Information released under the Freedom of Information Act

Title: Average time to publication of trade mark applications and percentage of oppositions

Date of release: 17 December 2014

Information request:

What is the current average time from the filing of an application to publication and the percentage of applications that are opposed?

Information released:

This year to date 87% of acceptable applications for UK national trade marks were published for opposition within 90 days of filing.

The opposition rate was 4% over the same period.
