DWP QUARTERLY STATISTICAL SUMMARY

In August 2012, DWP announced that the frequency of the publication of the Statistical Summary would temporarily change to allow DWP to focus on preparation of a new, improved dissemination tool and the development of new series for the Personal Independence Payment and Universal Credit. From this publication onwards, the frequencies for all publications, excluding Housing Benefit/Council Tax Benefit, will revert to the original schedule. For more information please see [Notes section 9](#).

This Statistical Summary aims to give users a structured overview of the benefit National and Official Statistics published by the Department for Work and Pensions (DWP). Statistics are grouped by component area of DWP and, for each statistic; links are given for users to access more detailed information.

Key benefit statistics from 100% sources are available on an internet-based tabulation tool. A similar tabulation tool derived from 5% sample data is also available, however wherever possible 100% data should be used in preference to 5% estimates, as they are more accurate and form DWP's headline statistics. Statistics are also released via the NOMIS website and the Neighbourhood Statistics website.

All regular series are full National Statistics;

EXCEPT:

The working age inactive benefit early estimates are official statistics;
[See: <http://www.statisticsauthority.gov.uk/national-statistician/types-of-official-statistics>]

The early estimates for working age inactive benefit client groups are released monthly and are designed to give indicative, timely information; they are not a substitute for the National Statistics. They will be replaced by the quarterly National Statistics covering the same period when they are published. The National Statistics are the finalised figures.

These statistics were released on 20 March 2013 according to the arrangements approved by the UK Statistics Authority. Not all DWP National Statistics are covered by this release. Some statistics have their own first releases, but links to these are given throughout.

Key Findings

- There were 5.7 million working age benefit claimants at August 2012. This is a decrease of 95 thousand in the year to August 2012.
- Employment and Support Allowance (ESA) was introduced on 27th October 2008. There were around 1.29 million people claiming Employment and Support Allowance at the end of August 2012.
- The number of working age claimants of ESA and incapacity benefits totals 2.52 million in August 2012. This figure is 65 thousand less than August 2011.
- The number of lone parents claiming Income Support (IS) decreased by 50 thousand to 545 thousand in the year to August 2012.

- At August 2012, there were 12.8 million claimants of State Pension (SP), a rise of 153 thousand on a year earlier. Of these 40% were male and 60% female.
- At August 2012, there were 2.52 million claimants of Pension Credit (3.07 million including partners) a fall of 23 thousand on the previous quarter.
- At the end of December 2012, the total Child Support Agency (CSA) live and assessed caseload stood at 1.12 million cases, of which 77% were current scheme cases.
- At August 2012, there were 3.27 million recipients of Disability Living Allowance (DLA), 1.56 million recipients of Attendance Allowance and 614 thousand recipients of Carer's Allowance (CA)

Statistics on benefit flows show:

- There were 1.09 million new claims to Employment and Support Allowance (ESA) and incapacity benefits, this includes people moving to ESA through Incapacity Benefit re-assessment; 28 thousand new claims to Bereavement Benefit/Widows Benefit (BB/WB); 300 thousand to Income Support (IS); and 640 thousand new claims to State Pension (SP) in the year to August 2012.
- There were 1.18 million benefit exits for Employment and Support Allowance and incapacity benefits, this includes people leaving IB through Incapacity Benefit re-assessment; 33 thousand for Bereavement Benefit/Widows Benefit (BB/WB); 674 thousand for Income Support (IS); and 512 thousand benefit exits for State Pension (SP) in the year to August 2012.
- There were 168 thousand new claims to PC in the financial year 2011/2012.

[OFFICIAL STATISTICS]: Early estimates show:

- At the end of January 2013, the working age Income Support lone parents (ISLP) early estimate was 505 thousand.
- The Employment and Support Allowance/ incapacity benefits (ESA/IB) early estimate for January 2013 is 2.47 million. Of these, approximately 92.4% were in receipt of benefit payments from IB, SDA, ESA or Income Support/ Pension Credit. The remaining 7.6% percent received National Insurance credits only.

1. Working Age

1.1 National Statistics: Working Age client group

Combines data collected for Jobseeker's Allowance, Incapacity Benefit, Employment and Support Allowance, Severe Disablement Allowance, Disability Living Allowance, Carer's Allowance, Widow's Benefit, Bereavement Allowance and Income Support for working age claimants (including Pension Credit for males under State Pension age).

The age at which women reach State Pension age is gradually increasing from 60 to 65 between April 2010 and April 2016 to November 2018. Under current legislation, State Pension age for men and women is planned to increase to: 66 between November 2018 and October 2020; 67 between 2034 and 2036; 68 between 2044 and 2046. The changes will introduce a small increase to the number of working age benefit recipients and a small reduction to the number of pension age recipients. There are also changes to the way users can analyse benefit recipients as a proportion of the working population. More information can be found at: <http://statistics.dwp.gov.uk/asd/espa.pdf>.

Between August 1999 and February 2008, the number of jobseekers in GB fell from 1.18 million to 807 thousand. However, rose to almost 1.53 million at February 2010. Since then, numbers have remained broadly steady and were 1.47 million in August 2012. The preferred source of JSA figures is the ONS claimant count measure (which is seasonally adjusted). This can be found at: <http://www.ons.gov.uk/ons/rel/lms/labour-market-statistics/index.html>

The lone parent caseload fell from 930 thousand to 545 thousand between November 1999 and August 2012.

The number of working age claimants of Employment and Support Allowance (ESA) and incapacity benefits totals 2.52 million in August 2012. This shows a year-on-year decrease of 65 thousand.

Notes relating to Table 1.1

1. Claimants have been assigned to a statistical group according to a hierarchy. The order is shown in the table, i.e. 'Job Seekers' followed by 'Employment and Support Allowance and incapacity benefits'.
2. 'Job Seekers' are recipients of Jobseeker's Allowance.
3. 'From November 2008 the "incapacity benefits group" includes Employment and Support Allowance (ESA). ESA replaced Incapacity Benefit and Income Support paid on the grounds of incapacity for new claims from 27th October 2008. Prior to this the "incapacity benefits group" referred to claimants of Incapacity Benefit (including credits only) or Severe Disablement Allowance including people claiming IS on the grounds of Incapacity.
4. 'Lone Parents' are single recipients of Income Support with a child under 16.
5. 'Carers' are recipients of Carers Allowance.
6. 'Others on Income Related Benefit' are other recipients of Income Support (including Income Support Disability Premium) or Pension Credit.
7. 'Disabled' are recipients of Disability Living Allowance. Industrial Injuries benefits data is not available.
8. 'Bereaved' are recipients of Widow's Benefit or Bereavement Benefit.
9. Totals are not shown prior to May 2002 as complete data is not available for 'Disabled' and 'Bereaved' statistical groups.
10. HB/CTB data are not included in the client group hierarchy but are published separately (see section 1.5).

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

1.2 National Statistics: Jobseeker's Allowance

Jobseeker's Allowance (JSA) was introduced on 7th October 1996 and has both contributory and income-related elements. It is paid to people under state pension age who are available for and actively seeking work.

Jobseekers Allowance by Gender: August 1999 to August 2012

The preferred source of JSA figures is the ONS claimant count measure (which is seasonally adjusted).

DWP produce a separate set of Jobseeker's Allowance figures to enable cross-benefit analysis and supply a wider range of breakdowns, and these are provided in this release.

The DWP figures at August 2012 show the total number of Jobseeker's Allowance claimants was 1.47 million. Female claimants represented 35% of the JSA caseload (519 thousand), while males represented 65% (952 thousand). The total caseload has decreased by 12 thousand since August 2011, with men decreasing by 24 thousand and women increasing by 12 thousand.

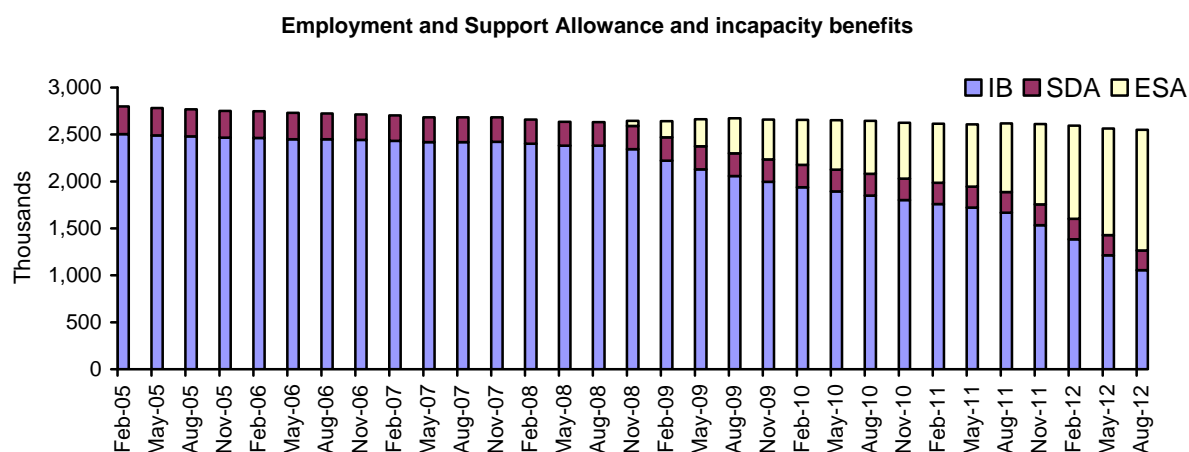

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

1.3 National Statistics: Employment and Support Allowance and incapacity benefits

From 27th October 2008, Employment & Support Allowance (ESA) replaced Incapacity Benefit (IB) and Income Support (IS) paid on the grounds of incapacity for new claims. Incapacity benefits consist of Incapacity Benefit (introduced on 13th April 1995 and paid to people who are incapable of work and who have paid sufficient contributions throughout their working life) and Severe Disablement Allowance (SDA). This section includes a small number of claimants over State Pension age; therefore figures may differ to those in Table 1.1 which refers to working age claimants only.

Between October 2010 and Spring 2014 most claimants who receive IB, SDA and IS paid on the grounds of illness or disability will be assessed to see if they qualify for ESA. If they qualify for ESA their IB, SDA or IS claim is converted into an ESA claim. For claimants who were previously in receipt of IB or SDA, their benefit will be converted to contributory ESA; if they were previously in receipt of IS their benefit will be converted to income-related ESA. In the same way as with IB, contributory ESA can be paid with an income-related top up and a transitional addition if appropriate.

The government has limited the period for which contribution-based Employment and Support Allowance (ESA) can be paid in some circumstances. These changes came into effect on 1 May 2012. Claimants who have already received 365 days of contribution-based ESA saw their entitlement end on 30 April 2012.

At August 2012, there were 2.55 million claimants of Employment and Support Allowance and incapacity benefits (Incapacity Benefit or Severe Disablement Allowance), a decrease of 67 thousand on a year earlier. 55% of claimants were men and 45% women. The male caseload has decreased by 65 thousand and the female caseload has decreased by 2 thousand in the year to August 2012.

There were 289 thousand new Employment and Support Allowance and incapacity benefits claimants in the August 2012 quarter, which represents 11% of the August 2012 caseload. Over the same period, 308 thousand claimants left the benefits, 12% of the caseload at August 2012. These numbers includes IB claimants who have been re-assessed for ESA. More information on this process and the numbers involved can be found at: http://research.dwp.gov.uk/asd/workingage/index.php?page=esa_ibr

In the year to August 2012, there were a total of 1.09 million new claims for Employment and Support Allowance and incapacity benefits and 1.18 million claims were closed.

Table 1.2a shows the payment status of all working age Employment and Support Allowance and incapacity benefits claimants. In August 2012 approximately 92.9% were in receipt of benefit payments from Incapacity Benefit, Severe Disablement Allowance, Employment and Support Allowance, Income Support, Pension Credit. The remaining 7.1% percent received National Insurance credits only (i.e. no payment of IB, SDA, ESA, IS or PC). This compares to 5.8% receiving no benefit payments two quarters earlier in February 2012. This change is because the government has limited the period for which contribution-based Employment and Support Allowance (ESA) can be paid in some circumstances. These changes came into effect on 1 May 2012. Claimants who had already received 365 days of contribution-based ESA saw their entitlement end on 30 April 2012.

Notes:

1. Claimants include those beneficiaries plus, those receiving National Insurance Credits and no monetary payment (many credits-only claimants of Incapacity Benefit or Severe Disablement Allowance will also receive Income Support).

2. This table replaces table 1.2 in the November 2010 Statistical Summary. This table no longer includes beneficiaries but still includes all claimants of Incapacity Benefit, Severe Disablement Allowance or Employment and Support Allowance. This provides a consistent time series. Numbers of Working Age claimants of 'ESA and incapacity benefits' are shown in the Working Age Client Group section of this release. Those figures differ from this table due to the inclusion of a small number of claimants over state pension age in table 1.2 and minor methodological differences.

Table 1.2a: Employment and Support Allowance and incapacity benefits claimants aged under State Pension age: 2000 - 2012

1. Claimants include those beneficiaries plus, those receiving National Insurance Credits and no monetary payment (many credits-only claimants of Incapacity Benefit (IB) or Severe Disablement Allowance (SDA) will also receive Income Support (IS)/ Pension Credit (PC)).

2. This table focuses on the following out-of-work benefits: Incapacity Benefit (IB), Severe Disablement Allowance (SDA), Income Support (IS) and Employment and Support Allowance (ESA). Claimants are classified as follows:

- ESA (Contributory), SDA or IB/SDA payments, without IS/PC = "Receiving contributory based benefit or SDA only"
- ESA (Contributory and Income Based) or SDA or IB/SDA payments, with IS/PC = "Receiving contributory based benefit or SDA, with income based benefit"
- ESA (Income Based) or IB/SDA credits only with IS/PC = "Receiving contributory and income based benefit"
- ESA (Credits only) or IB/SDA credits only without IS/PC = "National Insurance credits only"

3. This table focuses on the following out-of-work benefits: Incapacity Benefit (IB), Severe Disablement Allowance (SDA), Income Support (IS) and Employment and Support Allowance (ESA). Claimants are classified as follows:

- ESA (Contributory), or IB/SDA payments, without IS/PC = "Receiving contributory based benefit only"
- ESA (Contributory and Income Based) or IB/SDA payments with IS/PC = "Receiving contributory and income based benefit"
- ESA (Income Based) or IB/SDA credits only with IS/PC = "Receiving income based benefit"
- ESA (Credits only) or IB/SDA credits only without IS/PC = "National Insurance credits only"

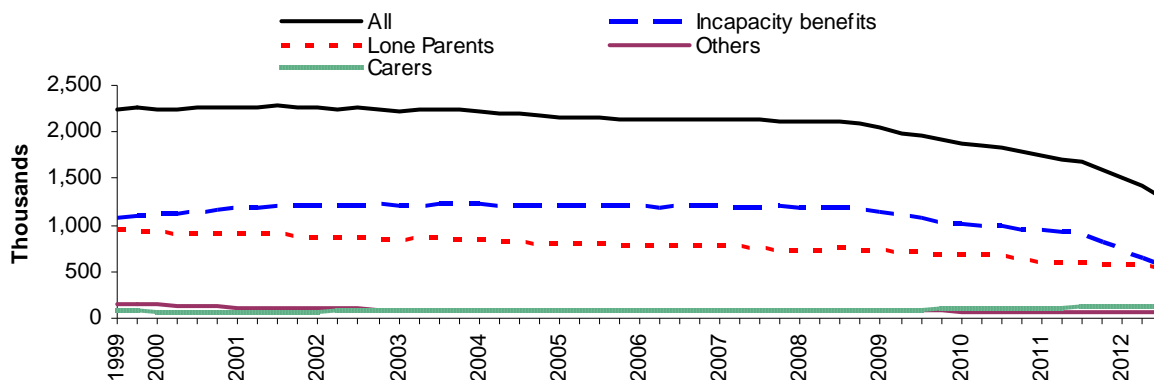

4. Some claimants (including those receiving "National Insurance credits only") are receiving payments from other benefits; such as Housing Benefit or Disability Living Allowance.

5. This table includes claimants under State Pension age. The age at which women reach State Pension age is gradually increasing from 60 to 65 between April 2010 and April 2016 to November 2018. Under current legislation, State Pension age for men and women is planned to increase to: 66 between November 2018 and October 2020; 67 between 2020 and 2036; 68 between 2036 and 2044; 69 between 2044 and 2046. These changes introduce a small increase to the number of working age benefit recipients and a small reduction to the number of pension age recipients.

1.4 National Statistics: Income Support

Income Support (IS) was introduced on 11th April 1988 and is an income-related benefit that can be claimed by adults under state pension age that work fewer than 16 hours a week and have insufficient income to meet their needs. Prior to the introduction of Pension Credit in October 2003, IS was available to people aged 60 and over. From 27th October 2008, Employment & Support Allowance (ESA) replaced Incapacity Benefit and Income Support paid on the grounds of incapacity for new claims. The Lone Parent Obligation policy came into effect from 24 November 2008; Lone Parents (LPs) with a youngest child aged 12 or over were no longer able to make a new or repeat claim for Income Support (IS) solely on the basis of their parental status. Existing IS LPs with a youngest child aged 12 or over had their eligibility removed over a period of time commencing 2nd March 2009. From October 2009 this policy was extended to LPs with a youngest child aged 10 or 11 and from October 2010 the policy was extended to LPs with a youngest child aged 7 or over. The Welfare Reform Act 2012 introduced further changes and from 21 May 2012 lone parents are eligible to claim Income Support until their youngest child is five years old.

**Income Support by Statistical Group:
August 1999 to August 2012**

Pension Credit (PC) replaced Minimum Income Guarantee (MIG) in Income Support on 6 October 2003. **MIG claimants have been excluded from this data prior to November 2003.**

At August 2012, the total number of Income Support (IS) claimants was 1.30 million. Claimants of incapacity benefits represented 44% of the IS caseload (569 thousand). Lone Parents (all single claimants with dependants under 16, excluding claimants of incapacity benefits) represented 42% of the IS caseload (545 thousand), while Carers and Others represented 14% of the caseload (188 thousand).

There were 73 thousand new claimants of Income Support in the August 2012 quarter, which represents 6% of the August 2012 caseload. Over the same period, 188 thousand claimants left the benefit, 14% of the caseload at end of August 2012. In the year to August 2012 there were a total of 300 thousand new claims for Income Support and 674 thousand claims were closed.

Table 1.3 Income Support Lone Parents claimants¹: August 2012

	Total	Thousands	
		Female	Male
All Ages	545.24	530.95	14.29
Unknown Age	-	-	-
Under 18	3.93	3.92	0.01
18-24	166.80	165.38	1.42
25-34	234.44	229.26	5.19
35-44	112.18	107.55	4.63
45-54	25.58	23.01	2.57
55-64	2.31	1.84	0.47

1. Lone Parents are all single claimants with dependants aged under 16, but excluding claimants of incapacity benefits.

1.5 National Statistics: Widows Benefit & Bereavement Benefits

Widow's Benefit (WB) was introduced on 6th July 1948 and is payable to women widowed between 11th April 1988 and 8th April 2001 inclusive. There are three types of WB: Widow's Payment, Widowed Mother's Allowance and Widow's Pension. Women widowed before 11th April 1988 continue to receive Widow's Benefit based on the rules that existed before that date.

Bereavement Benefits (BB) was introduced on 9th April 2001 as a replacement for Widow's Benefit. It is payable to both men and women widowed on or after 9th April 2001. There are three types of BB: Bereavement Payment, Widowed Parent's Allowance and Bereavement Allowance.

At August 2012, there were 37 thousand claimants of Widow's Benefit, a fall of 6 thousand on a year earlier. Of these, 33 thousand were in receipt of Widow's Pension and 4 thousand Widowed Mother's Allowance.

At August 2012, there were 66 thousand claimants of Bereavement Allowances, an increase of 2 thousand on a year earlier. Of these, 21 thousand were in receipt of Bereavement Allowance and 45 thousand in receipt of Widowed Parent's Allowance.

There were 7 thousand new claimants of Bereavement Allowances/Widows Benefit in the August 2012 quarter, which represents 6% of the August 2012 caseload.

Over the same period, 9 thousand claimants left the benefits, 9% of the caseload at August 2012.

In the year to August 2012, there were a total of 28 thousand new claims for Bereavement Allowances/Widows Benefit and 33 thousand claims were closed.

Sep-12		7.2%
Oct -12		7.4%
Nov -12		7.3%
Dec -12		7.3%
Jan - 13		7.6%

The working-age **ESA/IB** early estimate for November is **2.47 million** to the nearest 5,000. This represents a fall of 1.9 per cent since August 2012 (the latest National Statistic). As the Incapacity Benefit reassessment continues, users should be aware that there may be increased uncertainty around these early estimates.

In January 2013 approximately 92.4% were in receipt of benefit payments from Incapacity Benefit, Severe Disablement Allowance, Employment and Support Allowance, Income Support, Pension Credit. The remaining 7.6% percent received National Insurance credits only (i.e. no payment of IB, SDA, ESA, IS or PC). A noticeable rise in the proportion of claimants receiving National Insurance credits was seen in May 2012. This is due to the introduction of a 365 day limit on receipt of contribution based ESA for those in the Work Related Activity Group on 1 May 2012.

These figures are estimates of the final National Statistic, to give an indication of their accuracy, over the past year the early estimates in Table 2.1 have been revised by an average of 0.5 per cent. See notes section for more information. Further details on the accuracy of the early estimates in Table 2.2 can also be found there.

The age at which women reach State Pension age is gradually increasing from 60 to 65 between April 2010 and April 2016 to November 2018. Under current legislation, State Pension age for men and women is planned to increase to: 66 between November 2018 and October 2020; 67 between 2034 and 2036; 68 between 2044 and 2046. Please see the Welfare Reform section of the notes for further information.

Figure 2.1: National Statistics to August 2012 and early estimates of numbers in working age ESA/IB client group: March 2012 to January 2013

Figure 2.1 and table 2.1:

1. ESA/IB: From November 2008 ESA replaced Incapacity Benefit (IB) and Income Support paid on the grounds of incapacity for new claims from 27 October 2008. Prior to this the "incapacity benefits group" referred to claimants of IB or Severe Disablement Allowance including people claiming Income Support on the grounds of incapacity.
2. The red dotted line in the chart above emphasises that the figures are estimates and official statistics.
3. Source data: *DWP Information, Governance and Security: Work and Pensions Longitudinal Study*
4. When the next quarterly National Statistics are published they will be included as a National Statistic in Table 2.1, and the monthly early estimates for this quarter will be removed from Table 2.1.

Figure 2.2: National Statistics and Early estimates of the proportion of working age inactive benefit claimants in the ESA/IB client group claiming NI credits only: May 2009 to January 2013

Notes relating to figure 2.2 and table 2.2:

1. ESA/IB: From November 2008 ESA replaced Incapacity Benefit (IB) and Income Support paid on the grounds of incapacity for new claims from 27 October 2008. Prior to this the "incapacity benefits group" referred to claimants of IB or Severe Disablement Allowance including people claiming Income Support on the grounds of incapacity.
2. On 1 May 2012, a 365 day limit on the receipt of contribution based ESA for those in the Work Related Activity Group was introduced.
3. Source data: *DWP Information, Governance and Security: Work and Pensions Longitudinal Study*
4. When the next quarterly National Statistics figure is available they will be included in Table 2.2, and the monthly early estimates for this quarter will be removed from Table 2.2. This indicator has formed a new National Statistics table at table 1.3.

2.2 Income Support lone parent (ISLP) client group

Table 1.2 ISLP client group February 2010 to January 2013

Sep-12		530
Oct -12		515
Nov -12		510
Dec -12		510
Jan -13		505

The working-age **ISLP** early estimate for January 2013 is **505 thousand** to the nearest 5,000. This represents a fall of 7.2 per cent since August 2012 (the latest National Statistic).

The number of lone parents claiming Income Support has been affected by the Lone Parent Obligations policy changes which came into effect from 24 November 2008. For more information see the notes section. The figures are estimates of the final National Statistic, to give an indication of their accuracy, over the past year the early estimates have been revised by an average of 0.4 per cent. See the notes section for more information.

The age at which women reach State Pension age is gradually increasing from 60 to 65 between April 2010 and April 2016 to November 2018. Under current legislation, State Pension age for men and women is planned to increase to: 66 between November 2018 and October 2020; 67 between 2034 and 2036; 68 between 2044 and 2046. This will introduce a small increase to the number of working age benefit recipients and a small reduction to the number of pension age recipients. Please see the Welfare Reform section of the Notes for further information.

Figure 2.2: National Statistics to August 2012 and early estimates of numbers in working age ISLP client group: March 2012 to January 2013

Notes relating to figure 2.2 and table 2.2:

1. ISLP: claimants on IS with child under 16 and no partner.

New and repeat customers with the following conditions will no longer be entitled to Income Support:

- A youngest child aged 12 or over from November 2008;
- A youngest child aged 10 or over from October 2009;
- A youngest child aged 7 or over from October 2010.

· The Welfare Reform Act 2012 introduced further changes and from May 2012 lone parents are only eligible to claim Income Support until their youngest child is five years old.

