

Army Basing - Salisbury Plain

Planning Applications

Under the Army Basing Programme, 4,300 army personnel plus their families are relocating to the Salisbury Plain area. This exhibition provides information on the emerging proposals to accommodate the additional Service families and gives you the opportunity to review and comment on the plans ahead of planning applications being submitted to Wiltshire Council in the Spring. The proposals are the product of extensive public consultation on wider plans for the area outlined in the Salisbury Plain Masterplan. All comments will be collated within a Statement of Community Involvement for each development.

For the purposes of recording and collating responses we would like your contact details, however these can be left blank if you prefer:
