

Annex B: Standard Impact assessment for Ingleby Manor Free School & 6th Form

1. Permanent site – Little Maltby Farm

School name	Distance from free school	School type	Capacity	Attainment data (2012/13)	Ofsted grade	Impact rating
All Saints Academy	0.9	11-16 age range Academy Converter Church of England Mixed	600 places No surplus places	87% of pupils achieved 5A*-C inc English and maths.	Good Inspection date: 04/12/2008	Minimal Opening the free school is unlikely to have an impact. This school is historically oversubscribed. Parents chose this school for faith and academic reasons.
Conyers School	1.9	11-18 age range Academy Converter Not a faith school Mixed	1366 places Overall surplus 83 places (6.1%)	70% of pupils achieved 5A*-C inc English and maths.	Outstanding Inspection date: 05/10/2010	Minimal – this school is of good quality and is usually oversubscribed or within the tolerance for surplus and will have increased numbers in the coming years due to increased housing in the local area.
Thornaby Academy	2.5	11-16 age range Academy Sponsor Led	750 places Overall surplus of 272 school places (36.3% of total school capacity)	51% of pupils achieved 5A*-C inc English and maths.	Inadequate Inspection date: 10/10/2012	Moderate – The opening of the free school may have moderate impact as this school. It has poor results and high levels of surplus places but is only likely to lose low numbers of pupils to the free school as its catchment is quite small and only a small percentage of that covers Thornaby.
St Patricks Catholic College	2.6	11-16 age range Voluntary Aided School Roman Catholic Mixed	556 places No surplus places	65% of pupils achieved 5A*-C inc English and maths.	Good Inspection date: 03/07/2013	Minimal. Opening the free school is unlikely to have an impact. This school is historically oversubscribed. Parents chose this school for faith and academic reasons.
Egglescliffe School	3.0	11-18 age range Community School Not a faith school Mixed	1434 places No surplus places	73% of pupils achieved 5A*-C inc English and maths.	Outstanding Inspection date: 09/05/2013	Minimal – Opening the free school is unlikely to have an impact. This school is historically oversubscribed and will have increased numbers in the coming years due to increased housing in the local area.
College name	Distance from free school	College type	Capacity	Attainment data (2013)	Ofsted grade	Impact rating

Stockton Riverside College	3.8	General Further Education College	3673 learners 47.3% of learners are aged 16-18	The average points score per student at level 3 is 557.4	Requires Improvement Inspection: 16/11/2012	Minimal This college offers a wide range of courses mainly BTEC and vocational rather than A Levels and has seen an improvement in results since its last Ofsted. Over 50% of students are over 18. Ingleby Manor will be a small 6 th form (150 places) so unlikely to make any impact.
Stockton Sixth Form College	4.6	Sixth Form College (General)	793 learners 99.9% of learners are aged 16-18	The average points score per student at level 3 is 752.2	Requires Improvement Inspection: 19/10/2012	Moderate This college offers a wide range of A Levels and BTEC courses and has seen an improvement in results since its last Ofsted. Although it is a smallish college it is unlikely that 150 places will have a significant impact on its delivery.
Middlesbrough College	5.9	Tertiary College	5149 learners 62.4% of learners are aged 16-18	The average points score per student at level 3 is 526.3	Good Inspection date: 04/03/2011	Minimal This is a very large college which has maintained its good results since its inspection. It is in the process of building a STEM centre of excellence to enhance its educational offer. These factors and the small number of place at Ingleby Manor mean that the impact is most likely minimal.

2. Temporary site – Jay Avenue

School name	Distance from free school	School type	Capacity	Attainment data (2012/13)	Ofsted grade	Impact rating
All Saints Academy	1.3	11-16 age range Academy Converter Church of England Mixed	600 places No surplus places	87% of pupils achieved 5A*-C inc English and maths.	Good Inspection date: 04/12/2008	Minimal Opening the free school is unlikely to have an impact. This school is historically oversubscribed. Parents chose this school for faith and academic reasons.
Thornaby Academy	1.8	11-16 age range Academy Sponsor Led	750 places Overall surplus of 272 school places (36.3% of total school)	51% of pupils achieved 5A*-C inc English and maths.	Inadequate Inspection date: 10/10/2012	Moderate. The opening of the free school may have moderate impact. The free school catchment is quite small and only a small percentage covers Thornaby.

			capacity)			
St Patricks Catholic College	1.9	11-16 age range Voluntary Aided School Roman Catholic Mixed	556 places No surplus places	65% of pupils achieved 5A*-C inc English and maths.	Good Inspection date: 03/07/2013	Minimal Opening the free school is unlikely to have an impact. This school is historically oversubscribed. Parents chose this school for faith and academic reasons.
Acklam Grange School A Specialist Technology College for Maths and Computing	2.2	11-16 age range Community School Not a faith school Mixed	1474 places Overall surplus 75 places (5.1%).	58% of pupils achieved 5A*-C inc English and maths. Well below average	Satisfactory Inspection date: 14/06/2012	Minimal Opening the free school is unlikely to have an impact. Although the school is within a 3 mile radius of the temp site it is outside the catchment area for Ingleby Manor admissions.
Outwood Academy Acklam	2.5	11-16 age range Academy Sponsor Led Not a faith school Mixed	2268 places Overall surplus 1191 places (52.5%).	32% of pupils achieved 5A*-C inc English and maths	No Ofsted grade Not yet inspected	Minimal Opening the free school is unlikely to have an impact. Although the school is within a 3 mile radius of the temp site it is outside the catchment area for Ingleby Manor admissions.