2. The red dotted line in the chart above emphasises that the figures are estimates and official statistics.

3. Source data: *DWP Information, Governance and Security Directorate: Work and Pensions Longitudinal Study*

4. When the next quarterly National Statistics are published they will be included as a quarterly National Statistic in Table 2.2, and the monthly early estimates for this quarter will be removed from Table 2.2.

Latest statistical data available from: http://research.dwp.gov.uk/asd/index.php?page=early_ests

3. Pensioners

3.1 National Statistics: Pensioner client group

The Pensioner client group covers claimants, over State Pension age (see notes section 7), of at least one of the following benefits: State Pension, Pension Credit, Attendance Allowance, Widow's Benefit, Disability Living Allowance, Incapacity Benefit, and Severe Disablement Allowance. They are split into statistical groups that reflect their main reason for claiming benefit.

Pensioner Client Group: May 2005 to August 2012

At August 2012 there were 13.0 million claimants in the Pensioner Client Group, an increase of 137 thousand since August 2011. Of these, 18% were in receipt of Pension Credit. 51% of these Pension Credit claimants were also claiming Attendance Allowance or Disability Living Allowance.

Table 3.1 Pensioner Client Group recipients: February 2006 – August 2012

3.2 National Statistics: State Pension

State Pension (SP) was introduced on 1st January 1909 and is paid to people who have reached the state pension age and who fulfil the residency and contributions conditions. The age at which women reach State Pension age is gradually increasing from 60 to 65 between April 2010 and April 2016 to November 2018. Under current legislation, State Pension age for men and women is planned to increase to: 66 between November 2018 and October 2020; 67 between 2034 and 2036; and 68 between 2044 and 2046.

State Pension Recipients: May 2005 to August 2012

At August 2012, there were 12.8 million claimants of State Pension, a rise of 153 thousand on a year earlier. Of these, 40% were male and 60% female.

The average weekly amount in payment at August 2012 was £118.26, a rise of £7.46 since August 2011.

In quarter to August 2012, there were a total of 145 thousand new claims for State Pension which represents 1.1% of the caseload. Over the same period, 122 thousand claimants left the benefit, representing 1.0% of the caseload at August 2012.

In the year to August 2012, there were a total of 640 thousand new claims for State Pension and 512 thousand claims were closed.

3.3 National Statistics: Pension Credit

Pension Credit (PC) was introduced on 6th October 2003 and replaced Minimum Income Guarantee (MIG). For people aged over the female state pension age (see Notes, section 7), the Guarantee Credit element guarantees an income at a set level. People aged 65 or over (and couples where one member is 65 or over) may also be entitled to Savings Credit if they have modest income from savings, investments or a second pension.

Pension Credit Recipients: May 2005 - August 2012

At August 2012, there were 2.52 million claimants of Pension Credit (3.07 million including partners), a fall of 141 thousand on the previous year. This fall is due to the increase in the female State Pension age, which is also the age at which people become eligible for Pension Credit, see Notes, section 7 for details. Of these Pension Credit claimants, 1.00 million claimed Guarantee Credit only, 958 thousand claimed Guarantee and Savings Credit, and 560 thousand were claiming Savings Credit only. Note, certain aspects of the April 2012 uprating for Pension Credit were applied to the administrative computer system in advance, hence, the statistics in February 2012 show the Pension Credit type based on 2012/13 rates. However, claimants were still being paid based on 2011/12 rates. The average weekly amount of Pension Credit in payment at August 2012 was £57.19, a fall of £0.28 since August 2011.

Statistics on benefit flows show there were 158 thousand new claims to Pension Credit in the year to August 2012. There were 168 thousand new claims to Pension Credit in the financial year 2011/2012. A small number of claims take a long time to process and are still outstanding at the cut off point for producing these statistics. This means that the statistics undercounts the final number of claims by a small percentage (around 2%).

Table 3.3 Pension Credit claimants: May 2006 – August 2012

		Thousands

Aug -12	2,518.47	1,000.68	957.62	560.14	0.02

1. Pension Credit replaced MIG on the 6th Oct 2003, however a small number of residual cases remain on MIG.

4. Disabled and Carers

4.1 National Statistics: Disability Living Allowance

Disability Living Allowance (DLA) was introduced on 1st April 1992 and is a benefit for people who have become disabled before the age of 65 and who need assistance with personal care or mobility.

Disability Living Allowance Recipients: November 2002 to August 2012

At August 2012 3.27 million people were receiving Disability Living Allowance (not including suspended cases), a rise of 49 thousand on a year earlier. Of these claimants 50% were male. Both the male and female caseloads are rising, with males rising by 26 thousand and females by 23 thousand in the year to August 2012.

At August 2012, 11% of recipients were children, 57% were working age and 33% were pension age (a small number are an unknown age).

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

4.2 National Statistics: Attendance Allowance

Attendance Allowance (AA) was introduced on 6th December 1971 and is a benefit for people over the age of 65 who are so severely disabled, physically or mentally, that they need a great deal of help with personal care or supervision. Those requiring constant help receive the higher rate of benefit.

Attendance Allowance Cases in Payment: November 2002 to August 2012

At August 2012 there were 1.56 million people receiving Attendance Allowance (excluding suspended cases), a fall of 45 thousand on a year earlier. Of these, 34% were male and 66% female. The male caseload has decreased by 9 thousand and the female caseload has decreased by 36 thousand in the year to August 2012. At August 2012, 68% were aged 80 or over.

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

4.3 National Statistics: Carer's Allowance

Carer's Allowance (CA) was introduced on 5th July 1976; it is paid to carers who look after a severely disabled person for at least 35 hours a week. The severely disabled person must be getting either higher or middle rate DLA care component or AA or maximum rate Constant Attendance Allowance with their War Pension or Industrial Injuries Disablement Benefit.

At August 2012, there were 614 thousand people receiving Carer's Allowance (not including underlying entitlement cases). 27% of claimants were male, and 73% female. At August 2012, there were a further 440 thousand people entitled to Carer's Allowance but not receiving any payment due to overlapping benefit provisions (i.e. underlying entitlement cases).

1. Data is not available prior to August 2003.

Latest statistical data available from: <http://83.244.183.180/100pc/tabtool.html>

5. Families & Children

5.1 National Statistics: Child Support Agency cases

The Department for Work and Pensions (DWP) is responsible for the child maintenance system in Great Britain. It funds information and support for separating parents and runs the statutory child maintenance schemes, currently operated through the Child Support Agency (CSA).

