-pipeline academy) (11-19) ASD, SLCN	75	Good (May 2014)	8.7	Minimal – the recent good Ofsted rating and different age range, SEN specialism and that it is 8.7 miles away indicate that the free school is unlikely to impact on the viability of this school
Mayfield School	Community Special School (3-19) ASD, BESD	249	Good (Oct 2011)	8.7	Minimal – the good Ofsted rating, plus the distance factor, may indicate that the free school is unlikely to impact on the viability of this school.
Queen Alexandra College	Special Post 16 Institution (16-18 and 19+) Visual Impairment, ASD, Other, SLD	No headcount data	No Ofsted inspection	9.0	Minimal – the lack of an Ofsted inspection could introduce the scope for WVTC to impact on this school. However, the distance between the schools, and the fact that the LA supports WVTC's offer mitigate the likelihood of the free school impacting on the viability of this school.

Baskerville School	Community Special School (11-19) ASD	105	Good (Feb 2013)	9.0	Minimal – the recent good Ofsted rating, different age range, SEN specialism and that it is 9 miles away indicate that the free school is unlikely to impact on the viability of this school
Wilson Stuart School	Community Special School (2-19) PD	162	Outstanding (Apr 2010)	9.7	Minimal – the recent outstanding Ofsted rating and different age range, SEN specialism and that it is 9.7 miles away indicate that the free school is unlikely to impact on the viability of this school
