

## **Freedom of Information request 2791/2014**

**Received 30 June 2014**

**Published**

### **Information request**

Could you please tell me if people on the Community Work Placement (CWP) scheme still fall under the classification of 'unemployed' when figures are passed to the Office of National Statistics (ONS)?

### **DWP response**

I can confirm that participants on Community Work Placements continue to receive Jobseeker's Allowance (JSA) and are included in the figures provided to ONS which it publishes as the JSA claimant count.