DWP assumed responsibility for the CSA from the Child Maintenance and Enforcement Commission on the 1 August 2012, following an announcement on 14 October 2010 that the Commission would become an executive agency of DWP as part of the Public Bodies Reform. The Commission had responsibility for the CSA between the 1 November 2008 and the 31 July 2012, prior to that DWP had responsibility for the CSA.

These statistics contain the most up-to-date tables and breakdowns on the CSA's two existing statutory child maintenance schemes. The CSA statistics presented here were released on the 14th November 2012.

At the end of December 2012, the CSA live and assessed caseload stood at 1.12 million.

The volume of uncleared current scheme applications decreased by 3,100 since September 2012, and is currently at 13,900. This represents a decrease of 18.2% since September 2012.

Cases Benefiting from Maintenance

In the quarter ending December 2012, 79.5% of all cases in which maintenance was due had either received maintenance via the CSA collection service, or had a maintenance direct arrangement in place.

Latest statistical data available from: <http://statistics.dwp.gov.uk/asd/index.php?page=csa>

NOTES

1. The Statistical Summary

The Department for Work and Pensions (DWP) publish a Statistical Summary document each month. It is used for the release of a wide range of DWP statistics

The DWP Statistical Summary brings together key National Statistics on DWP administered benefits and JSA (Jobseeker's Allowance) sanctions. To provide a more complete picture of DWP responsibility, statistics on Housing Benefit and Council Tax Benefit (administered by Local Authorities) and the Child Support Agency are also included.

The Summary is published monthly, containing Official Statistics giving early estimates of inactive benefit caseloads. Each quarter (in May, August, November and February), the Summary is a larger document containing the detail of DWP administered benefits, Housing Benefit and Council Tax Benefit, JSA sanctions and the Child Support Agency.

Alongside the Statistical Summary, there are a large number of tables which enable the user to delve in to the detail. These are provided to the user as:

- The DWP Tabulation Tool – for DWP administered benefits and employment programmes the Tabulation Tool provides the user with an interactive tool to select one of thousands of possible tabulations. This is available for caseloads and on/off flows at: <http://research.dwp.gov.uk/asd/index.php?page=tabtool>. A similar Tabulation Tool, derived from 5% sample data, is also available. Whenever possible, 100% data should be used in preference to 5% estimates, as these are both more accurate and form DWP's headline statistics. Some statistics remain outside the scope of the Tabulation Tool but will continue to be available via the internet as pre-defined summary tables.
- Identical numbers via Nomis (<https://www.nomisweb.co.uk/Default.asp>)
- Stat-Xplore – provides users with an interactive visualisation tool to produce charts, graphs and tables, downloadable in a number of different formats. This tool is an experimental release. Changes and enhancements to the tool will be made in future releases, however the statistics within the tool should be considered robust. The tool contains data on Housing Benefit claimants only at this stage.
- Separate detailed tables on Housing Benefit and Council Tax Benefit; and Claimants on out-of-work benefits (via the Working Age Client Group Tabulation Tool, use first "Useful Resources and Sites" link)
- Tables broken down by Lower Super Output Area (LSOA) and Census Output Area (COA).
- Other tables and background information via links on the Tabulation Tool pages (e.g. links to long time series spreadsheets; descriptions of the benefit.)

The National Statistics paper "DWP statistics transformed: the modernisation of the DWP's data sources and statistical publications" announced major changes to the National Statistics the Department publishes in 2005. Much of this content is still relevant and is available from:

http://statistics.dwp.gov.uk/asd/asd1/stats_consultation/modstats.pdf

On 23 January 2013, DWP opened a consultation on "People and households claiming Universal Credit, Personal Independence Payment and other benefits: Plans for 2013-2017". The outcome of this consultation will shape the content and format of the Statistical Summary through to 2017 and beyond. The full consultation can be found at: http://research.dwp.gov.uk/asd/dwp_stats2013_17.pdf.

2. National Statistics Code of Practice

DWP complies with the Code of Practice for Official Statistics and supporting Principles. Detailed policy statements and statement of compliance with the pre-release access to official statistics order 2008 are given below:

DWP policy statements

Detailed policy and methodology relating to the Statistical Summary can be found at:

- Quality
- Methodology
- Uses and Users
- Ad hocs and pricing

The UK Statistics Authority report on the compliance with the Code of Practice for Official Statistics for the Statistical Summary is report number 66 at:
<http://www.statisticsauthority.gov.uk/assessment/assessment/assessment-reports/index.html>

The United Kingdom Statistics Authority has designated these statistics as National Statistics, in accordance with the Statistics and Registration Service Act 2007 and signifying compliance with the Code of Practice for Official Statistics.

Designation can be broadly interpreted to mean that the statistics:

- meet identified user needs;
- are well explained and readily accessible;
- are produced according to sound methods, and
- are managed impartially and objectively in the public interest.

Once statistics have been designated as National Statistics it is a statutory requirement that the Code of Practice shall continue to be observed.

DWP would like to hear your views on our statistical publications. If you use any of our statistics publications, we would be interested in hearing what you use them for and how well they meet your requirements. Please email DWP at stats-consultation@dwp.gsi.gov.uk.

An ongoing questionnaire, enabling DWP to target future consultations at interested users; shaping the future direction of statistics development to address user needs; and helping ensure value for money, whilst giving users a structured way of expressing their views is available at:
http://research.dwp.gov.uk/asd/statistical_summary_questionnaire.doc

Completed questionnaires can be returned by e-mail to stats-consultation@dwp.gsi.gov.uk or by post to the following address:

Stuart Grant
Information, Governance and Security Directorate
Department for Work and Pensions
Room BP5201
Benton Park Road
Longbenton
NEWCASTLE UPON TYNE
NE98 1YX

Users can also join the "Welfare and Benefit Statistics" community at: <http://www.statsusernet.org.uk>.

3. Statistical groups

DWP has a typology to define Statistical Groups within the client group classifications. The aim of the Statistical Group typology is to present each person by the main reasons they are in contact with the Department. Like the client group classification, each client is classified just once, permitting the estimation of the total number of people claiming one or more benefits. The Statistical Group hierarchy is:

a] Jobseeker	e] Other income-related benefits
b] Employment and Support Allowance and incapacity benefits	f] Disabled
c] Lone parents	g] Bereaved
d] Carers	h] Housing Benefit
	i] State Pension only recipients

From November 2008 the "incapacity benefits statistical group" includes Employment and Support Allowance (ESA). ESA replaced Incapacity Benefit and Income Support paid on the grounds of incapacity for new claims from 27th October 2008. Prior to this the "incapacity benefits group" covered people on Incapacity Benefit or Severe Disablement Allowance, including people claiming Income Support on the grounds of incapacity.

4. Jobseeker's Allowance figures at ONS

The preferred source of numbers for Jobseeker's Allowance is the ONS claimant count figure; these are more up to date and contain clerical cases. However, the reason we use the DWP JSA figures is that they are consistent with the other benefits used to produce DWP National Statistics, and permit a wider set of breakdowns. The ONS figures are available from Nomis and <http://www.statistics.gov.uk/>.

5. Flows on and off benefit

The flows Tabulation Tools show a full back series for on-flow and off-flow. Pension Credit information is available via a one-click table: http://83.244.183.180/100pc/pc/tabtool_pc.html. User guidance on the flows series can be found at: http://83.244.183.180/flows/flows_on/Guidance%20for%20Users.pdf

6. Early Estimates

The DWP benefit National Statistics have a gap of around five and a half months between the publication and reference dates.

The early estimates are official statistics (see: <http://www.statisticsauthority.gov.uk/national-statistician/types-of-official-statistics>) and published monthly to give indicative, timely information ahead of the publication of full National Statistics. The Office for National Statistics publish the Jobseeker's Allowance claimant count every month, one month in arrears. Consequently, the Early Estimates focus on the economically inactive groups of "incapacity benefits and Employment and Support Allowance" and "Income Support lone parents".

The main reason for the lag in the National Statistics release is because we have to wait three months for a small but significant number of late claims to be processed. Waiting for these late claims makes the National Statistics figures more accurate than the early estimates where we simply predict the number of late claims based on historical levels.

The early estimates are not a substitute for the National Statistics and will be replaced when the final quarterly National Statistics covering the same period are published. However, the estimates are fairly close to the final National Statistics figures. To give an indication of their accuracy, over the past year the early estimates for ESA/IB have been revised by an average of 0.5%, with the biggest revision being 0.71% and the smallest being 0.27%. The early estimates for ISLP have been revised by an average of 0.3%, with the biggest revision being 1.08% and the smallest being 0.04%.

During the re-assessment of Incapacity Benefit claimants for Employment and Support Allowance, users should be aware that there may also be increased uncertainty around these early estimates. As level of late claims is estimated using historical data, any change in the structure of the flows on and off benefit can affect the accuracy of the methodology. DWP plan to review the methodology each month to ensure that the estimates are as good as possible.

More detailed information can be accessed via the following links:

http://statistics.dwp.gov.uk/asd/asd1/early_ests/technical_document_final.pdf

http://statistics.dwp.gov.uk/asd/asd1/early_ests/QandA_Early_Estimates_final.pdf

7. Welfare Reform

The Lone Parent Obligation policy came into effect from 24 November 2008; Lone Parents (LPs) with a youngest child aged 12 or over were no longer able to make a new or repeat claim for Income Support (IS) solely on the basis of their parental status. Existing IS LPs with a youngest child aged 12 or over had their eligibility removed over a period of time commencing 2nd March 2009. From October 2009 this policy was extended to LPs with a youngest child aged 10 or 11 and from October 2010 the policy was extended to LPs with a youngest child aged 7 or over. The Welfare Reform Act 2012 introduced further changes and from 21 May 2012 lone parents have been eligible to claim Income Support until their youngest child is five years old.

Most effected LPs will leave IS and claim Jobseeker's Allowance (JSA). However, there are exceptions to these rules where the youngest child can legitimately be over the ages mentioned above. Similarly, some former LPs remain on IS for other reasons (e.g. they have a long term caring responsibility and claim Carer's Allowance). The IS LP series will continue to be defined as 'single IS claimants with a child under 16'.

Referrals to the new employment programme “Work Programme” began from June 2011 (<https://www.gov.uk/moving-from-benefits-to-work/job-search-programmes>). In the run up to that launch, a new package of Get Britain Working support measures were introduced. In tandem with these changes, referrals to legacy employment programmes ceased. Final statistics for these programmes have now been released. The existing Tabulation Tools will remain available for historical analysis. For statistics relating to these new programmes see:

<http://research.dwp.gov.uk/asd/asd1/pwp/index.php?page=pwp> and
<http://research.dwp.gov.uk/asd/index.php?page=wp>

The age at which women reach State Pension age is gradually increasing from 60 to 65 between April 2010 and April 2016 to November 2018. Under current legislation, State Pension age for men and women is planned to increase to: 66 between November 2018 and October 2020; 67 between 2034 and 2036; 68 between 2044 and 2046. The first quarterly statistical summary to be affected was the November 2010 publication and the first early estimates to be affected were released in June 2010. These changes introduce a small increase to the number of working age benefit recipients and a small reduction to the number of pension age recipients. There are also changes to the way we report benefit recipients as a proportion of the working population. More information can be found at: <http://statistics.dwp.gov.uk/asd/espa.pdf>. For general information about the change to State Pension age, please see:
<https://www.gov.uk/browse/working/state-pension>.

8. Known Issues, Changes and Revisions to the Statistical Summary

- This Tabulation Tool release sees some very minor changes in the over all caseload for State Pension for March 2012, as calculated from the 5% sample (see: http://83.244.183.180/5pc/sp/tabtool_sp.html).

9. Notification of future changes to the Summary

In August 2012, DWP announced that the frequency of the publication of the Statistical Summary would temporarily change to allow DWP to focus on preparation of a new, improved dissemination tool and the development of new series for the Personal Independence Payment and Universal Credit. Following the delayed release of August 2012 statistics on 20th March 2013, the frequencies for all publications, excluding Housing Benefit/Council Tax Benefit, will revert to the original schedule. The publication frequencies are listed below:

- The early estimate series will continue to be published monthly, using the existing timetable.
- The series detailing DWP administered benefits will be published on a quarterly schedule, with the next release occurring in May 2013.
- Small area (ward, Lower Super Output Area and Census Output Area) statistics will move to a quarterly schedule in line with the Tabulation Tool releases.
- The Housing Benefit/ Council Tax Benefit series will be published on a quarterly basis, showing monthly figures. Each quarterly release will contain three sets of the standard tables, one for each relevant month.
- Series which are released independently in other publications will continue to be published as normal. The following series will continue using the normal publication frequency: Jobcentre Plus vacancies (although, see the Focus On... article in the August 2012 Summary), Industrial Injuries Disablement Benefit and Child Support Agency.
- Council Tax Benefit will be abolished in April 2013 and replaced by a system of localised support. In England, the Department for Communities and Local Government (DCLG) will be responsible for statistics. The Scottish and Welsh Governments will have similar responsibility. The Summary will report the last set of Council Tax Benefit statistics in May 2013, ending with the February 2013 numbers (for technical reasons, March 2013 numbers are not possible). The Housing Benefit series will continue.

