7. Policy background

What is being done and why

- 7.1 UK taxpayers with investments in offshore reporting funds pay tax on their share of a fund’s reportable income, and tax on any capital gains when they dispose of their shares or units.

- 7.2 A review of reports made by reporting funds has shown that where performance fees are charged by investment managers to such funds they can substantially reduce or eliminate investors' reportable income, even though they are charged by reference to the increase in value of a fund's assets rather than to its reportable income.
- 7.3 This instrument makes changes to the principal Regulations so that such fees will no longer be deductible against reportable income but will instead reduce any gain on disposal.
- 7.4 The changes will apply to the calculation of reportable income for reporting periods commencing on or after 1 April 2017.

Consolidation

- 7.5 This instrument makes minor changes to the principal Regulations. There are no current plans to consolidate these changes into the principal Regulations.

8. Consultation outcome

- 8.1 Comments are invited on this instrument by 27 January 2017.

9. Guidance

- 9.1 The existing guidance in the HMRC Offshore Funds Manual (available at <https://www.gov.uk/hmrc-internal-manuals/offshore-funds-manual>) will be updated at the next general update, which is expected to be by July 2017.

10. Impact

- 10.1 The impact on business, charities or voluntary bodies is expected to be negligible. Affected businesses will incur negligible one-off costs of familiarisation with the new rules and making a minor adjustment to a calculation. There are not expected to be any on-going costs, or any impact on charities or voluntary bodies.
- 10.2 The impact on the public sector is negligible.
- 10.3 A Tax Information and Impact Note covering this instrument will be published on the website at <https://www.gov.uk/government/collections/tax-information-and-impact-notes-tiins>

11. Regulating small business

- 11.1 The legislation applies activities that are undertaken by small businesses.
- 11.2 No specific action is proposed to minimise regulatory burdens on small businesses.
- 11.3 The basis for the final decision on what action to take to assist small businesses was that, although the changes do not discriminate between businesses few, if any, small businesses are affected. The impact on small and micro businesses is negligible.