Current consultations

On 22nd October 2012, the new legislation for **JSA Sanctions** came into force. This meant a change to the current 26 reasons why a JSA claimant can be sanctioned to a new three tier sanctions regime which seeks to broadly align the JSA sanctions regimes with the model to be introduced under Universal Credit. DWP launched a consultation regarding the future of JSA sanctions statistics. This consultation can be found at:

http://statistics.dwp.gov.uk/asd/asd1/jsa/jsa_sanctions_consultation.pdf. This consultation is now closed. Results will be issued in due course.

On 23 January 2013, DWP opened a consultation on **People and households claiming Universal Credit, Personal Independence Payment and other benefits: Plans for 2013-2017**. The outcome of this consultation will shape the content and format of the Statistical Summary through to 2017 and beyond. This consultation can be found at: http://research.dwp.gov.uk/asd/dwp_stats2013_17.pdf. The consultation is open until 24 April 2013.

10. Northern Ireland Statistics

The statistics in this Summary cover Great Britain (England, Scotland and Wales) only. Comparable benefit statistics for Northern Ireland can be found at:

http://www.dsdni.gov.uk/index/stats_and_research/benefit_publications.htm

and

http://www.dsdni.gov.uk/index/stats_and_research/geographical_data_on_ss_benefits.htm for geographical breakdowns

Currently, the Northern Ireland statistics use extracts from the benefit systems very similar to those used to create the 5% sample numbers for Great Britain (although the Northern Ireland sample size is usually greater than 5%). The directly equivalent GB numbers can be found at: <http://83.244.183.180/5pc/tabtool.html>. However, Northern Ireland statistics are shortly due to move to extracts from the benefit systems very similar to those used to create the WPLS/100% sample numbers (<http://83.244.183.180/100pc/tabtool.html>) for Great Britain. However, Northern Ireland statistics will ignore the effect of retrospection.

Comparisons between the Great Britain 5% samples and 100% samples, plus the effect of retrospection can be seen in documents entitled "Differences between WPLS and 5% sample data" in the "Useful Resources and Sites" section of each single benefit 100% sample Tabtool (e.g. http://83.244.183.180/100pc/is/tabtool_is.html)

Housing Benefit is a social security benefit paid by the Housing Executive. It helps people on a low income pay their rent and rates. In Northern Ireland, rates are paid instead of Council Tax. Limited Housing Benefit numbers are available in the summary bulletin at:

http://www.dsdni.gov.uk/index/publications/summary_statistics_bulletin.htm. For people who own their own property and need help with rates only, Land and Property Services (LPS) provide rates relief payments. Statistics on those receiving rates relief only are not available.

Employment Programmes are different in Northern Ireland. Hence, statistics are not directly comparable. However, numbers on the various schemes are available from:

<http://www.delni.gov.uk/index/statsandresearch/training-and-employment-stats.htm>.

Vacancy statistics for Northern Ireland are available at <http://www.detini.gov.uk/deti-stats-index/stats-surveys/stats-vacancy-stats.htm> and at <http://www.delni.gov.uk/index/statsandresearch/labour-market-information-stats/vacancies.htm>. Statistics on Jobcentre Plus Sanctions and Child Maintenance are not currently published for Northern Ireland.

11. Her Majesty's Courts and Tribunals Service

Her Majesty's Courts and Tribunals Service was created on 1 April 2011. It brings together Her Majesty's Courts Service and the Tribunals Service into one integrated agency providing support for the administration of justice in courts and tribunals.

Responsibility for publishing statistics on the appeals now resides with Her Majesty's Courts and Tribunals Service and they publish statistical information via their website <http://www.justice.gov.uk/about/hmcts>

12. Fraud and Error statistics

National Statistics are published presenting six-monthly estimates of fraud and error in claims for Income Support, Jobseeker's Allowance, Pension Credit and Housing Benefit, along with an annual estimate of the level of fraud and error in the benefit system as a whole. One-off benefit reviews have been carried out from time to time to estimate fraud and error in claims for other benefits. Reports can be found at

http://research.dwp.gov.uk/asd/asd2/index.php?page=fraud_error

13. Take-Up of Income-Related Benefits

Publications contain information on the take-up of the main income-related benefits in Great Britain: Income Support, Pension Credit, Housing Benefit, Council Tax Benefit, Employment and Support Allowance (income related) and Jobseeker's Allowance (income based). Take-up is measured in two ways. Expenditure take-up compares the total amount of benefit received in the course of a year with the total amount that would have been received if everyone took up their entitlement for the full period of entitlement. Caseload take-up compares the number of benefit claimants – averaged over the year – with the number who would be receiving if everyone took up their entitlement for the full period of entitlement. Data is sourced from the Family Resources Survey and administrative benefit records. Latest published figures are available at:

<http://statistics.dwp.gov.uk/asd/index.php?page=irb>

14. Other National and Official Statistics issued by the Department for Work and Pensions

Details of other National and Official Statistics produced by the Department for Work and Pensions can be found on the DWP website at the following links:

- A list of Tabulation Tools: <http://statistics.dwp.gov.uk/asd/index.php?page=tabtool>;
- An A to Z list of DWP statistics: http://statistics.dwp.gov.uk/asd/index.php?page=statistics_a_to_z;
- A schedule of statistical releases over the next 12 months: <http://statistics.dwp.gov.uk/asd/index.php?page=schedule>;
- And a list of the most recent releases: <http://statistics.dwp.gov.uk/asd/index.php?page=recent>.
- In accordance with the Code of Practice for Official Statistics, all DWP National Statistics are also announced via the UK Statistics Authority publication hub at: http://www.statistics.gov.uk/hub/statistics-producers/publications/index.html?newquery=*&source-agency=Work+and+Pensions&pagetype=release-landing-page. In addition, users can find links to DWP additional statistical analyses that have not been included in our standard publications at http://statistics.dwp.gov.uk/asd/index.php?page=adhoc_analysis.
